Brown,2012-12-05 Combining work by critics from Latin America the USA and Europe Latin American Science Fiction Theory and Practice is the first anthology of articles in English to examine science fiction in all of Latin America from Mexico and the Caribbean to Brazil and the Southern Cone Using a variety of sophisticated theoretical approaches the book explores not merely the development of a science fiction tradition in the region but more importantly the intricate ways in which this tradition has engaged with the most important cultural and literary debates of recent year **Puerto Rican Discourse**

Lourdes M. Torres,2013-12-02 Before conclusions about Spanish in the United States can be drawn individual communities must be studied in their own contexts That is the goal of Puerto Rican Discourse One tendency of previous work on Spanish in the United States has been an eagerness to generalize the findings of isolated studies to all Latino communities but the specific sociocultural contexts in which people and languages live often demand very different conclusions The results of Torres work indicate that the Spanish of Puerto Ricans living in Brentwood continues to survive in a restricted context Across the population of Brentwood for Puerto Ricans of all ages and language proficiencies the Spanish language continues to assume an important practical symbolic and affective role An examination of the structural features of 60 oral narratives narrative components and the verbal tenses associated with each overall Spanish verb use and clause complexity reveals little evidence of the simplification and loss across generations found in other studies of Spanish in the United States English dominant Puerto Ricans are able Spanish language narrators demonstrating a wide variety of storytelling skills The structure of their oral narratives is as complete and rich as the narratives of Spanish dominant speakers The content of these oral narratives of personal experience is also explored Too often in studies on U S Spanish sociolinguists ignore the words of the community the focus is usually on the grammatical aspects of language use and rarely on the message conveyed In this study oral narratives are analyzed as constructions of gendered and ethnically marked identities The stories demonstrate the contradictory positions in which many Puerto Ricans find themselves in the United States All of the speakers in this study have internalized to a greater or lesser extent dominant ideologies of gender ethnicity and language at the same time that they struggle against such discourse The analysis of the discourse of the community reveals how the status quo is both reproduced and resisted in the members narratives and how ideological forces work with other factors such as attitudes to influence the choices speakers make concerning language use A special feature of this book is that transcripts are provided in both Spanish and English This volume combines ethnographic quantitative and qualitative discourse methodologies to provide a comprehensive and novel analysis of language use and attitudes of the Brentwood Puerto Rican community Its rich linguistic and ethnographic data will be of interest to researchers and teachers in cultural communication ethnic Hispanic American studies sociolinguistics and TESL **Culture Matters** Lawrence E. Harrison,Samuel P. Moody, 2024-05-30 Premio al Mejor Libro Latin American Studies Association Nineteenth Century Section 2025 Las Raras proposes that the Modernistas advocacy for a writing style they considered feminine helps us to understand why so few and perhaps no women were accepted as active participants in Modernismo Author Sarah Moody studies how particular writers contributed to the idea of a feminine aesthetic and tracks the intellectual networks of Modernismo through periodicals and personal papers such as albums and correspondence Buenos Aires Paris and Montevideo figure prominently in this transatlantic study which reexamines some of the most important period writers in Spanish including Rubén Darío Amado Nervo and Enrique Gómez Carrillo This book also considers the critiques launched by women writers such as Aurora Caceres Clorinda Matto de Turner and María Eugenia Vaz Ferreira who experienced Modernista exclusion firsthand deconstructed the Modernista discourse of a modern feminine style and built literary success in alternative terms These writers reoriented the discussion about women in modernity to address women's education professionalization and advocacy for social and civic improvements In this study Modernismo emerges as both a literary style and an intellectual network in which style and sociability are mutually determining and combine to form a system of prestige and validation that excluded women writers
