Community & Public Health Nursing: Promoting the Public's Health Judith Allender, Cherie Rector, Cherie Rector,

PhD Rn-C, Kristine Warner, Kristine Warner, PhD MS MPH RN, 2013-04-26 Community Public Health Nursing is designed to provide students a basic grounding in public health nursing principles while emphasizing aggregate level nursing. While weaving in meaningful examples from practice throughout the text, the authors coach students on how to navigate between conceptualizing about a population focus while also continuing to advocate and care for individuals, families, and aggregates. This student-friendly, highly illustrated text engages students and by doing so eases students into readily applying public health principles along with evidence-based practice nursing science and skills that promote health, prevent disease, as well as protect at-risk populations. What the 8th edition of this text does best is assist students in broadening the base of their knowledge and skills that they can employ in both the community and acute care settings while the newly enhanced ancillary resources offers interactive tools that allow students of all learning styles to master public health nursing. *Client Education: Theory and Practice* Mary A Miller, Pamela Rae Stoeckel, 2024-11-29 Client Education Theory and Practice Fourth Edition teaches nursing students the important skills of patient education and health promotion. The authors use their unique Miller Stoeckel Client Education Model as the organizing framework to emphasize the importance of the Nurse-Client Relationship and how this relationship is paramount to the success of client education. They focus on the key role that nurses play in educating individuals, families, and groups in clinical settings. The updated Fourth Edition addresses the need for health education in nursing by covering the learning process and discussing the needs of clients across the age span. The authors' thoughtful revision includes updated statistics on chronic diseases and new data on generations Z and Alpha. Furthermore, they teach students how to work with culturally diverse populations by presenting specific teaching approaches.
