symphonies in the following decade did this flourishing school find a champion of international renown In this publication light is shone on those works that have to some extent been overshadowed as well as on those that have remained unpublished or unperformed The result is a multi faceted panorama of British symphonism offering many insights into the composers thinking and their socio cultural contexts A comprehensive catalogue of all known works and an extensive bibliography invite readers to delve further into the subject Music Trades ,1919 **Music News** ,1912 **Music** ,1898
