Mainstreams In American Aesthetics A Mar:

Music Cultures in the United States Ellen Koskoff, 2005-08-17 *Music Cultures in the United States* is a basic textbook for an Introduction to American Music course. Taking a new fresh approach to the study of American music, it is divided into three parts. In the first part, historical, social, and cultural issues are discussed, including how music history is studied, issues of musical and social identity, and institutions and processes affecting music in the U.S. The heart of the book is devoted to American musical cultures: American Indian, European, African American, Latin American, and Asian American. Each cultural section has a basic introductory article followed by case studies of specific musical cultures. Finally, global musics are addressed, including Classical Musics and Popular Musics as they have been performed in the U.S. Each article is written by an expert in the field, offering in-depth, knowledgeable yet accessible writing for the student. The accompanying CD offers musical examples tied to each article. Pedagogic material includes chapter overviews, questions for study, and a chronology of key musical events in American music and definitions in the margins.

Into the Mainstream Jorge Febles, 2009-03-26 *Into the Mainstream: Essays on Spanish American and Latino Literature and Culture* is a direct outgrowth of Jorge Febles's involvement with the annual conference of the American Culture Association and the Popular Culture Association. In that sense, the compilation expands on a project initiated in 1993 by Helen Ryan Ransom with her book *Imagination, Emblems, and Expressions: Essays on Latin American Caribbean and Continental Culture and Identity*. Bowling Green, Ohio: Bowling Green State University Popular Press, 1993. David William Foster, who penned a lengthy preface to that collection, justified its intent by underscoring the very fact that our approach to culture is dominated by categories based on high academic institutionalized phenomena. From the very outset, the question of how to deal with all those other cultural manifestations that do not comfortably assimilate to the accepted canon. Ryan Ransom, 3. The past fourteen years, however, have witnessed a radical transformation of that so-called canon due to the widespread acceptance of ideas espoused by cultural theorists like García Canclini, Homi Bhabha, Said, Stuart Hall, Benhabib, Bourdieu, and countless others. Therefore, the ambivalence regarding what constitutes culture identified by Foster is inoperative nowadays to a substantial degree. In fact, a fundamental component of the postmodern outlook resides in the ability to blend comfortably the high and the low, the elitist and the popular realms of production in a multiplicity of textual artifacts, creative as well as critical in nature. Hence, the essays that conform *Into the Mainstream* do not question barriers anymore, nor do they expound on the need to assign a discursive intellectual space to matters pertaining to popular culture. Thus, this collection espouses an inclusive approach in which a variety of analytical approaches coalesce to reflect on an equally kaleidoscopic textuality. Pursuant to its comprehensive nature, *Into the Mainstream* airs established as well as developing critical voices so as to reflect both ideological continuity and evolving viewpoints. Scholars who have compiled strong academic records like Hortensia Morell, Raquel Rivas Rojas, Elsa Gilmore, David Petreman, and Benjamín Torres Caballero share a venue with younger critics like

Corey Shouse Tourino Roberto Vela C rdova Stacy Hoult Eduardo del R o Bruce Campbell Laura Redruello Dinora Cardoso and April Marshall as well as with two graduate students about to complete their academic preparation Nuria Ib ez Quintana and Mar a Teresa Vera Rojas The result is an eclectic compilation meant to elicit discussion on the basis of its variety Into the Mainstream s primordial objective is to place these provocative essays which are expanded versions of papers presented during the annual gathering of the American Culture Association and the Popular Culture Association in the period 2002 2005 along with the numerous subjects they treat in the academic mainstream where they rightfully belong **Latina/os and the Media** Angharad N. Valdivia, 2010-02-15 The US mainstream media have a love and hate relationship with Latina os This book brings together the scholarship of communication studies scholars working on issues of Latinidad and presents it in a coherent vibrant and accessible form to shed light on the complex relationship between Latina os and the media

Worlding Latin America Marco Ramírez Rojas, José Carlos Díaz Zanelli, 2025-03-03 This book offers a contribution to contemporary discussions in the field of Latin American critical theory and literary dialogues by incorporating understudied archives and opening new lines of inquiry from a global perspective Organized around the central themes of transatlantic and transpacific connections the construction of world literary canons that include the Latin American continent and the cultural tensions between local and global intellectual practices this volume provides a comprehensive examination of several key theoretical and literary interventions Essays in this volume discuss issues of translatability geographical imaginaries local iterations of orientalist discourses the construction of editorial networks and the global circulation of cultural commodities

Guys Like Us Michael Davidson, 2004 Guys Like Us considers how writers of the 1950s and 60s struggled to craft literature that countered the politics of consensus and anticommunist hysteria in America and how notions of masculinity figured in their effort Michael Davidson examines a wide range of postwar literature from the fiction of Jack Kerouac to the poetry of Gwendolyn Brooks Frank O Hara Elizabeth Bishop and Sylvia Plath He also explores the connection between masculinity and sexuality in films such as Chinatown and The Lady from Shanghai as well as television shows plays and magazines from the period What results is a virtuoso work that looks at American poetic and artistic innovation through the revealing lenses of gender and history **The Africanist Aesthetic in Global Hip-Hop** H. Osumare, 2016-09-23 Asserting that hip hop culture has become another locus of postmodernity Osumare explores the intricacies of this phenomenon from the beginning of the Twenty First century tracing the aesthetic and socio political path of the currency of hip hop across the globe

Bibliography on Medical Education National Library of Medicine (U.S.), 1966 *Interracial Encounters* Julia H. Lee, 2011-10-01 2013 Honorable Mention Asian American Studies Association s prize in Literary Studies Part of the American Literatures Initiative Series Why do black characters appear so frequently in Asian American literary works and Asian

characters appear in African American literary works in the early twentieth century *Interracial Encounters* attempts to answer this rather straightforward literary question arguing that scenes depicting Black Asian interactions relationships and conflicts capture the constitution of African American and Asian American identities as each group struggled to negotiate the racially exclusionary nature of American identity In this nuanced study Julia H Lee argues that the diversity and ambiguity that characterize these textual moments radically undermine the popular notion that the history of Afro Asian relations can be reduced to a monolithic media friendly narrative whether of cooperation or antagonism Drawing on works by Charles Chesnutt Wu Tingfang Edith and Winnifred Eaton Nella Larsen W E B Du Bois and Younghill Kang *Interracial Encounters* foregrounds how these reciprocal representations emerged from the nation s pervasive pairing of the figure of the Negro and the Asiatic in oppositional overlapping or analogous relationships within a wide variety of popular scientific legal and cultural discourses Historicizing these interracial encounters within a national and global context highlights how multiple racial groups shaped the narrative of race and national identity in the early twentieth century as well as how early twentieth century American literature emerged from that multiracial political context

Black Masculinity and the U.S. South

Riché Richardson,2010-01-25 This pathbreaking study of region race and gender reveals how we underestimate the South s influence on the formation of black masculinity at the national level Many negative stereotypes of black men often contradictory ones have emerged from the ongoing historical traumas initiated by slavery Are black men emasculated and submissive or hypersexed and violent Nostalgic representations of black men have arisen as well think of the philosophical hardworking sharecropper or the abiding upright preacher To complicate matters says Rich Richardson blacks themselves appropriate these images for purposes never intended by their mostly white progenitors Starting with such well known caricatures as the Uncle Tom and the black rapist Richardson investigates a range of pathologies of black masculinity that derive ideological force from their associations with the South Military policy black liberation discourse and contemporary rap she argues are just some of the instruments by which egregious pathologies of black masculinity in southern history have been sustained Richardson s sources are eclectic and provocative including Ralph Ellison s fiction Charles Fuller s plays Spike Lee s films Huey Newton s and Malcolm X s political rhetoric the O J Simpson discourse and the music production of Master P the Cash Money Millionaires and other Dirty South rappers Filled with new insights into the region s role in producing hierarchies of race and gender in and beyond their African American contexts this new study points the way toward more epistemological frameworks for southern literature southern studies and gender studies

The Aesthetics and Affects of Cuteness Joshua Paul Dale, Joyce Goggin, Julia Leyda, Anthony P. McIntyre, Diane Negra, 2016-12-08 Cuteness is one of the most culturally pervasive aesthetics of the new millennium and its rapid social proliferation suggests that the affective responses it provokes find particular purchase in a contemporary era marked by intensive media saturation and spreading economic precarity Rejecting superficial assessments that would deem the ever expanding plethora of cute texts trivial *The Aesthetics and Affects of Cuteness* directs serious scholarly attention from a variety of academic disciplines to this ubiquitous phenomenon The sheer plasticity of this minor aesthetic is vividly on display in this collection which draws together analyses from around the world examining cuteness's fundamental role in cultural expressions stemming from such diverse sources as military cultures high end contemporary art worlds and animal shelters Pushing beyond prevailing understandings that associate cuteness solely with childhood or which posit an interpolated parental bond as its primary affective attachment the essays in this collection variously draw connections between cuteness and the social political economic and technological conditions of the early twenty first century and in doing so generate fresh understandings of the central role cuteness plays in the recalibration of contemporary subjectivities
