Sachar, 1993-11-02 Spanning 350 years of Jewish experience in this country A History of the Jews in America is an essential chronicle by the author of The Course of Modern Jewish History With impressive scholarship and a riveting sense of detail Howard M Sachar tells the stories of Spanish marranos and Russian refugees of aristocrats and threadbare social revolutionaries of philanthropists and Hollywood moguls At the same time he elucidates the grand themes of the Jewish encounter with America from the bigotry of a Christian majority to the tensions among Jews of different origins and beliefs and from the struggle for acceptance to the ambivalence of assimilation

The Ocean Hill-Brownsville Conflict Glen Anthony Harris, 2012-05-18 The history of Black Jewish relations from the beginning of the twentieth century shows that while they were sometimes partners of convenience there was also a deep suspicion of each other that broke out into frequent public exchanges During the twentieth century the entanglements of both groups have at times provided an important impetus for social justice in the United States and at other times have been the cause of great tension The Ocean Hill Brownsville Conflict explores this fraught relationship which is evident in the intellectual lives of

these communities The tension was as apparent in the life and works of Marcus Garvey Richard Wright and James Baldwin as it was in the exchanges between blacks and Jews in intellectual periodicals and journals in the 1940s 1950s and 1960s The Ocean Hill Brownsville conflict was rooted in this tension and the longstanding differences over community control of school districts and racial preferences Afro-American Life, History and Culture ,1985 New Historical Literary Study Jeffrey N. Hartnett points to his stint in prison as a young man after a widely publicized conviction for investment fraud during the Great Depression as the root of his empathy for the underdog in any story. During World War II the cigar smoking bourbon loving raconteur landed in Charlotte North Carolina and founded the Carolina Israelite newspaper which was published into the 1960s. Golden's writings on race relations and equal rights attracted a huge popular readership. Golden used his celebrity to editorialize for civil rights as the momentous story unfolded. He charmed his way into friendships and lively correspondence with Carl Sandburg, Adlai Stevenson, Robert Kennedy and Billy Graham among other notable Americans and he appeared on the Tonight Show as well as other national television programs. Hartnett's spirited chronicle captures Golden's message of social inclusion for a new audience today.

Blackface, White Noise Michael Rogin, 1996. The tangled connections that have bound Jews to African Americans in popular culture and liberal politics are at the heart of this text. It explores blackface in Hollywood films as an aperture to various broader issues.

A Second Chicago School? Gary Alan Fine, 1995-09. From 1945 to about 1960 the University of Chicago was home to a group of faculty and graduate students whose work has come to define what many call a second Chicago School of sociology. Like its predecessor earlier in the century the postwar department was again the center for qualitative social research on everything from mapping the nuances of human behavior in small groups to seeking solutions to problems of race, crime and poverty. Howard Becker, Joseph Gusfield, Herbert Blumer, David Riesman, Erving Goffman and others created a large enduring body of work. In this book leading sociologists critically confront this legacy. The eight original chapters survey the issues that defined the department's agenda: the focus on deviance, race and ethnic relations, urban life and collective behavior, the renewal of participant observation as a method and the refinement of symbolic interaction as a guiding theory and the professional and institutional factors that shaped this generation including the leadership of Louis Wirth and Everett C. Hughes, the role of women and the competition for national influence. Chicago sociology faced from survey research at Columbia and grand theory at Harvard. The contributors also discuss the internal conflicts that call into question the very idea of a unified school.

Dudley Randall, Broadside Press, and the Black Arts Movement in Detroit, 1960-1995 Julius E.

Thompson, 2005-02-15. In 1965 Dudley F. Randall founded the Broadside Press, a company devoted to publishing, distributing and promoting the works of black poets and writers. In so doing he became a major player in the civil rights movement. Hundreds of black writers were given an outlet for their work and for their calls for equality and black identity. Though Broadside was established on a minimal budget, Randall's unique skills made the press successful. He was trained as a librarian and had spent decades studying and writing poetry. Most importantly, Randall was totally committed to the advancement of black literature. The famous and relatively unknown sought out Broadside, including such writers as Gwendolyn Brooks, Margaret Walker, Mae Jackson, Lance Jeffers, Etheridge Knight, Sonia Sanchez, Nikki Giovanni, Audre Lorde and Sterling D. Plumpp. His story is one of battling to promote black identity and equality through literature and thus lifting
