Matter Of Opinion:

The Edinburgh Review, 1850 **Opinion and Matter of Fact, Or, A Seasonable Caution to the Present Conv-----n**
,1711 **The Strikers of Coachella** Christian O. Paiz,2022-12-06 The past decades have borne witness to the United Farm Workers UFW tenacious hold on the country's imagination Since 2008 the UFW has lent its rallying cry to a presidential campaign and been the subject of no less than nine books two documentaries and one motion picture Yet the full story of the women men and children who powered this social movement has not yet been told Based on more than 200 hours of original oral history interviews conducted with Coachella Valley residents who participated in the UFW and Chicana o movements as well as previously unused oral history collections of Filipino farm workers bracero workers and UFW volunteers throughout the United States this stirring history spans from the 1960s and 1970s through the union's decline in the early 1980s Christian O Paiz refocuses attention on the struggle inherent in organizing a particularly vulnerable labor force especially during a period that saw the hollowing out of virtually all of the country's most powerful labor unions He emphasizes that telling this history requires us to wrestle with the radical contingency of rank and file agency an agency that often overflowed the boundaries of individual intentions By drawing on the voices of ordinary farmworkers and volunteers Paiz reveals that the sometimes heroic sometimes tragic story of the UFW movement is less about individual leaders and more the result of a collision between the larger anti union currents of the era and the aspirations of the rank and file **The Dialogues of Plato** Benjamin Jowett,2024-03-27 Reprint of the original first published in 1875 *The Republic* Plato,2022-09-08 Reproduction of the original **The Dialogues of Plato** B. Jowett,2023-11-20 Reprint of the original first published in 1875 *Western Philosophy* John G. Cottingham,2021-07-02 The new edition of this celebrated anthology surveys the Western philosophical tradition from its origins in ancient Greece to the work of today's leading philosophers *Western Philosophy An Anthology* provides an authoritative guided tour through the great tradition of Western philosophical thought The seminal writings of the great philosophers along with more recent readings of contemporary interest are explored in 144 substantial and carefully chosen extracts each preceded by a lucid introduction guiding readers through the history of a diverse range of key arguments and explaining how important theories fit into the unfolding story of Western philosophical inquiry Broad in scope the anthology covers all the main branches of philosophy theory of knowledge and metaphysics logic and language philosophy of mind the self and freedom religion and science moral philosophy political theory aesthetics and the meaning of life all in self contained parts which can be worked on by students and instructors independently The third edition of the Anthology contains newly incorporated classic texts from thinkers such as Aquinas Machiavelli Descartes William James and Wittgenstein Each of the 144 individual extracts is now followed by sample questions focusing on the key philosophical problems raised by the excerpt and accompanied by detailed further reading suggestions that include up to date links to online resources Also new to this edition is an introductory essay written by John

Cottingham which offers advice to students on how to read and write about a philosophical text Part of the Blackwell Philosophy Anthologies series Western Philosophy An Anthology Third Edition remains an indispensable collection of classic source materials and expert insights for both beginning and advanced university students in a wide range of philosophy courses

The Vocabulary of Philosophy, Mental, Moral and Metaphysical William Fleming,1866 *The Utopia Reader* Gregory Claey's, Lyman Tower Sargent,1999-11 Child molesting priests embezzled church treasures philandering ministers and rabbis even church endorsed pyramid schemes that defraud gullible parishioners of millions of dollars for the past decade clergy misconduct has seemed continually to be in the news Is there something about religious organizations that fosters such misbehavior Bad Pastors presents a range of new perspectives and solidly grounded data on pastoral abuse investigating sexual misconduct financial improprieties and political and personal abuse of authority Rather than focusing on individuals who misbehave the volume investigates whether the foundation for clergy malfeasance is inherent in religious organizations themselves stemming from hierarchies of power in which trusted leaders have the ability to define reality control behavior and even offer or withhold the promise of immortality Arguing that such phenomena arise out of organizational structures the contributors do not focus on one particular religion but rather treat these incidents from an interfaith perspective Bad Pastors moves beyond individual case studies to consider a broad range of issues surrounding clergy misconduct from violence against women to the role of charisma and abuse of power in new religious movements Highlighting similarities between other forms of abuse such as domestic violence the volume helps us to conceptualize and understand clergy misconduct in new ways **The Kentucky Law Reporter** Edward Warren Hines, William Pope Duvall Bush, John Cleland Wells, Frank L.
