Conscription, US Intervention and the Transformation of Ireland 1914-1918 Emmanuel Destenay, 2022-03-10 This book analyses the relationship between the Irish home rule crisis the Easter Rising of 1916 and the conscription crisis of 1918 providing a broad and comparative study of war and revolution in Ireland at the beginning of the Twentieth Century Destenay skilfully looks at international and diplomatic perspectives as well as social and cultural history to demonstrate how American and British foreign and domestic policies either thwarted or fed directly or indirectly the Irish Revolution He readdresses and at times redresses the well established but somewhat inaccurate conclusion that Easter Week 1916 was the major factor in radicalizing nationalist Ireland This book provides a more nuanced and gradualist account of a transfer of allegiance how fears of conscription aroused the bitterness and mistrust of civilian populations from August 1914 onwards By re situating the Irish Revolution in a global history of empire and anti colonialism this book contributes new evidence and new concepts Destenay convincingly argues that the fears of conscription have been neglected by Irish historiography and this book offers a fresh appraisal of this important period of history
