

THE REPORTER AND THE LAW

TECHNIQUES OF COVERING THE COURTS

LYLE W. DENNISTON

Reporter And The Law Techniques Of Covering The Courts

Robert W. Snyder, Robert Giles

Reporter And The Law Techniques Of Covering The Courts:

The Reporter and the Law Lyle W. Denniston, 1980 *The Reporter and the Law* is an insider's view of how the legal system and the press work together Lyle Denniston begins from the premise that the law and its institutions are the public's business and that the journalist's responsibility is to appreciate, understand, and evaluate the legal process and to convey that reasoned comprehension to the public To facilitate this task Denniston dispels the cloud of mystery that surrounds legalese, defines the jargon of both the legal and the journalistic professions, and explains how each discipline depends on the other to perform its task properly

Covering the Courts S. L. Alexander, 2004-09-08 News coverage of law can be a daunting task for any journalist, especially in a time when public interest in media coverage of the courts has greatly intensified The second edition of *Covering the Courts* provides the most up-to-date resources for journalists and students Detailed descriptions of each step of the judicial process, along with tips from top journalists, allow for a comprehensive analysis of courtroom activities This handbook also addresses the complex issues surrounding the free press, fair trial controversy, pre-trial publicity, and the various types of news coverage allowed across the country New discussions include recent high-profile trials such as *US v Microsoft*, the 2000 presidential election, and cases relating to the terrorist attacks of 9/11 This book is a substantial resource for journalism students and journalists covering the modern legal system

Covering the Courts Robert W. Snyder, Robert Giles, 2011-12-31 *Covering the Courts* shows how writers and journalists deal with present-day major trials such as those involving Timothy McVeigh and O J Simpson The volume features such outstanding contributors as Linda Deutsch and Fred Graham and provides an in-depth look at the performance of the court in an age of heightened participation by reporters, camera operators, social scientists, major moguls of network radio and television, and advocates of special causes The volume does far more than discuss specific cases Indeed, it is a major tool in the study of the new relationships between a free press and a fair trial Interestingly, a consensus is described in which the parties involved in efforts to balance freedom of the press and the right to a fair trial are moving in tandem In this regard, sensitive issues ranging from the universality of law to the particularity of racial, religious, and gender claims are explored with great candor The volume also turns the intellectual discourse to its major players: the members of the press, the lawyers, and the judiciary Has there been a shift from reporting functions to entertainment values? Does television and live presentation shift the burden from the contents of a case to the photogenic and star quality of players? What excites and intrigues the public: serious disturbances to the peace and mass mayhem such as the Oklahoma bombings, or sexual adventures of entertainment and sports figures? The findings are sometimes disturbing, but the reading is never dull This book will be of interest to journalists, lawyers, and the interested general public This volume is the latest in the Transaction Media Studies Series, edited by Everette E. Dennis, dean of the school of communication at Fordham University The volume itself is edited by Robert Giles, the editor, and Robert W. Snyder, the managing editor of *Media Studies Journal* The original contributions were initially presented

at The Freedom Forum and its Media Studies Center *ABA Journal* ,1981-01 The ABA Journal serves the legal profession
 Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar
 Association **A Year in the Life of the Supreme Court** Aaron Epstein,Kay Kindred,Tony Mauro,David Savage,Stephen
 Wermiel,1995-07-28 Despite its importance to the life of the nation and all its citizens the Supreme Court remains a mystery
 to most Americans its workings widely felt but rarely seen firsthand In this book journalists who cover the Court acting as the
 eyes and ears of not just the American people but the Constitution itself give us a rare close look into its proceedings the
 people behind them and the complex often fascinating ways in which justice is ultimately served Their narratives form an
 intimate account of a year in the life of the Supreme Court The cases heard by the Supreme Court are first and foremost
 disputes involving real people with actual stories The accidents and twists of circumstance that have brought these people to
 the last resort of litigation can make for compelling drama The contributors to this volume bring these dramatic stories to life
 using them as a backdrop for the larger issues of law and social policy that constitute the Court s business abortion
 separation of church and state freedom of speech the right of privacy crime violence discrimination and the death penalty In
 the course of these narratives the authors describe the personalities and jurisprudential leanings of the various Justices
 explaining how the interplay of these characters and theories about the Constitution interact to influence the Court s
 decisions Highly readable and richly informative this book offers an unusually clear and comprehensive portrait of one of the
 most influential institutions in modern American life *Judicial Politics in the United States* Mark C. Miller,2018-09-03
Judicial Politics in the United States examines the role of courts as policymaking institutions and their interactions with the
 other branches of government and other political actors in the U S political system Not only does this book cover the nuts
 and bolts of the functions structures and processes of our courts and legal system it goes beyond other judicial process books
 by exploring how the courts interact with executives legislatures and state and federal bureaucracies It also includes a
 chapter devoted to the courts interactions with interest groups the media and general public opinion and a chapter that looks
 at how American courts and judges interact with other judiciaries around the world *Judicial Politics in the United States*
 balances coverage of judicial processes with discussions of the courts interactions with our larger political universe making it
 an essential text for students of judicial politics *A Guide for Newspaper Stringers* Margaret Davidson,2013-11-26 First
 Published in 1990 Written by an editor and now Journalism Professor who when directing stringers in New York state who
 was struck by the tremendous desire of those correspondents to learn and grow in their job despite the paltry pay they
 received for their efforts This guide has been prepared to help meet the stringer s need for constructive criticism It assumes
 that all places are interesting and full of newsworthy activities for a professional writer with a good nose for news *Media
 and American Courts* S. L. Alexander,2004-06-08 A unique reference work exploring the interaction of ever more pervasive
 media and the U S judicial system in the 20th century At a time when two thirds of local news is crime or court related when

Court TV broadcasts daily and when one lurid case can push all other news aside Media and American Courts A Reference Handbook offers a much needed examination of how the press and the judicial system interact Despite the benefits a better informed public judicial accountability has expanded coverage of the courts in fact weakened our democracy Media and American Courts approaches this question by exploring the cases the personalities and the controversies that have redefined the court press relationship in the past century as the media expanded from print and radio to courtroom cameras cable and the World Wide Web It also includes suggestions from legal and media experts for making court news more accurate informative and useful

Encyclopedia of journalism. 6. Appendices Christopher H. Sterling, 2009-09-25 The six volume Encyclopedia of Journalism covers all significant dimensions of journalism including print broadcast and Internet journalism US and international perspectives history technology legal issues and court cases ownership and economics

Media Power, Media Politics Mark J. Rozell, 2003 This work examines the role and influence of the media in every sphere of American politics Organized thematically the book analyzes the relationship between the media and key institutions political actors and nongovernmental entities as well as the role of the new media media ethics and foreign policy coverage Written by leading scholars in the field the chapters serve as broad overviews to the issues while discussion questions and suggestions for further reading encourage deeper inquiry Designed to complement a wide variety of classes the book is a look at the pervasive influence of the media in American society
