Nudes Index Peter Feierabend, 2000 The selection of works is not just a treasure trove for those working in the communications field but also a source of inspiration for every reader interested in nude photography *The Nude* Kenneth Clark, 2023-10-17 A landmark study of the nude in art from the ancient Greeks to Henry Moore by a towering figure in art history In this classic book Kenneth Clark one of the most eminent art historians of the twentieth century examines the ever changing fashion in what constitutes the ideal nude as a basis of humanist form from the art of the ancient Greeks to that of Renoir Matisse and Henry Moore The Nude reveals the sensitivity of aesthetic theory to fashion what distinguishes the naked from the nude and just why the nude has played such an important role in art history As Clark writes The nude gains its enduring value from the fact that it reconciles several contrary states It takes the most sensual and immediately interesting object the human body and puts it out of reach of time and desire it takes the most purely rational concept of which man is capable mathematical order and makes it a delight to the senses and it takes the vague fears of the unknown and sweetens them by showing that the gods are like men and may be worshipped for their life giving beauty rather than their death dealing powers Please note All images in this ebook are presented in black and white and have been reduced in size

Title-subject index* Yala H. Korwin, 1981 Re: The Ash Lad , **Naked Politics** Brett Lunceford, 2012-06-14 Naked Politics Nudity Political Action and the Rhetoric of the Body by Brett Lunceford examines the rhetorical power of the unclothed body as it relates to protest and political action This study explores what the disrobed body communicates and how others are invited to make sense of this display The actions

examined range from grassroots protests to those of professionalized social movement organizations Specifically Lunceford examines PETA and the use of chained women and the Running of the Nudes lactivists or women engaging in public breastfeeding as protest action in both online and physical space the World Naked Bike Ride s worldwide protest against oil dependency and attempt to raise awareness of the vulnerability of cyclists and a contest held on College Humor that invited women to write their preferred presidential candidate on their exposed breasts and send the picture to them to post on the site Although these actions may seem to have little in common beyond their use of body exposure they all share the notions that something can happen when you take your clothes off and that the act of disrobing can have social and political consequences Moreover these groups illustrate the often paradoxical views of the exposed body by both the participants and the observers and how such bodies operate in the public sphere Even when the voice is silent the body still speaks Naked Politics considers what is being said
