Montague Brown,1992 Critical to an organization s success is its relationships with physici ans This collection of articles presents a wide range of approaches to strengthening physician relationships With information on performance physician data physician organizations practice valuation physicians as managers and entrepreneurs and more this volume explores the core issues of physicians working in with and for health care organizations

Literature Search National Library of Medicine (U.S.),1984 *Policy Analysis and Economics* David L. Weimer,2012-12-06 Long before policy analysis emerged as a separate profession with its own graduate schools economists offered advice about government policies Positive economics provides the tools for predicting the impacts of proposed policies normative economics especially welfare theory offers a framework for valuing the impacts of policies in terms of efficiency and simple notions of equity With the expansion of economic theory into ever wider fields of human behavior it is no wonder that economists have prominence as teachers and practitioners of policy analysis Indeed many economists see policy analysis as essentially applied economics Though other social scientists might object to this somewhat parochial view economics and policy analysis share much in common in terms of development and prospects The purpose of this volume is to trace these interrelationships and explore the tensions that they create Tensions arise for several reasons Changes in the discipline of economics affect the findings methods and personnel offered to policy analysis For example on the one hand the new institutional economics appears to be extending the influence of economists to questions involving nonmarket organizations while on the other hand the apparently growing emphasis within the economics profession on creating rather than empirically testing theory suggests that fewer of the best young scholars will be drawn to policy relevant research Within the schools of policy analysis the drift toward public management may reduce the demand for traditional economic training
