Replacement Migration Is It A Solution To Declining And Ageing Populations:

Replacement Migration, 2001 *Replacement migration* United Nations / Department of E, 2000 **Managing Migration** Philip L. Martin, Susan Forbes Martin, Patrick Weil, 2006-01-01 Managing Migration presents the valuable results of the Cooperative Efforts to Manage Emigration project a bottom up effort to identify models and best practices for spurring economic development and respect for human rights in migrant countries of origin The Global Spread of Fertility Decline Jay Winter, Michael Teitelbaum, 2013-06-18 div This incisive study explores population movements and declining fertility in China India Japan and North America in the 21st century suggesting that politics in addition to cultural and economic concerns must be included as a prime determining factor in these powerful global trends DIV **The Cambridge Companion to Natural Law Ethics** Tom Angier, 2019-11-07 How do ethical norms relate to human nature This comprehensive and interdisciplinary volume surveys the latest thinking on natural law **Handbook of Population** Dudley L. Poston, Michael Micklin, 2006-08-10 This comprehensive handbook provides an overview and update of the issues theories processes and applications of the social science of population studies The volume s 30 chapters cover the full range of conceptual empirical disciplinary and applied approaches to the study of demographic phenomena This book is the first effort to assess the entire field since Hauser and Duncan s 1959 classic *The Study of Population* The chapter authors are among the leading contributors to demographic scholarship over the past four decades They represent a variety of disciplines and theoretical perspectives as well as interests in both basic and applied research *The Political Economy of Immigration in The Netherlands* Joop Hartog, 2023-08-18 Economists measure the effects of immigration through the yardstick of income This book offers a broad survey of the conventional approach but in addition also considers better measures of welfare or well being and provides a detailed description and evaluation of policies rules regulations and implementation The book offers a long historical perspective on the development of population density in the Netherlands It begins with the history of the Netherlands geological and cultural formation of the land and water and population development The Netherlands is unique in that much of the land is man made in particular the western part which is economically speaking the most developed area It is also special for its very high population growth rate that took off during the 19th century The key argument of the book is that population size is irrelevant for income per capita that land is a binding constraint in the Netherlands and that negative external effects of increasing population size lead to welfare losses from further population growth whether by natural growth or by immigration At present the battle for scarce land is intense and bitter with a strong clash between developers who want to build houses farmers who do not want to give up farming and conservationists who increasingly find support in the courts for insufficiently caring for the natural environment The book combines a general analysis of population density both theoretical and empirical with an in depth presentation of actual policies in a country with intense pressure on available land *Economic Policy for Aging Societies* Horst Siebert, 2002-08-02 In this volume

economists discuss the long run consequences of aging societies Using theoretical economic models long term projections and simulations and econometric analysis answers to the following questions are given What are the economic consequences for consumption patterns the supply of labor capital accumulation productivity and the international flow of capital Where are the political consequences for pension systems health care and immigration policy And what changes in politics are needed to handle the issues of populations that age markedly
