Representation And Reality Of War The British Experience:

The Representation and Reality of War Keith Dockray, Keith Laybourn, 1999 British Military Service Tribunals, 1916-18 James McDermott, 2013-07-19 Military Service Tribunals were formed following the introduction of conscription in January 1916 to consider applications for exemption from military service Swiftly they gained two opposing yet equally unflattering reputations In the eyes of the military they were soft obstructionist old duffers To most of the men who came before them they were the unfeeling civilian arm of a remorseless grinding machine This work utilising a rare surviving set of Tribunal records challenges both perspectives Wielding unprecedented power yet acutely sensitive to the contradictions inherent in their task the Tribunals were obliged often at a conveyor belt s pace to make decisions that often determined the fate of men That some of these decisions were capricious or even wrong is indisputable the sparse historiography of the Tribunals has too often focused upon the idiosyncratic example while ignoring the wider impact of imprecise legislation government hand washing and short term military exigencies **Essays in Naval History, from Medieval to Modern** N.A.M. Rodger, 2023-05-31 The articles collected here two appearing for the first time in English cover a number of topics central to naval history and illustrate the author s contention that this is not only or even chiefly a distinct area of special study but rather a central theme running through the history of England and of the whole British Isles Though the subjects and the styles vary a good deal the studies are linked by a common approach and some common ideas Hence many examine ways in which naval history has formed a key element in such subjects as intellectual religious administrative or medical history and explored the nature and meaning of sea power as a theme At the same time naval history is a technical subject which demands a willingness to understand warships the most complex artefacts and the structure of large and complex organisations Detailed evidence about ships and weapons can build large conclusions for example about late Anglo Saxon government and military organisation or about the nature of warfare at sea in the Renaissance era While mostly written from the British point of view several essays explicitly survey naval developments over a range of countries and even the most narrowly focused are at least implicitly aware of the wider world of war at sea The Great War Ian F. W. Beckett, 2014-01-14 The course of events of the Great War has been told many times spurred by an endless desire to understand the war to end all wars However this book moves beyond military narrative to offer a much fuller analysis of the conflict s strategic political economic social and cultural impact Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences for both soldiers and civilians for science and technology for national politics and for pan European revolution The war left a long term legacy for victors and vanquished alike It created new frontiers changed the balance of power and influenced the arts national memory and political thought The reach of this account is global showing how a conflict among European powers came to involve their colonial empires and embraced Japan China the Ottoman Empire

Latin America and the United States Transactions of the Royal Historical Society: Volume 14 Aled Jones, 2005-05-05 The Transactions of the Royal Historical Society publish an annual collection of major articles representing some of the best historical research by some of the world's most distinguished historians **A Liberal Chronicle in Peace and War** Cameron Hazlehurst, Christine Woodland, 2023-05-19 Jack Pease was at the heart of the British Liberal government from 1908 to 1915 holding the position of Chief Whip through two general elections and a member of the Cabinet confronting domestic tumult international tensions and war Pease was an unassuming participant in the deliberations of a unique gathering of political talent His journals as President of the Board of Education from 1911 to the formation of the coalition ministry in 1915 are a closely observed unvarnished record of what he saw and heard in Downing St and Westminster constitutional and Home Rule crises industrial conflict electoral reform women's suffrage controversies struggles over budgets naval estimates and foreign policy Despite his Quaker beliefs Pease committed to supporting war against Germany and his troubled conscience is laid bare in letters to his wife and friends Replete with intimate portraits of his revered chief H H Asquith and the Prime Minister's social circle the journals also provide evocative observations of the contest of ideas arguments and moods of prominent contemporaries especially David Lloyd George as Chancellor of the Exchequer Winston Churchill as Home Secretary then First Lord of the Admiralty and Lord Kitchener as Secretary of State for War Pease's candid accounts augmented by the diaries and letters of others privy to Cabinet policy secrets and personal rivalries reveal the stories not told in the Prime Minister's reports to the King Together with the editors' biographical introduction extensive explanatory commentaries and bibliographical guidance Pease's text provides a uniquely comprehensive understanding of Asquith's Liberal government in peace and war *Britishness Since 1870* Paul Ward, 2004 Thematically organized this book examines the forces that have contributed to a sense of Britishness and how this has been mediated by other identities such as class gender region ethnicity and the sense of belonging to the UK and Ireland Claiming the City Shelton Stromquist, 2023-02-14 Winner of the International Labor History Association ILHA 2023 Book of the Year Award for labor history For more than a century municipal socialism has fired the imaginations of workers fighting to make cities livable and democratic At every turn propertied elites challenged their right to govern Prominent US labor historian Shelton Stromquist offers the first global account of the origins of this new trans local socialist politics He explains how and why cities after 1890 became crucibles for municipal socialism Drawing on the colorful stories of local activists and their social democratic movements in cities as diverse as Broken Hill Christchurch Malm Bradford Stuttgart Vienna and Hamilton OH the book shows how this new urban politics arose Long governed by propertied elites cities in the nineteenth century were transformed by mass migration and industrialization that tore apart their physical and social fabric Amidst massive strikes and faced with epidemic disease fouled streets unsafe water decrepit housing and with little economic security and few public amenities urban workers invented a local politics that promised to democratize cities they might themselves govern

and reclaim the wealth they created This new politics challenged the class power of urban elites as well as the centralizing tendencies of national social democratic movements Municipal socialist ideas have continued to inspire activists in their fight for the right of cities to govern themselves

Handbook of British Literature and Culture of the First World War Ralf Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War

The Great War, 1914-1918 Ian Frederick William Beckett, 2001 The Great War scarred both the people and the popular imagination of Europe No previous war matched it in scale brutality and futility The course of events has been told many times spurred by an endless desire to understand the war to end all wars However this impressive book moves beyond military narrative to offer a much fuller analysis of the conflict s impact strategic political social and cultural Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences Mobilisation had a massive impact both on soldiers and female civilians producing radical changes to people s way of life which stimulated political change Science and technology created a new brand of industrialised warfare and were accelerated by the imperative of victory The insecurity and strain of war created dissidence and mutiny engendering revolution in Germany Austria Hungary and Russia The war left a long term legacy for victors and vanquished alike It created new frontiers and changed the balance of power influenced the arts national memory and political thought The reach of this account is global showing how a conflict amongst European powers came to involve their colonial empires and embrace Japan China the Ottoman Empire Latin America and the United States This is a bold and original book offering a thematic study of a war that was famously and quite rightly labelled as the seminal event of the twentieth century Ian Beckett is Professor of History Luton University UK
