

XVI REPORT OF THE COMMISSIONER OF INDIAN AFFAIRS.

In addition to the above the Government has assisted in the support of an Indian pupil at each of the following institutions: Howard University and Wayland Seminary, in Washington; medical department of University of Pennsylvania and Woman's Medical College, in Philadelphia, and Lincoln Institute, Chester, Pa.

All the above figures relate only to schools supported in whole or in part by the Government, and if to these were added the school attendance among the five civilized tribes and the New York Indians, and the schools supported by religious societies without any expense to the Government, the figures would be largely increased. However, they would still fall far short of showing that school facilities are provided for all Indian children between the ages of six and sixteen. Such facilities should be furnished, but this point can not be reached without much larger appropriations than have heretofore been given. I hope there will be no failure to grant the small increase in the school appropriation which I have asked for next year. Advantage should be taken of the present favorable attitude of the Indians toward education.

The following comparative statement shows the advance made in Indian school work during the past five years, and it will be noticed that during the present administration there has been an increase of 27 in the number of Indian schools and an increase of 2,377 in the average attendance of pupils :

	Boarding-schools.		Day schools.	
	Number.	Average attendance.	Number.	Average attendance.
1882.....	112	2,755	54	1,311
1883.....	113	2,899	64	1,443
1884.....	114	4,358	76	1,757
1885.....	114	6,201	86	1,942
1886.....	115	7,269	99	2,379
1887.....	117	8,029	110	2,590

It is apparent that we have advanced far enough in the education of Indian children to be able to say that what for a time was an experiment no longer admits of uncertainty. The Indian can be educated equally with the white or the colored man, and his education is gradually being accomplished, and at a less cost per capita from year to year as the work proceeds. During the past year the average cost to the Government per annum of educating a pupil in a Government boarding-school has been about \$170; in a contract boarding-school, \$130; in a Government day school, \$53, and in a contract day school, \$30. Of course the amount paid by the Government to the contract schools is inadequate for the support and education of the pupils placed therein, and the societies conducting the schools supply the deficiency from their own resources. I take no part in the controversy as to which is the best method of having Indians educated, whether on or off reservations.
