Karl Barth with Biblical Realism Biblical Realism sought to avoid the pitfalls of biblicism by allowing for academic freedom while studying scriptures while also maintaining that the events of the Bible were true events that happened in our history all centered upon the death and resurrection of Christ The scriptures are therefore a salvation history meant to declare to you a message by which you will be saved you and your household Acts 11 14

The Canon of the New Testament Bruce M. Metzger,1997-03-07 This book provides information from Church history concerning the recognition of the canonical status of the several books of the New Testament Canonization was a long and gradual process of sifting among scores of gospels epistles and other books that enjoyed local and temporary authority some of which have only recently come

to light among the discoveries of Nag Hammadi After discussing the external pressures that led to the fixing of the limits of the canon the author gives sustained attention to Patristic evidence that bears on the development of the canon not only in the West but also among the Eastern Churches including the Syrian Armenian Georgian Coptic and Ethiopian Besides considering differences as to the sequence of the books in the New Testament Dr Metzger takes up such questions as which form of text is to be regarded as canonical whether the canon is open or closed to what extent a canon should be sought within the canon and whether the canon is a collection of authoritative books or an authoritative collection of books
