Research Methods For The Social Sciences Practice And Applications:

Research Methods for the Social Sciences Robert J. Mutchnick, Bruce Lawrence Berg, 1996 This workbook text is designed as a stand alone text or a hands on applications supplement for any of the standard texts on research methods in the social sciences It presents examples from a range of current studies with a research summary explaining how the methodology was used Students then apply the methodology themselves in exercises working through each step of the research Accompanying the text are abstract reprints from a broad cross section of social science journals By providing concise coverage of many different research topics this text assures instructors maximum flexibility of selecting material suitable for any course and accompanying text

Research Methods for Criminal Justice and the Social Sciences

Connie Ireland, Bruce Lawrence Berg, Robert J. Mutchnick, 2010 Research Methods for Criminal Justice and the Social Sciences combines a traditional research book with exercises that allow students to experience research in a controlled environment It is a companion methods manual for use with most traditional social scientific research textbooks This book offers readers basic information about methodological concerns brief readings and a variety of practices exercises relating to those readings Some features of this book Each chapter begins with a BRIEF discussion of the elements relevant to a basic understanding of research methods After each section of each chapter are several abstracted reprints containing basic intros of published articles Each reading is then followed with an Application Exercise which relates to the methodological procedure in the abstracted reprint all exercises were designed to be completed by college students and allows them to get their hands dirty with the This is a perfect resource for individuals interested in the field of criminal justice criminology or sociology
