Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

Eccentric Lives and Peculiar Notions John Michell, 1999-04 Takes us into the bizarre and often humorous lives of such people as Lady Blount who was sure that the earth is flat Cyrus Teed who believed that the earth is a hollow shell with us in the inside Edward Hine who believed that the British are the lost Tribes of

Israel and Baron de Guldenstubbé who was sure that statues wrote him letters British writer and housewife Nesta Webster devoted her life to exposing international conspiracies and Father O Callaghan devoted his to opposing interest on loans The extraordinary characters in this book were and in some cases still are wholehearted enthusiasts for the various causes and outrageous notions they adopted and John Michell describes their adventures with spirit and compassion Conspiracy Culture Dr Peter Knight, Peter Knight, 2013-04-15 Conspiracy theories are everywhere in post war American culture From postmodern novels to The X Files and from gangsta rap to feminist polemic there is a widespread suspicion that sinister forces are conspiring to take control of our national destiny our minds and even our bodies Conspiracy explanations can no longer be dismissed as the paranoid delusions of far right crackpots Indeed they have become a necessary response to a risky and increasingly globalized world in which everything is connected but nothing adds up Peter Knight provides an engaging and cogent analysis of the development of conspiracy culture from 1960s countercultural suspicions about the authorities to the 1990s where a paranoid attitude is both routine and ironic Conspiracy Culture analyses conspiracy narratives about familiar topics like the Kennedy assassination alien abduction body horror AIDS crack cocaine the New World Order as well as more unusual ones like the conspiracies of patriarchy and white supremacy Conspiracy Culture shows how Americans have come to distrust not only the narratives of the authorities but even the authority of narrative itself to explain What Is Really Going On From the complexities of Thomas Pynchon's novels to the endless mysteries of The X Files Knight argues that contemporary conspiracy culture is marked by an infinite regress of suspicion Trust no one because we have met the enemy and it is us **HAARP** Jerry E. Smith, 1998 Appendix Bernard Eastlund's 1987 patent p 245 256 **Stonehenge and the Great Pyramid** Bonnie Gaunt, 1997 This first book on the sacred geometry of these two ancient and mystical sites the Great Pyramid and Stonehenge is a fascinating study of the geometry and inner mathematics encompassed by and encoded in these structures Gaunt concludes that the numbers encoded into these ancient structures are modern man's tangible link with antiquity and that together Stonehenge and the Great Pyramid may be a window through which the secrets of the universe and the origins of creation can be glimpsed *The Truth Behind the Christ Myth* Mark Amaru Pinkham, 2002-04 Return of the Serpents of Wisdom and Conversations With the Goddess author Pinkham tells us the Truth Behind the Christ Myth and presents radically new information regarding Jesus Christ and his ancient legend includes The legend of Jesus Christ is based on a much earlier Son of God myth from India the legend of Murrugan the Peacock Angel The symbol of the Catholic Church is Murrugan's symbol the peacock a bird native to south east Asia Murrugan evolved into the Persian Mithras and Mithras evolved into Jesus Christ Saint Paul came from Tarsus the centre of Mithras worship in Asia Minor He amalgamated the legend of the Persian Son of God onto Jesus' life story The Three Wise Men were Magi priests from Persia who believed that Jesus was an incarnation of Mithras While in India Saint Thomas became a peacock before he died and merged with Murrugan the Peacock Angel The Emperor Constantine the first Christian Emperor of the Roman

Empire was a lifelong devotee of Mithras He was baptised Christian on his deathbed The myth of the One and Only Son of God originated with Murrugan and Mithras The Shadow Government Len Bracken,2002 This book presents the alarming evidence that nation states actively engage in terror and also passively allow terror to be visited upon their citizens It is not just liberation movements and radical groups that deploy terrorist tactics for offensive ends States use terror defensively to directly intimidate their citizens and to indirectly attack themselves or harm their citizens under a false flag Their motivation To provide pretexts for otherwise unwanted wars or to gain increased police powers Statesmen have executed indirect terrorism in various ways but most plots tend to involve the pretence of blind eyes misdirection and cover ups that give the statesmen plausible deniability The shrinking of the Lusitania the bombing of Pearl Harbour the October Surprise the first World Trade Center bombing the Oklahoma City bombing and other well known incidents suggest that terrorism is often successfully used by states to take the offensive against enemies at home and abroad Was 9 11 such an indirect defensive attack Len Bracken traces the clues circumstantially connecting a multi armed hydra of oil interests the CIA FBI diplomats and statesmen to the September 11 attacks and examines whether they were engineered or allowed as a pretext for the war in Afghanistan The subsequent anthrax attack targeting Democratic senators is considered in light of the controversial USA Patriot Acts rights encroaching measures and the act s easy passage under conditions of terror A shadow government appears to have covered the land like black ice Mary Magdalene William Henry,2006 Could Mary Magdalene have been Jesus wife and the one who enlightened him Back cover Who Shot JFK? Robin Ramsay,2014-04-01 An updated edition discusses some startling recent work which seems to lead to an answer to the ultimate conspiracy theory After nearly 1000 books half a dozen journals two official inquiries several million pages of declassified documents dozens of TV documentaries and hundreds of websites is there anything left to say about the assassination of President John F Kennedy Hell yes The Kennedy assassination remains both the greatest whodunit of the post World War II era and the best route into recent U S history In this short book taking it as proved that Lee Harvey Oswald was indeed the patsy he claimed to be before he was murdered Robin Ramsay looks at the assassination through the work of the researchers who refused to buy the official cover up story that Lee Harvey Oswald was the assassin He explores the major alternative theories produced by the critics of the official version the major landmarks in the Kennedy assassination research and the disinformation produced on the subject since the event **Anti-gravity and the World Grid** David Hatcher Childress,1987 Learn the purpose of ley lines and ancient megalithic structures located on the grid Discover how the grid made the Philadelphia Experiment possible Explore Coral Castle and other mysteries including acoustic levitation Tesla shields and Scalar wave weaponry **The Tesla Papers** Nikola Tesla,2000 Nikola Tesla on free energy wireless transmission of power Cover *Mystery in Acambaro* Charles H. Hapgood,1999-12 The Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old however they depict such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax The

collection shows humans interacting with dinosaurs and various other monsters such as horned men Both Hapgood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past and that dinosaurs had not become extinct many millions of years ago as commonly thought David Hatcher Childress writes a lengthy introduction concerning Acambaro the latest testing and other evidence of living dinosaurs

Lost Continents & the Hollow Earth David Hatcher Childress, Richard S. Shaver, 1999 This book is Childress thorough examination of the early hollow earth stories of Richard Shaver and the fascination that fringe fantasy subjects such as lost continents UFOs and the hollow earth have had on people Shaver s rare 1948 book I Remember Lemuria is reprinted in its entirety and the book is packed with illustrations from Ray Palmer s Amazing Stories issues of the 1940s Childress discusses famous hollow earth books and delves deep into whatever reality may be behind the stories of tunnels underground

Lost Cities of China, Central Asia and India David Hatcher Childress, 1991 Explores some of the world s oldest and most remote countries in search of lost cities and ancient mysteries

Invisible Residents Ivan T. Sanderson, 2005 This book is a groundbreaking contribution to the study of the UFO enigma originally published over 30 years ago In this book Sanderson a renowned zoologist with a keen interest in the paranormal puts forward the curious theory that a oeOINTS Other Intelligences live under the Eartha TM s oceans This underwater parallel civilization may be twice as old as Homo sapiens he proposes and may have a oedeveloped what we call space flight Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle What better place to have an impenetrable base than deep within the oceans of the planet Yet if UFOs or at least some of them are coming from beneath our oceans or lakes does it necessarily mean that there is another civilization besides our own that is responsible In fact could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet Whatever their source Sanderson offers here an exhaustive study of USOs Unidentified Submarine Objects observed in nearly every part of the world He presents many well documented and exciting case studies of these unusual sightings more

Inside the Gemstone File Kenn Thomas, David Hatcher Childress, 1999 It s the most notorious rant in the history of conspiracy theories Consists of hundreds of letters hand written in many segments over a number of years by Bruce Roberts the creator of synthetic rubies According to Gemstone Hughes Aircraft stole Roberts rubies in 1960 for use in laser weapons research His subsequent investigation of the theft inspired Roberts to write the Gemstone letters tracking the secret history of the international mob and industrial espionage and their role in political intrigue In 1975 a 24 page chronology known as the Skeleton Key to The Gemstone File began to circulate and has now become a legendary classic of conspiracy literature

American Memory Hole Donald Jeffries, 2024-08-27 Donald Jeffries takes another deep dive down the historical rabbit holes with American Memory Hole How the Court Historians Promote Disinformation You will discover how cancel culture was born during the administration of Franklin D Roosevelt And how our

interventionist foreign policy was established during the Woodrow Wilson presidency Jeffries documents the tragically common atrocities committed by US troops beginning with the Mexican American War which became official policy under the total war and scorched earth strategy of Abraham Lincoln's bloodthirsty generals He recounts the shocking abuses of our military forces in countries like Mexico Haiti the Philippines and elsewhere Jeffries builds on his groundbreaking investigation into the murder of John F Kennedy Jr uncovering even more evidence of conspiracy and cover up He talked to people no researcher has talked to before in a powerful new section on the assassination of President John F Kennedy Jeffries explores the Kennedy family in general and finds that the establishment especially the Left continues to treat them unfairly The events of September 11 2001 and the Oklahoma City Bombing are investigated in depth as never before There is stunning new information on much maligned Senator Joseph McCarthy who emerges here not as some irredeemable monster but as a genuine American patriot who has been demeaned in death even more than he was in life The reader will never look at the supposed heroes and villains of American history the same way again after reading this book History is written by the victors

UFOs, JFK, and Elvis Richard Belzer, 2009-09-09 The distinguished statesman of stand up comedy tackles some of the biggest conspiracies and cover ups this side of Roswell A must read You gotta love the Belz His sharp sense of humor doesn't allow him to miss an opportunity for laughs Playboy I'm not asking you to believe every single conspiracy theory you find in this book I didn't write this book to give you all the answers I wrote this book to inspire you to do what the powers that be wish you wouldn't question authority and to keep an eye out for Elvis Just what is it that they don't want you to know about the assassination of John F Kennedy Area 51 and what the American astronauts really found on the moon The unexplained crash at Roswell and the mysterious face on Mars The link between the Nazis and the U S space program Evidence of extraterrestrial experimentation Finally one lone nut exposes the conspiracy to keep conspiracies a dirty little secret standing up to the shadowy forces that would have us believe that Oswald acted alone those lights in the sky are weather balloons and fluoridated water is good for you yeah right Some of the smartest people I know find it easier and certainly more comforting to believe that America is the only country on earth with no conspiracies at all Just remember do not ask on whom The Belz has told he's told on them
