**Maimonides** Alberto Manguel, 2023-01-01 An exploration of Maimonides the medieval philosopher physician and religious thinker author of *The Guide of the Perplexed* from one of the world's foremost bibliophiles Moses ben Maimon or Maimonides 1138 1204 was born in Cordoba Spain The gifted son of a judge and mathematician Maimonides fled Cordoba with his family when he was thirteen due to Almohad persecution of all non Islamic faiths Forced into a long exile the family spent a decade in Spain before settling in Morocco From there Maimonides traveled to Palestine and Egypt where he died at Saladin's court As a scholar of Jewish law a physician and a philosopher Maimonides was a singular figure His work in extracting all the commanding precepts of Jewish law from the Hebrew Bible and the Talmud interpreting and commenting on them and translating them into terms that would allow students to lead sound Jewish lives became the model for translating God's word into a language comprehensible by all

His work in medicine which brought him such fame that he became Saladin's personal physician was driven almost entirely by reason and observation. In this biography Alberto Manguel examines the question of Maimonides' universal appeal; he was celebrated by Jews, Arabs, and Christians alike. In our time when the need for rationality and recognition of the truth is more vital than ever, Maimonides can help us find strategies to survive with dignity in an uncertain world. **The Scandal of a Divine Messiah** Brian J. Crawford, 2024-12-30. In this groundbreaking book, Brian J. Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians. His focus is on a scandalous claim: God became a man as Jesus of Nazareth. Since the Middle Ages, Jewish philosophers have said such an idea is impossible and absurd, and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks. By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology, Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures, consistent with history, informed by science, and illuminated by philosophical inquiry. Included within is a deep interaction with Maimonides' *Guide to the Perplexed*, the Jewish mystical tradition, historical Christian orthodoxy, and Messianic Jewish theology. This landmark study promises to reinvigorate Jewish-Christian discourse on the nature of God, the Jewishness of the Trinity, and the incarnation, and the role of philosophy in Judaism and Christianity. Judaism, **Abrahamic Religions**, With Perfect Faith J. David Bleich, 1983. Representative selections from the writings of major medieval Jewish philosophers are used to explain and heighten awareness of crucial areas of Jewish belief. They refute the notion that Judaism has no dogmas. *Thirteen Principles of Faith* Moses Maimonides, 2007. *Maimonides' Essential Teachings on Jewish Faith and Ethics*, 2011. No Jewish thinker has had a more significant impact on Jewish religious thought than Moses Maimonides. In this examination of Maimonides' theological and philosophical teachings, Rabbi Marc D. Angel opens up for us Maimonides' views on the nature of God, providence, prophecy, free will, human nature, repentance, and more. **Principles of the Jewish Faith** Louis Jacobs, 2008-11-06. All the fundamental tenets of Judaism as expressed in the Thirteen Principles of Faith laid down by Maimonides are subjected to a brilliant, courageous interpretation, a major work. Messiah in the Passover Darrell L. Bock, Mitch Glaser, 2017. Nothing provided. **Reflections on Issues in Judaic Law and Lore** Dr. Martin Sicker, 2023-02-22. The fundamental basis of Judaism as is well known is the Torah; the teachings contained in the Pentateuch, the five biblical books, the composition of which is traditionally attributed to Moses. These teachings may be grouped in two basic categories: matters between man and man individually as well as societally, and matters between man and God. The basic guidelines that apply in matters between man and man are referred to as *mishpatim* or ordinances, whereas those applying to matters between man and God are referred to as statutes. The fundamental distinction between the two categories is that the ordinances are subject to human judgment, whereas the statutes are not; the divine reason for them is a mystery about which people may speculate but cannot know for certain. The present work is primarily concerned with four

statutes that have direct and significant impact on the lives of those committed to compliance with them Since simply rejecting any of them is not an acceptable option over the millennia since their codification in the Torah efforts have been made to deal with them under conditions that are significantly different from those that prevailed at the beginning of their revelation Given that the statutes as set forth in the Torah cannot be tampered with issues have been raised regarding how they are to be applied in the contemporary Jewish world These reflections are not intended to propose answers to those issues but only to clarify their significance and their present treatment in the various schools of Judaic thought

**God's Quest** Lyman C.D. Kulathungam, 2019-12-09 Why bother with God when he is viewed as a sacred superstition a discarded non entity or a pretext for religious wars Jews and Christians have doubted and discarded God at many times throughout the ages and have also justified countless conflicts in his name Their history however tells a different story Here we observe the historical reality of God's relentless quest to relate with people whether Jew or gentile Despite significant differences between these communities this is the DNA that binds them and places them in a paradigm different from the one articulated in The Quest Christ Amidst the Quest where people are seeking to be freed from their predicament The Judeo Christian narrative shows God's incessant quest orchestrated through various channels such as scriptural revelation miraculous interventions covenantal commitments divine presence in the tabernacle or the temple God's sacrificial incarnation in Christ and the advent of the anticipated Jewish Messiah The narrative climaxes in a grand finale when humans and their habitat will be ushered into an age of peace and harmony Journeying through such a narrative will provide assurance that God is walking with you amidst life's turmoil and that the best is yet to be

Global Dialogues in the Philosophy of Religion Yujin Nagasawa, Mohammad Saleh Zarepour, 2024 Leading scholars representing the world's five great religious traditions Buddhism Hinduism Judaism Christianity and Islam discuss fundamental philosophical questions on revelation and religious experience analysis of faith science and religion the foundation of morality and life and the afterlife

*Seeing God Through Science* Barry David Schoub, 2019-08-27 It has been said that science and religion aren't friends Indeed science and scientists are preferably shunned in conservative religious circles Seeing God through Science however emphatically dispels that notion This book compellingly shows how science is in point of fact a potent support for religious faith From the powerful universal biological drives of living organisms to the unimaginable vastness of the universe science cogently frames the fundamental questions of meaning and purpose Answers to these questions however lie outside science It is solely through religious revelation that acceptable answers close the circle of enquiry into truth In addition examples from the sciences of genetics and cosmology illustrate the typical pattern of metascience i.e the process of science which advances toward a frontier only to generate further avenues of exploration but never reaches a finality of knowledge Thus metascience steers enquiry to a supernatural reality answerable only through religious revelation This book shows how modern science is now entering a new phase where what is unattainable by the science of nature constitutes a message to humankind that

there exists a supernatural being who created and controls the universe Modern science is now coming to prove God

*Redemption of the Lost Tribes* Rick Richardson, 2023-06-28 Rick Richardson takes us back in time from the fall of man to the Abrahamic covenant the kingdom of Israel and the separation of the Ten Lost Tribes of Israel from the southern kingdom of Judah He explores the Messianic Age and notes that this will only happen once Israel is redeemed turns back to God and the Ten Lost Tribes return to their homeland Redemption of the Lost Tribes cuts through myths and misunderstandings carried over the years regarding the End Time prophecies with great Biblical exposition Pacific Book Review [The Aryeh Kaplan Anthology](#) Aryeh Kaplan, 1991 In this volume published by the OU and NCSY Rabbi Aryeh Kaplan asks hard questions about Judaism and its commandments and he gives compelling answers that have broadened the horizons of countless
