Representative Government in Modern Europe Michael Gallagher, Michael Laver, Peter Mair, 1995 **eBook:**
Representative Government in Modern Europe, 5e GALLAGHER, 2021-04-09 eBook *Representative Government in Modern Europe 5e* *Representative Government in Modern Europe* Gallagher, Laver, Mair, 2014-03-01 **European Politics Today** Geoffrey K. Roberts, Patricia Hogwood, 1997 In this new textbook Geoffrey Roberts and Patricia Hogwood provide an up to date introduction to the political system and processes of Western Europe They show that political decisions are not made in a vacuum but in the context of specific historical developments geographical constraints and social demands

Executive-legislative (Im)balance in the European Union Diane Fromage, Anna Herranz-Surrallés, 2021-02-11 Ten years after the entry into force of the Lisbon Treaty has executive predominance in EU related matters disappeared How have executive legislative relations in the EU evolved over a crisis ridden decade from the financial and migration crises to Brexit and the COVID 19 pandemic The Lisbon Treaty could be expected to lead to the re balancing of powers in favour of parliaments for it significantly enhanced the roles of both the European Parliament and national parliaments A decade later the contributions to this edited volume examine for the first time in such an extensive breadth and from a multi level and cross policy perspective whether this has actually materialised They highlight that diverging tendencies may be observed and that important variations over time have occurred depending particularly on the occurrence of crises As stated in the fascinating epilogue by Peter Lindseth University of Connecticut School of Law this is an admirably coherent collective volume whose contributions provide an excellent overview of key aspects of executive legislative relations in the European system since the Treaty of Lisbon This edited volume will hence be of interest to both academics and practitioners interested in future reforms designed at the European and national levels to improve the EU s democratic quality **Parliamentary Elites in Central and Eastern Europe** Elena Semenova, Michael Edinger, Heinrich Best, 2013-12-13 Legislators are entrusted with key parliamentary functions and are important figures in the decision making process Their behaviour as political elites is as much responsible for the failures and successes of the new democracies as their institutional designs and constitutional reforms This book provides a comparative examination of representative elites and their role in democratic development in post communist Central and Eastern Europe CEE It argues that as the drivers of the transformation process in CEE individual and collective parliamentary actors matter The authors provide an in depth analysis of representatives from eleven national parliaments and explore country specific features of recruitment and representation They draw on an integrated dataset of parliamentary elites for individual party family and parliamentary variables over the 20 years following the collapse of Communism and develop a common framework for the analysis of variations in democratisation and political professionalisation between parliaments and political parties party families across CEE This unique volume will be of interest to students and scholars of comparative politics elite research post communist politics democratisation legislative studies and

parliamentary representation *European Politics Today* Patricia Hogwood, Geoffrey K. Roberts, 2003-10-17 In this new edition Patricia Hogwood and Geoffrey Roberts offer a comprehensive introduction to the political systems and processes of Western Europe The book begins with an overview of the features and events that have shaped the political landscape of Europe up to the end of the 20th century The authors go on to discuss liberal democracy historical sources of conflict between countries electoral systems political parties and interest groups governments and parliaments The final section looks at federalism and EU decision making and concludes with a consideration of how liberal democracies in western Europe have attempted to provide stable government while remaining responsive to changes in society This book has been fully updated to take account of the French British and Italian general elections that have occurred in recent years as well as the momentous changes that have taken place in global politics as a result 9 11 and the preparations for EU enlargement The chapters on the European Union and democracy in Western Europe have also been substantially revised to take account of globalization and recent political corruption issues *Political Representation* Marc Bühlmann, Jan Fivaz, 2016-04-14 In an ideal democracy representatives would entirely reflect citizens views preferences and wishes in their legislative work However real life democracies do not meet this ideal and citizens policy preferences and priorities are mirrored only inadequately This book provides new insights on political representation It is guided by three questions what roles should representatives play Who is actually or should be represented How are the representatives or how should they be connected with the represented Containing contributions from the perspectives of political theory and philosophy as well as quantitative empirical studies the volume demonstrates the need to adapt these established questions to new political realities This text will be of key interest to scholars and students of political representation and parties political theory democratic theory political philosophy and comparative politics *Contemporary Europe* Richard Sakwa, Anne Stevens, 2012-03-28 This fully revised third edition provides a wide ranging introduction to political economic and social life across the whole continent Ideal for students new to the subject this popular text stimulates fresh thinking on issues and debates Political Representation: Communities, Ideas and Institutions in Europe (c. 1200 - c. 1690) , 2018-08-20 Political Representation Communities Ideas and Institutions in Europe c 1200 c 1690 a scholarly collection on representation in medieval and early modern Europe opens up the field of institutional and parliamentary history to new paradigms of representation across a wide geography and chronology as testified by the volume s studies on assemblies ranging from Burgundy and Brabant to Ireland and Italy The focus is on three areas institutional developments of representative institutions in Western Europe the composition of these institutions concerning interest groups and individual participants and the ideological environment of representatives in time and space By analysing the balance between bottom up and top down approaches to the functioning of institutions of representation by studying the actors behind the representative institutions linking prosopographical research with changes in political dialogue and by exploring the ideological world of representation this volume makes a key
