Renewing Research Practice:

Renewing Research Practice Ralph E. Stablein, Peter J. Frost, 2004 Scholars in organization studies share their experience in overcoming research obstacles working with collaborators balancing professional with personal life demands The book is organized around a series of chapters commentaries that invite the reader to interact with the ideas presented

How To Research Blaxter, Loraine, Hughes, Christina, Tight, Malcolm, 2010-09-01 How to Research is a clear and accessible guide to the business of doing a research project It systematically takes the reader through from the planning to the writing up and finishing off The new edition of this book will include **Research Alive** Arne Carlsen, Jane E.

Dutton, 2011 What makes qualitative research really worth doing When do people feel most alive and energized in their research This book offers insights into doing qualitative research by focusing on the specific moments that are experienced as generative The focus on these generative moments illuminates what is life giving transformative and expansive both with regards to the imagination of ideas and the development of scholars in the process of doing research The book offers a unique array of 40 stories from both new and established scholars covering the full arc of the research process from the conception of the initial idea to publication and other forms of interaction with users of research These personal back stage accounts provide readers with insights about the everyday micro moments that compose the doing of qualitative research which are typically invisible and not discussed yet are the wellsprings of motivation and insight that sustain and inspire qualitative researchers Readers will gain critical new understanding about research practice and will acquire important perspectives that are an inherent part of becoming a research scholar *Designing Research for Publication* Anne

Sigismund Huff, 2009 Abstract **An Introduction to Qualitative Research** Maria K. E. Lahman, 2024-04-15 This engaging introduction to all aspects of qualitative research challenges students to consider how their research can be culturally responsive The first part of the book introduces the foundations including theory ethics and reflexivity with an emphasis on multiple methodologies from traditional to critical and cutting edge The second part covers practical guidance from writing proposals to data collection and includes a chapter dedicated to creating a culturally responsive relationship with research participants Finally readers engage with how the quality of research is enhanced how data are analyzed and how research accounts are created and disseminated Areas vital to the health of qualitative research are addressed including systemic racism and cultural humility with cutting edge suggestions offered in areas like hybrid research harnessing technology and use of social media Multiple identities are centered in examples throughout including race gender and those who are hard to reach or seldom heard in research Textboxes featuring scholars student researchers and community members invite readers into dialogue in an area that is contested swiftly shifting and always vibrant with potential Resources for instructors are available on a website to accompany the book **Reflective Practice for Renewing Schools** Jennifer York-Barr, William A. Sommers, Gail S. Ghore, Jo Montie, 2016-05-20 Renew your teaching and your passion with this updated

bestseller The teaching life can be hectic complex and even lonely That s why so many educators turn to reflective practice to reenergize their commitment to students and to themselves Reflective practice counteracts the effects of professional isolation and instills a personal and communal sense of meaning renewal and empowerment This best selling book offers research based and practical ideas and strategies for using reflective practice individually with colleagues schoolwide and even district wide Features of the newest edition include Updated strategies for engaging adults and students and using reflective practices to create equitable outcomes New examples of reflective practice in action A new chapter on the core leadership practices for growing reflective practice A new companion website with resources and reflection protocols When you make reflective practice part of your journey as an educator your insights benefit everyone and ensure enhanced learning and development for students This book is one of the best in the field It lends itself to practical solutions if the reader remembers that the gifts of time and relationships are at the center of this work The book takes a lot of theory and melts it down to hands on pieces doable in a school or district setting Michele R Dean Coordinator Ventura County Indian Education Consortium Ventura Unified School District CA The book has broken down reflection into its component parts cycles characteristics and capacities I applaud the insights and experiences of the authors Pat Roy Senior Consultant Learning Forward

Educational Implications of Artistic Practice Luis S. Villacañas-de-Castro, Miguel Corella-Lacasa, 2025-09-26 This collection draws on a range of frameworks from the fields of aesthetics philosophy and political theory to discuss how art has been characterized across the humanities It derives consequences for educational institutions pedagogy and teachers of specific curricular areas The book addresses issues such as how art has been defined what its affordances are for educators whether artistic practice is an intrinsically educational process whether museums and galleries are educational institutions and conversely whether schools may also qualify as artistic laboratories Through these and more questions the book approaches the education art nexus from both sides of the relationship with chapters that either look at education through art or at art through education The contributors belong to education aesthetic and arts university departments and report on a variety of interdisciplinary research projects As a result the volume provides both theoretical insights into the distinct means and purposes of art and lively illustrations of the affordances that art holds for educators in different institutions and contexts Although rooted for the most part in the Spanish speaking world the volume embraces a global perspective whereby contemporary tendencies and discussions are embodied and transmitted through rich and textured qualitative case studies
