Renewing Americas Schools A Guide For School Based Action:

The Essential Renewal of America's Schools Carl Glickman, Ian M. Mette, 2020 What can today's educational leaders do to create schools that are purposeful, moral, and successful? In this book, Glickman and Mette provide a powerful set of guidelines that will lead to true school renewal. Using a practical framework for school district and community leaders, their roadmap replaces dependence on top-down state and federal regulations, focusing instead on the creation of locally guided initiatives to address local goals. Filled with real-world examples, charts, and illustrations, the text gives teachers, principals, students, parents, central office personnel, school boards, and community members exactly what is needed to remake their schools. Building on Glickman's highly acclaimed classic *Renewing America's Schools* (1993), this resource is must reading for anyone involved with school change in today's divisive and complex times. My life would have been a whole lot easier if this book had been written when I was in the principal's office. George Wood, former principal and superintendent, Stuart, Ohio. This timely and critical book demonstrates how teaching and learning and a democratic school community are the key assets to solving our problems. It is not just the future of our schools that is at stake, but democracy itself. William Mathis, National Education Policy Center.

Navigating Comprehensive School Change Robert Everhart, 2013-12-04 This book, an accessible resource for busy practitioners, is a unique hybrid of two genres. As a tourist guide, it shows you how to prepare for the journey, what to pay attention to upon arrival, and how to deal with the unexpected. As a consumer report, it helps you identify some of the best tools and sources about change, access useful information about the change process, and find information about the strengths and challenges of various strategies. Thorough and comprehensive, it offers essential information about how to form leadership teams, identify high-stakes problems, build commitment, create a school-wide vision, and establish school-wide goals, handle setbacks, maintain the vision, and sustain change, and evaluate and assess comprehensive school change. Also included is a section called Ports of Call, which provides sources of information to help you implement comprehensive school reform at your site.
