

REPUBLIC OF LABOR

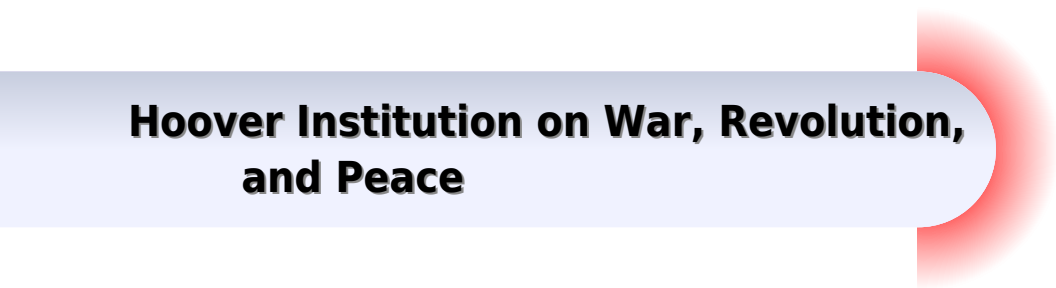

RUSSIAN PRINTERS AND SOVIET SOCIALISM, 1918-1930

DIANE P. KOENKER

Republic Of Labor Russian Printers And Soviet Socialism 1918 193

**Hoover Institution on War, Revolution,
and Peace**

Republic Of Labor Russian Printers And Soviet Socialism 1918 193:

Republic of Labor Diane Koenker, 2005 *Republic of labor* illuminates the lived experience of Russia's printers workers who differed from their comrades because of their skill and higher wages but who shared the same challenges of economic hardship and dangerous conditions *Republic of Labor* Diane P. Koenker, 2018-07-05 The long decade from the October Revolution to 1930 was the beginning of a great experiment to create a socialist society Throughout these years socialist trade unions attempted to transform the Russian worker into a productive and enthusiastic participant in this new order How did the workers themselves react to these efforts To what extent were they and their culture transformed into the ideal forms proclaimed in the official ideology In *Republic of Labor* Diane P Koenker illuminates the lived experience of Russia's printers workers who differed from their comrades because of their skill and higher wages but who shared the same challenges of economic hardship and dangerous conditions Paying close attention to the links between work politics and the everyday the author focuses on workers efforts to define their place in socialist society Gender issues are also emphasized and here we see the persistence of a masculinist working class culture counterposed to an official culture promoting gender equality Through this engaging narrative Koenker develops a highly original discourse about class in Soviet society that will interest all students of Russian history as well as those readers who wish to reinvigorate class as a historical and sociological tool of analysis **A Dream Deferred** Donald A. Filtzer, 2008 This volume brings together the latest work in Russian labour history based on exciting materials from previously closed archives and collections Sixteen essays focusing on peasants and workers explore the lives and struggles of working people Ranging over a century of dramatic upheaval from the late 1800s to the present the essays are organized around three broad themes workers politics incentives and coercion within industrial and rural workplaces and household strategies The volume explores the relationship between the peasantry and the working class a nexus that has been central to state policy oppositional politics economic development and household configuration It profiles a working class rent by divisions and defined not only by its relationship to the workplace or the state but also by its household strategies for daily survival The essays explore many topics accessible for the first time including the motivations of women workers roots of revolutionary activism the revolutionary movement outside the great cities socialist opposition to the Soviet regime reactions of workers to Stalinist terror socialist tourism peasant families in forced exile and work discipline on the collective farms *No Less Than Mystic* John Medhurst, 2017-08-22 Published in the centenary year of the 1917 Russian Revolution *No Less Than Mystic* is a fresh and iconoclastic history of Lenin and the Bolsheviks for a generation uninterested in Cold War ideologies and stereotypes Although it offers a full and complete history of Leninism 1917 the Russian Civil War and its aftermath the book devotes more time than usual to the policies and actions of the socialist alternatives to Bolshevism to the Menshevik Internationalists the Socialist Revolutionaries SRs the Jewish Bundists and the anarchists It prioritises Factory Committees local Soviets the Womens Zhenotdel movement Proletkult and the Kronstadt

sailors as much as the statements and actions of Lenin and Trotsky Using the neglected writings and memoirs of Mensheviks like Julius Martov SRs like Victor Chernov Bolshevik oppositionists like Alexandra Kollontai and anarchists like Nestor Makhno it traces a revolution gone wrong and suggests how it might have produced a more libertarian emancipatory socialism than that created by Lenin and the Bolsheviks Although the book broadly covers the period from 1903 the formation of the Bolsheviks and Mensheviks to 1921 the suppression of the Kronstadt rebellion and explains why the Bolshevik Revolution degenerated so quickly into its apparent opposite it continually examines the Leninist experiment through the lens of a 21st century de centralised ecological anti productivist and feminist socialism Throughout its narrative it interweaves and draws parallels with contemporary anti capitalist struggles such as those of the Zapatistas the Kurds the Argentinean Recovered Factories Occupy the Arab Spring the Indignados and Intersectional feminists attempting to open up the past to the present and points in between We do not need another standard history of the Russian Revolution This is not one

Seasoned Socialism Anastasia Lakhtikova,Angela Brintlinger,Irina Glushchenko,2019-04-04 This essay anthology explores the intersection of gender food and culture in post 1960s Soviet life from personal cookbooks to gulag survival Seasoned Socialism considers the relationship between gender and food in late Soviet daily life specifically between 1964 and 1985 Political and economic conditions heavily influenced Soviet life and foodways during this period and an exploration of Soviet women s central role in the daily sustenance for their families as well as the obstacles they faced on this quest offers new insights into intergenerational and inter gender power dynamics of that time Seasoned Socialism considers gender construction and performance across a wide array of primary sources including poetry fiction film women s journals oral histories and interviews This collection provides fresh insight into how the Soviet government sought to influence both what citizens ate and how they thought about food
