Relics and Writing in Late Medieval England Robyn Malo, 2013-12-06

Relics and Writing in Late Medieval England uncovers a wide ranging medieval discourse that had an expansive influence on English literary traditions Drawing from Latin and vernacular hagiography miracle stories relic lists and architectural history this study demonstrates that as the shrines of England's major saints underwent dramatic changes from c 1100 to c 1538 relic discourse became important not only in constructing the meaning of objects that were often hidden but also for canonical authors like Chaucer and Malory in exploring the function of metaphor and of dissembling language Robyn Malo argues that relic discourse was employed in order to critique mainstream religious practice explore the consequences of rhetorical dissimulation and consider the effect on the socially disadvantaged of lavish expenditure on shrines The work thus uses the literary study of relics to address issues of clerical and lay cultures orthodoxy and heterodoxy and writing and reform

Imagining Jesus Christ in Middle English Literature, 1275-1475 Theresa Tinkle, 2024-09-16 This book interprets Jesus Christ as a complicated disunified literary character in Middle English literature where he appears variously as king traitor victorious conqueror sacrificial lamb heroic knight lover and spouse often as several contradictory figures in a single work These tropes derive from Scripture doctrines about Christ's two natures and theories of redemption This book examines the full range of representations in Southern Passion Northern Passion Pepysian Gospel Harmony Stanzaic Life of Christ Cursor Mundi Nicholas Love's *Mirror of the Blessed Life of Jesus Christ* Sir John Mandeville's *Book the York Play* and Julian of Norwich's

Revelation of Love Although Christ's two natures are well represented in existing scholarship many traditions have been overlooked including commonplace treatments of Christ as both a traitor and king conqueror and sacrificial lamb hero and lover As writers call upon audiences to feel compassion for Jesus's suffering they almost universally express antipathy toward his Jewish torturers complicating our ideas about affective piety In these works the Virgin Mary is less exemplary for her compassion than for her understanding of doctrine In short this book offers new perspectives on vernacular Christology between about 1275 and 1475 Theresa Tinkle is a Professor within the Department of English Language and Literature at the University of Michigan USA as well as Director of the Gayle Morris Sweetland Center for Writing Previous publications include *Medieval Venuses and Cupids Sexuality and Hermeneutics in English Poetry* 1996 and *Gender and Power in Medieval Exegesis* Palgrave 2010 Theresa's academic training and publications include the study of medieval English and Latin literature the medieval reception of the Bible gender and sexuality studies paleography and manuscript studies composition and pedagogy and disability studies
