## **Nursing History And The Politics Of Welfare:**

Nursing History and the Politics of Welfare Anne Marie Rafferty, Jane Robinson, Ruth Elkan, 1997 Examines nursing as it has developed under different regimes and ideologies and at different times around the world Highlights the role of politics and gender and proposes strategies for achieving greater recognition for the profession **Nursing History Review, Volume 8, 2000** Joan E. Lynaugh, RN, PhD, FAAN, 2000-01-01 Nursing History Review an annual peer reviewed publication of the American Association for the History of Nursing is a showcase for the most significant current research on nursing history Regular sections include scholarly articles over a dozen book reviews of the best publications on nursing and health care history that have appeared in the past year and a section abstracting new doctoral dissertations on nursing history Historians researchers and individuals fascinated with the rich field of nursing will find this an important resource The Proceedings of the 19th Annual History of Medicine Days Conference 2010 Beth Cusitar, Aleksandra Loewenau, 2014-07-18 This volume is the second in a peer reviewed series of Proceedings Volumes from the Calgary History of Medicine Days conferences produced by Cambridge Scholars Publishing The History of Medicine Days is a two day national conference held annually at the University of Calgary Canada where undergraduate and early graduate students from across Canada the US the UK and Europe give paper and poster presentations on a wide variety of topics from the history of medicine and health care The selected 2010 conference papers assembled in this volume particularly comprise the history of Applications of Science to Medicine Nursing Public Health Illness and Disease Stigma and Gender Neurology and Psychiatry and Eugenics The 2010 keynote address was delivered by Distinguished Professor of the History of Nursing and Public Health Dr Geertje Boschma from the University of British Columbia Vancouver and is reprinted in the current volume This volume also includes the abstracts of all 2010 conference presentations and is well illustrated with diagrams and images pertaining to the history of medicine **Nurses and Midwives in Nazi Germany** Susan Benedict, Linda Shields, 2014-04-24 This book is about the ethics of nursing and midwifery and how these were abrogated during the Nazi era Nurses and midwives actively killed their patients many of whom were disabled children and infants and patients with mental and other illnesses or intellectual disabilities The book gives the facts as well as theoretical perspectives as a lens through which these crimes can be viewed It also provides a way to teach this history to nursing and midwifery students and for the first time explains the role of one of the world's most historically prominent midwifery leaders in the Nazi crimes **Midwives, Society and Childbirth** Hilary Marland, Anne Marie Rafferty, 2002-11-01 Midwives Society and Childbirth is the first book to examine midwives lives and work in the nineteenth and twentieth centuries on a national and international scale Focusing on six countries from Europe the approach is interdisciplinary with the studies written by a diverse team of social medical and midwifery historians sociologists and those with experience in delivering childbirth services Questioning for the first time many conventional historical assumptions this book is fundamental to a better understanding of the effect on midwives of the unprecedented

progress of science in general and obstetric science in particular from the late nineteenth century The contributors challenge the traditional bleak picture of midwives decline in the face of institutional obstetrics medical technology and the growing power of the medical profession while stressing the importance of regional influences and locality Dr Anne Marie Rafferty Philadelphia Dr Hilary Marland Erasmus Universiteit Rotterdam Dr Irvine Loudon Oxfordshire Joan Mottram Wellcome Unit for the History of Medicine

*The Impact of Hospitals, 300-2000* John Henderson, Peregrine Horden, Alessandro Pastore, 2007 The first wide ranging collection of articles on the history of hospitals in the Mediterranean northern Europe and the Americas for over 17 years The contributions present a nuanced approach to the impact of hospitals on society over a very long time period and an exceptional geographical range

**Germs and governance** Anne Marie Rafferty, Marguerite Dupree, Fay Bound Alberti, 2021-04-20 Germs and governance brings together leading historians practitioners and policy makers to consider the past present and future of hospital infection control Combining historical case studies with practitioner experiences this volume offers a new understanding of the emergence of theories of germ transmission and containment and how these theories played out in real world environments networks and professional organisations Exploring the historical context in which technologies like gloves were developed and popularised as well as how relationships between communities and hospitals doctors and nurses and the emerging role of hospital bacteriologists have shaped infection control practices the collection emphasises the diverse contexts in which ideas about germs infection and safety circulated The volume also addresses the historical neglect of the critical role of nurses in the development and success of infection control measures

*The Palgrave Handbook of Gender and Healthcare* Ellen Kuhlmann, Ellen Annandale, 2012-06-26 This authoritative state of the art reference collection addresses the main issues and core debates related to gender and healthcare in one accessible volume This essential guide to an area of increasing interest provides a critical overview of debates as well as practical guidance on how to bring gender perspectives to the heart of international health policy practice and research

**Society, Medicine and Politics in Colonial India** Biswamoy Pati, Mark Harrison, 2018-02-13 The history of medicine and disease in colonial India remains a dynamic and innovative field of research covering many facets of health from government policy to local therapeutics This volume presents a selection of essays examining varied aspects of health and medicine as they relate to the political upheavals of the colonial era These range from the micro politics of medicine in princely states and institutions such as asylums through to the wider canvas of sanitary diplomacy as well as the meaning of modernity and modernization in the context of British rule The volume reflects the diversity of the field and showcases exciting new scholarship from early career researchers as well as more established scholars by bringing to light many locations and dimensions of medicine and modernity The essays have several common themes and together offer important insights into South Asia's experience of modernity in the years before independence Cutting across modernity and colonialism some of the key themes explored here include issues of race gender sexuality law

mental health famine disease religion missionary medicine medical research tensions between and within different medical traditions and practices and India's place in an international context This book will be of great interest to scholars and researchers of modern South Asian history sociology politics and anthropology as well as specialists in the history of medicine     **Popular Politics and Resistance Movements in South Africa** William Beinart, Marcelle C.

Dawson, 2010-12-01 An examination of post apartheid politics This volume explores some of the key features of popular politics and resistance before and after 1994 It looks at continuities and changes in the forms of struggle and ideologies involved as well as the significance of post apartheid grassroots politics Is this a new form of politics or does it stand as a direct descendent of the insurrectionary impulses of the late apartheid era Posing questions about continuity and change before and after 1994 raises key issues concerning the nature of power and poverty in the country Contributors suggest that expressions of popular politics are deeply set within South African political culture and still have the capacity to influence political outcomes The introduction by William Beinart links the papers together places them in context of recent literature on popular politics and history from below and summarises their main findings supporting the argument that popular politics outside of the party system remain significant in South Africa and help influence national politics The roots of this collection lie in post graduate student research conducted at the University of Oxford in the early twenty first century     **Mothers,**

**Midwives, and Reproductive Labor in Interwar and Wartime Britain** , Sandra Trudgen Dawson, 2024-01-26 Mothers Midwives and Reproductive Labor in Interwar and Wartime Britain is about the experiences of mothers and midwives as they navigated the changing political and social issues surrounding childbirth and motherhood during interwar and wartime Britain The needs and agency of women as mothers and midwives often conflicted with the ideals of the state While government officials understood the importance of safe childbirth to the nation they also chose to allow economic crises and war preparation to take precedence The interwar plans for a national maternal healthcare system met financial constraints and a lack of political will As the outbreak of the Second World War appeared imminent politicians planned for pregnant women and those with small children to evacuate from cities The reception areas were less well planned and pregnant women returned to their homes rather than deliver among strangers Wartime maternity provision didn't take into account the needs and desires of mothers and midwives Reproductive laborers mothers and midwives demonstrated agency throughout the period Pregnant women chose to deliver at home with untrained or trained birth attendants midwives entered and left the profession on their own terms offering or withholding their skills when it suited individual need rather than at the behest of government     **Maneuvers** Cynthia Enloe, 2000-02 Enloe outlines the dilemmas feminists around the globe face in trying to craft theories and strategies that support militarized women locally and internationally without unwittingly being militarized themselves

**Health Care in Bombay Presidency, 1896-1930** Mridula Ramanna, 2012 This book is a study of aspects of public health in Bombay Presidency from 1896 to 1930 and is based upon extensive primary data It charts both the

changes in the colonial plague policy from the deadly epidemic of 1896 to the frequent epidemics that appeared in the 1900s as well as the changes in Indian responses to that policy in different regions of the Presidency Through a survey of unique local initiatives by activist health officials civic leaders and Indian doctors efforts to bring sanitary consciousness into the public sphere to promote preventive measures and to tackle public health challenges like tuberculosis become apparent The twentieth century witnessed an increasing acceptance of the idea of hospitalization and thus gave rise to the expansion of hospital facilities This work therefore elucidates these developments through an analysis of both the funding of these expanding institutions and the classification system of admissions as well as by providing a detailed review of maternity and mission hospitals With these issues in mind this work examines a range of perceptions including those of British and Indian physicians regarding the causes of high maternal and infant mortality and their suggestions to tackle it as well as semi official and non official efforts to promote maternal and infant welfare Specifically issues such as the health of female mill workers and the training of nurses dais and midwives is addressed There was a close link between the attempts to improve the health of women and the growing number of female Indian doctors Some of the career paths of these doctors including their activities in the All India Women s Conference the Association of Medical Women in India and the National Planning Committee are traced in this work Through such analyses the relative place of Western and Indian medicine in the Presidency can also be explored to reveal the manifold and complex dimensions of this encounter This study will contribute to an understanding of the all India public health scenario of the pre independence years and will be of interest to scholars of history sociology community health gender studies and South Asian studies as well as to health workers and NGOs

**Medical Negligence in Victorian Britain** Kim Price,2015-02-26 Medical Negligence in Victorian Britain is the first detailed exploration of the hundreds of charges of neglect against doctors who were contracted to the new poor law after the Poor Law Amendment Act of 1834 The author moves beyond the hyperbole of Victorian public scandal to use medical negligence as a prism through which to view hidden aspects of poor law doctors and their patients This provides a uniquely grounded perspective from the day to day experience of medical practice for both doctor and patient to the context of the medico political socio legal and cultural processes that underpinned the social construction of negligence at this time The result is a clearly enunciated description of what negligence meant to the Victorians and how they sought to define and deal with negligent care moving the topic from the sidelines of English welfare history to the centre stage role it played in Victorian society Thematically and chronologically arranged in two parts the book uses extensive new archival material with a particular focus on the official inquiries into neglect conducted by poor law inspectors It offers a fresh perspective on the poor laws that has repercussions for wider histories of welfare medicine and legal medicine **A Social History of**

**Christianity** John C.B. Webster,2018-12-22 The Christian community in India emerged from an Indian rather than a foreign or an imperial context Its internal dynamics were shaped far more by Indian social realities than by missionary designs This

book presents a comprehensive social history of Christianity in north west India comprising Jammu and Kashmir Himachal Pradesh Punjab Haryana the Union Territories of Delhi and Chandigarh and the Pakistani Punjab and North West Frontier Province The book discusses significant events in the history of the north west up to 1947 after which it focuses only on India These events left a lasting impact on Christianity and shaped its future course culminating in the transfer of churches power from foreign missionaries to Indians and proliferation of churches and the ongoing struggles of the Christian community The author pays special attention to the Christian community s caste composition how caste status and social mobility affected intra and inter community relations religious diversity uneven demographic distribution and development as well as Christianity as a religious movement in the region     *Stategraphy* Tatjana Thelen, Larissa Vettters, Keebet von Benda-Beckmann, 2017-11-30 *Stategraphy* the ethnographic exploration of relational modes boundary work and forms of embeddedness of actors offers crucial analytical avenues for researching the state By exploring interactions and negotiations of local actors in different institutional settings the contributors explore state transformations in relation to social security in a variety of locations spanning from Russia Eastern Europe and the Balkans to the United Kingdom and France Fusing grounded empirical studies with rigorous theorizing the volume provides new perspectives to broader related debates in social research and political analysis     **Breaking Barriers, Shaping Worlds** Jill Campbell-Miller, Greg Donaghy, Stacey Barker, 2021-11-01 Where are the women in Canada s international history *Breaking Barriers Shaping Worlds* answers this question in a comprehensive volume that explores the role of women in Canadian international affairs Foreign policy historians have traditionally focused on powerful men Though hidden forgotten or ignored this book shows that women have also shaped Canada s relations with the world over the past century whether as activists missionaries aid workers diplomats or diplomatic spouses *Breaking Barriers Shaping Worlds* examines the lives and careers of professional women working abroad as doctors nurses or economic development advisors women fighting for change as anti war anti nuclear or Indigenous rights activists and women engaged in traditional diplomacy This wide ranging collection reveals the vital contribution of women to the search for global order that has been a hallmark of Canada s international history     *Fever Hospitals and Fever Nurses* Margaret Currie, 2013-01-11 This well researched book provides an interesting study of the development of fever hospitals and fever nursing mainly in nineteenth and twentieth century Britain It provides new insights into the development of nursing roles and nurse education and looks at the lives of key figures at that time The text examines how this once important branch of the nursing profession emerged in the nineteenth century only to be discarded in the second half of the following century Drawing on the work of Goffman and Foucault the study shows how aided by medical advances fever nurses transformed their custodial duties into a therapeutic role and how training schemes were implemented to improve the recruitment and retention of nurses As standards of living improved and patient s chances of recovery increased many fever hospitals became redundant and fever nurses were no longer required The wisdom of creating fever

hospitals and then disbanding them is questioned in the light of changing disease patterns international travel and the threat posed by biological warfare

**Gender in Scottish History Since 1700** Lynn Abrams,2006-01-25 Scottish history is undergoing a renaissance Everyone agrees that an understanding of our nation s history is integral to our experience of its present and the shaping of the future But the story of Scotland s past is being told with little reference to gendered identities Not only are women largely missing from these grand narratives but men s experience has tended to be sublimated in intellectual political and economic agendas Neither femininities nor masculinities have been given much of a place in Scotland s past or in the process of nation making Gender in Scottish History offers a new perspective on Scotland s past since around 1700 viewing some of the main themes with a gendered perspective It starts from the assumption that gender is integral to our understanding of the ways in which societies in the past were organised and that national histories have a tendency to be gender blind Each chapter engages with one key theme from Scottish historiography asking what happens when women are added to the story and how the story changes when the meanings of gendered understandings and assumptions are probed Addressing politics culture religion science education work the family and identity Gender in Scottish History proposes an alternative reading of the Scottish past which is both inclusive and recognisable

**Changing Practice in Health and Social Care** Celia Davies,2000-02-11 New Ways of Working in Health and Social Care explores the range and depth of recent challenges facing professionals in health and social care
