

REPUBLIC OF EGOS

A SOCIAL HISTORY
OF THE SPANISH
CIVIL WAR

MICHAEL SEIDMAN

Republic Of Egos

Mark Bray

Republic Of Egos:

Republic of Egos Michael Seidman, 2002-11-23 Most histories of the Spanish Civil War 1936-1939 have examined major leaders or well established political and social groups to explore class gender and ideological struggles The war in Spain was marked by momentous conflicts between democracy and dictatorship Communism and fascism anarchism and authoritarianism and Catholicism and anticlericalism that still provoke our fascination In **Republic of Egos** Michael Seidman focuses instead on the personal and individual experiences of the common men and women who were actors in a struggle that defined a generation and helped to shape our world By examining the roles of anonymous individuals families and small groups who fought for their own interests and survival and not necessarily for an abstract or revolutionary cause Seidman reveals a powerful but rarely considered pressure on the outcome of history He shows how price controls and inflation in the Republican zone encouraged peasant hoarding black marketing and unrest among urban workers Soldiers of the Republican Army responded to material shortages by looting deserting and fraternizing with the enemy Seidman's focus on average seemingly nonpolitical individuals provides a new vision of both the experience and outcome of the war

The Compleat Psychic Ruth Brown, **Antifa** Mark Bray, 2017-08-14 The National Bestseller Focused and persuasive Bray's book is many things the first English language transnational history of antifa a how to for would be activists and a record of advice from anti Fascist organizers past and present THE NEW YORKER As long as there has been fascism there has been anti fascism also known as antifa Born out of resistance to Mussolini and Hitler the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt right In a smart and gripping investigation historian and activist Mark Bray provides a detailed survey of the full history of anti fascism from its origins to the present day the first transnational history of postwar anti fascism in English Today critics say shutting down political adversaries is anti democratic antifa adherents argue that the horrors of fascism must never be allowed the slightest chance to triumph again Bray amply demonstrates that antifa simply aims to deny fascists the opportunity to promote their oppressive politics and to protect tolerant communities from acts of violence promulgated by fascists Based on interviews with anti fascists from around the world Antifa details the tactics of the movement and the philosophy behind it offering insight into the growing but little understood resistance fighting back against fascism in all its guises

The Penguin History of Modern Spain Nigel Townson, 2023-04-13 The best account in a single volume of Spain since 1898 exemplary for concision and for accuracy in the use of language as well as for equanimity and generosity of spirit Felipe Fern ndez Armesto TLS A revelatory new history of Spain from the late nineteenth century to the twenty first Spain is different proclaimed the Franco regime in the 1940s keen to attract foreign tourists For the most part the world has agreed From the end of its glorious empire in 1898 to the dazzling World Cup victory in 2010 the prevailing narrative of modern Spain has emphasized the country's peculiarity Generations of historians and readers have been transfixed by its implosion into civil war in the 1930s seduced by the valiant struggle of the

republicans horrified by the barbarity of the dictatorship which followed Franco's Spain was seen as an anomaly in the midst of prosperous and permissive post war Western Europe But as Nigel Townson shows in this richly layered and exciting new history beyond the familiar image there lies a radically different history of Spain of a dynamic and progressive society that fits firmly into the narrative of modern Europe Drawing on over forty years of post Franco scholarship The Penguin History of Modern Spain transforms our knowledge of Spain and its politics society economics and culture It interweaves cutting edge Spanish led research never before published in English and testimonies of peasants housewives soldiers workers entrepreneurs feminists and worker priests for an original and surprising portrait which allows us at last to discern the country behind the veil of propaganda and romantic myths which still endure today Reluctant Warriors James Matthews,2012-07-12 Reluctant Warriors challenges traditional political interpretations of the Spanish Civil War and sets it in a new and immediately human light It is a comparative study of Nationalist Army and Republican Popular Army conscripts and analyses the conflict from the perspective of those who were involved against their will While militants on both sides joined the conflict voluntarily millions of Spanish men coped with the military uprising as an unwanted intrusion into their lives James Matthews firstly examines the climate in which both sides implemented mass conscription within their zones He analyses the process of conscription from call up to placement in a unit and looks at the methods employed to motivate and maintain the morale of drafted men as well as the approaches to discipline in the two armies Finally he examines situations in which men avoided front line service These accounted for constant manpower losses on both sides and were particularly marked for the Republic Reluctant Warriors reveals that the Nationalist Army managed its conscripted men better than the Republican Popular Army a vital factor in determining the ultimate outcome of the war **Spain at War** James Matthews,2019-04-18 Spain's principal and most devastating war during the 20th century was unusually for most of Europe an internal conflict During the Spanish Civil War of 1936 to 1939 two competing armies the insurgent and counterrevolutionary Nationalist Army and the Republican Popular Army engaged in a conflict to impose their version of Spanish identity and the right to shape the country's future In its aftermath Francoist Spain remained on a war footing for the duration of the Second World War In spite of the unabated flood of books on the Spanish Civil War and its consequences historians of Spain in the 20th century have focused relatively little on the interaction of society and culture and their roles in wartime mobilization Spain at War addresses this omission through an examination of individual experiences of conflict and the mobilization of society This edited volume acknowledges the agency of low ranking individuals and the impact of their choices upon the historical processes that shaped the conflict and its aftermath In doing so this new military history provides a more complex and nuanced understanding of Spain's most intense period of wartime cultural mobilization between the years 1936 to 1944 and challenges traditional political accounts of the period **Esfir Shub** Ilana Shub Sharp,2021-12-30 Esfir Shub was the only prominent female director of nonfiction film present at the dawning of the Soviet film industry She

was in fact the first woman both to write critical texts on cinema and then practically apply these theorisations in her own films. As such, her syncretism of cinema theory and praxis inspired her to ask questions regarding both the nature of nonfiction film such as the problem of authenticity and reality and the function of the artist in society issues which are still relevant in contemporary discussions about the documentary. Accordingly, this book demonstrates Shub's position not only as a significant filmmaker and recognised member of the early Soviet avant garde but also as a key figure in global cinema history. Shub deserves recognition both as the founder and ardent promoter of the compilation film genre and as a pioneer of the theory and practice of documentary filmmaking.

Modern Spain Jon Cowans, 2003-05-12 Immediately useful to anyone interested in Spanish history and culture. *Virginia Quarterly Review*

International Communism and the Spanish Civil War Lisa A. Kirschenbaum, 2015-07-28 This book provides an intimate picture of international communism in the Stalin era. Focusing on Americans and Spaniards who worked or studied in Moscow and later participated in the Spanish civil war, it uncovers the personal and political ties that linked communists to one another and the Soviet Union.

A Concise History of Spain William D. Phillips, Jr., Carla Rahn Phillips, 2010-07-01 The rich cultural and political life of Spain has emerged from its complex history from the diversity of its peoples and from continual contact with outside influences. This book traces that history from prehistoric times to the present, focusing particularly on culture, society, politics, and personalities. Written in an engaging style, it introduces readers to the key themes that have shaped Spain's history and culture. These include its varied landscapes and climates, the impact of waves of diverse human migrations, the importance of its location as a bridge between the Atlantic and the Mediterranean and Europe and Africa, and religion, particularly militant Catholic Christianity and its centuries of conflict with Islam and Protestantism, as well as debates over the place of the Church in modern Spain. Illustrations, maps, and a guide to further reading, major cultural figures, and places to see make the history of this fascinating country come alive.

The Enigmatic Realm of **Republic Of Egos**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Republic Of Egos** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
