The Number Mysteries Marcus du Sautoy, 2011-05-24 Every time we download music take a flight across the Atlantic or talk on our cell phones we are relying on great mathematical inventions In *The Number Mysteries* one of our generation s foremost mathematicians Marcus du Sautoy offers a playful and accessible examination of numbers and how despite efforts of the greatest minds the most fundamental puzzles of nature remain unsolved Du Sautoy tells about the quest to predict the future from the flight of asteroids to an impending storm from bending a ball like Beckham to forecasting population growth He brings to life the beauty behind five mathematical puzzles that have contributed to our understanding of the world around us and have helped develop the technology to cope with it With loads of games to play and puzzles to solve this is a math book for everyone *The Number Mysteries* ,2011 Number 87

Harrington Hext, 2012-12-18 A thrilling tale from the author who inspired Alfred Hitchcock *The Club of Friends* may not have liked Alexander Skeat very much but no one should meet his Maker so violently so mysteriously Though Skeat may have been the first he wouldn t be the last Found dead in London with no wounds but a small incision beneath his shoulder Skeat s demise was written off by many at first But when the gentlemen of the Club of Friends thought more about the account of the policeman who found him of the black winged creature hulking over Skeat s body they realized there must be more to the crime than they d imagined It takes little time for panic to stretch across London Europe and the world as its attacks range wider and occur with greater frequency Is it really the Bat as it becomes known that obliterates the Alfred Memorial Common science seems helpless but then this is no common beast **Medieval Number Symbolism** Vincent Foster Hopper, 2000-01-01 In this classic study a noted scholar reveals how deeply rooted in medieval thought was the consciousness of numbers not as mathematical tools nor yet as the counters in a game but as fundamental realities alive with memories and eloquent with meaning

Does your mind elate with self-adoration and self-aggrandizement? Helena Petrovna Blavatsky,2021-10-18 Selfishness envy revenge and malice are mankind s deadliest curses Selfishness is love misdirected to and jealously kept for one s little self at the expense of his Spiritual Self and of all other selves who are transient rays of One Universal Self Selfishness and ambition are mankind s deadliest curses Great intellect and too much knowledge is a two edged weapon in life and instruments for evil as well as for good When combined with Selfishness they will make of the whole of Humanity a footstool for the elevation of him who possesses them and a means for the attainment of his objects while applied to altruistic and humanitarian purposes they may become the means of salvation of the many Pride and Presumption the two chief prompters of Selfishness and Egotism are the causes that emptied heaven of one third of its divine dwellers mystically and of another third of the stars astronomically The first statement is an allegory intimately connected with humanity the second a fact Our age is criminal in its frightful selfishness in its scepticism which grimaces at the very idea of anything beyond the material and in its idiotic indifference to all that does not pertain to the personal self more than any of the past ages of ignorant

barbarism and intellectual darkness The paths are many but Wisdom is One Artistic souls envision it those who suffer dream of it the pure in heart know it Only light and empty heads egotistical and vain drones confused by their own buzzing will remain ignorant of the supreme ideal They will continue existing until life becomes a grievous burden to them Pride and conceit are the two malignant cancers devouring the heart of civilized nations Selfishness is the sword of Damocles dangling by evanescent personality over the golden thread that links it with its Spiritual Centre and Life Eternal One never ceases to be astonished by the egoism vanity and self sufficiency of the majority There are some for whom their little personality constitutes the whole universe The vices and illusions of lower minds are typical of egotistical mediocrities Overfed by the sweet delicacies of ambition and personal life man accumulates gravitas Kipling says that he is gathering too much ego in his cosmos His little personality constitutes the whole universe says Madame Blavatsky Every veil of illusion that creates a sense of personal isolation a feeling of separateness from All must be torn asunder and those who through vanity and selfishness go against the Divine Plan cannot but incur the punishment of total annihilation Life on earth is the result and consequence of that unseen yet ever present autocrat and despot called Selfishness and Egotism The strongest will becomes impotent before the voice and authority of this self appointed commander Selfish is the life of a hermit useless to all and as useless to himself Self culture is for the solitary Hatha Yogis who shun the society of their fellow men Pampering the animal self is triply distilled selfishness The Hindu Yogi who isolates himself in an impenetrable forest and the Christian hermit who retires to the desert are both accomplished egoists The one seeks refuge in Nirvana the other to save his soul from hell Philosophical pantheism is based upon the correct understanding of the mysteries of being Modern pessimism is yet another system of evil added by unhealthy fancy to an ever growing sum of social evils and a systematic slander of sentient life Neither good nor evil would exist were it not for the light they throw upon each other The bundle of Egotism disappears after death as the costume of the part he played disappears from the actor s body after he leaves the theatre at the end of the play and goes to bed The slightest tinge of Selfishness precludes the employment of Spiritual Forces For unless the intention is entirely unalloyed the spiritual will transform itself into the psychic act on the astral plane and dire results may be produced by it The powers and forces of animal nature can equally be used by the selfish and revengeful as by the unselfish and the all forgiving But the powers and forces of spirit lend themselves only to the pure in heart and this is Divine Magic The greatest crime that was ever perpetrated upon mankind was committed on that day when the first priest invented the first prayer with a selfish object in view Prayer is an ennobling action when it is an intense feeling an ardent desire rushing forth from our very heart for the good of other people and when entirely detached from any selfish personal object the craving for the wilds beyond the heavens is natural and holy in man but on the condition of sharing that bliss with others The heart of the purely selfish man who cares not if all others rot so he can have pleasure in their pain is softened for those near and dear to him his family relatives and friends His affections may even extend to religious fanaticism and even patriotic fervour in his country s wars

and political schemes in the hope of recognition and reward However sincere and ardent the faith of a theist unless while conforming his life to what he pleases to term divine laws he gives precedence in his thoughts first to the benefit that accrues from such a moral course of actions to his brother and then only thinks of himself he will remain a pious egotist For belief in and fear of God will develop and grow in exact proportion to his Selfishness his fear of punishment and bad results only for himself without the least concern for his brother Theism and atheism grow and develop together our reasoning powers and become either fortified or weakened by reflection or deduction of evidence The only God which Theosophists worship is Truth The only devil they recognize and which they fight with unabated fury is the Satan of Egotism and unbridled passions Alone our Western religion stands in its isolation as a monument of the most gigantic human selfishness ever evolved by human brain without one word in favour of or for the protection of the poor animal Selfishness envy revenge and malice are the hallmarks of sorcerers The Roman Catholic fathers and clergy particularly when pursuing their selfish objectives collectively they have to be ranked among the adepts of the Black Art In the crypts of the cyclopean Stonehenge in England and its twin brother Carnac of Brittany curious scenes are taking place whenever there is a new convert in view Stupefying is the power of blind faith in and veneration of ecclesiastical teachings The conscience of the Roman Catholic priest is most likely at peace He works personally for no selfish purpose but with the object of saving a soul from eternal damnation In his view if Magic there be in it it is holy meritorious and divine Magic Whenever those priest hypnotists want to control an individual selected by them for conversion they retire to an underground place consecrated by them for such purposes and there forming a circle throw their combined will power in the direction of that individual This is the kind of ceremonial Magic and sorcery practiced at Stonehenge and elsewhere The modern Symbolist is exceedingly clever only at detecting phallic worship and sexual emblems even where none were ever meant But for the true student of Occult Lore White or Divine Magic could no more exist in Nature without its counterpart Black Magic than day without night whether these be of twelve hours or of six months duration Magic is still in full sway amidst mankind however blind the latter to its silent presence and pernicious influence however ignorant society may be of its beneficent and maleficent effects Most of those magicians are sorcerers by reason of their inherent selfishness their revengeful natures their envy and malice Man accumulates knowledge invents religions and philosophies but he himself remains still the same In his ceaseless chase after wealth and honours and the will o the wisps of novelty enjoyment and ambition man is ever moved by one chief motor Vain Selfishness We live in an era of the most triumphant display of human genius But what good has all this great civilization and progress done to the millions in the world s slums and to the armies of the great unwashed Selfishness is the chief prompter of our age and the boisterous rebel against Nature s decrees The student at the very outset learns that the alpha and the omega of life is selflessness and knows that only in the sanctuary of merit and self forgetfulness can the true meaning of life reveal itself to his eager heart By sinking his consciousness deep into his heart he can reach that holy place only when alone in silence and darkness When the

need for silence has grown great enough he will turn to seek it even in the midst of the struggle with self and he will find it Living for self alone is full of pain and sorrow living for others is full of divine bliss and joy for ever free from bonds tied by mortal hands There is no danger to him who is true and sincere and especially unselfish For he is thus prepared to meet any temptation The pure at heart who study with a view of perfecting themselves need not have any fear but rather those who make of the Sacred Science a sinful pretext for worldly motives who should tremble Conscience God's vicegerent in the soul speaks no longer in man when the whispers of the still small voice within are stifled by the ever increasing din and roar of selfishness Space and time should be given to the self appointed censors of morality to cleanse themselves of the ferocious selfishness narrow mindedness and conceit which have made their playing at the higher life an almost comical travesty It is that fierce and unashamed personal selfishness the chief motor in the struggle for life that is the sole cause of human starvation and its vastly more powerful extension national egoism and vanity which stirs up wealthy nations and individuals to bury enormous capitals in the unproductive erection of gorgeous churches and temples and to support a swarm of social drones called Cardinals and Bishops who parasitize their subordinates and their flocks Compassion felt but not acted upon is not altruism it is bare hypocrisy Spiritual perfection and knowledge can only be reached on the spiritual plane in that state in which all sense of separateness all selfishness all feeling of personal interest and desire has been merged in the wider consciousness of the humanity at large No blind submission to the commands of another can be demanded or would not be of any use Each individual must learn for himself through trial and suffering to discriminate what is beneficial to humanity and in proportion as he begins transmuting his materiality to spirituality lead to gold his mind will open to receive the guidance of his Immortal Self within and best friend of the mortal self Impersonality is the ultimate aim of cosmic evolution We have to work along with Nature and not place ourselves in opposition to her inherent impulse which must ultimately assert itself To oppose it must necessitate suffering since a weaker force in its egotism tries to array itself against the mighty Universal Law Whenever Truth is veiled for the many it is unveiled for the few Men had not created evil yet in those hoary days of bliss and purity for they were more Godlike than human When Selfishness was born out of desires and passions hitherto unknown and superhuman knowledge and power were abused it became necessary to limit the number of those who knew Thus arose Initiation The need of veiling Truth to protect it from desecration becoming more apparent with every generation the thin veil used at first had to be gradually thickened according to the spread of I ness and Me ness Luxury and Lust and this led to the Mysteries Our age is pre eminently materialistic and pietistic Our literature our modern thought and the so called progress run on these two parallel lines so incongruously dissimilar and yet both so popular and so very orthodox each in its own way He who presumes to draw a third line as a hyphen of reconciliation between the two has to be fully prepared for the worst Compassion felt but not acted upon is not altruism it is mere hypocrisy Real self development on esoteric lines requires action The only way of sacrificing oneself to the eternal is by attuning to the collective spirit of life embodied in and

represented in its highest divine aspect by humanity alone Vice and wickedness are an abnormal unnatural manifestation at this period of our human evolution The fact that mankind was never more selfish and vicious than it is now civilized nations having succeeded in making of the first an ethical characteristic and of the second an art is proof of the of the sorry state we are all in today The Immortal Titan and True Philanthropist is moved by Compassion Sacrifice the mortal man by Selfishness and Self adoration in every instance If man by suppressing if not destroying his selfishness and personality only succeeds in knowing himself as he truly is he will soon stand beyond all pain and misery and beyond all the wear and tear of change which is the chief originator of pain Such a man will be physically of matter he will move surrounded by matter and yet he will live beyond and outside it His body will be subject to change but he himself will be entirely above it and will experience everlasting life even while in temporary bodies of a short span Happiness cannot exist as long as Egotism reigns supreme and intellectual progress refuses to accept a subordinate position to ethical progress And as long as Egotism will not give way to the Altruism happiness will remain a Utopia Listen to the voice of the Master Your motive being selfish can only generate a double effect good and bad and will either nullify your good action or turn it to another man s profit There is no happiness for one who is ever thinking of his little self and forgetting all other selves
