

What is Political Sociology and What is the relevance of Political Sociology?

Olayinka Akanle (PhD)

Abstract:

Political Sociology is a sub-field of Sociology. The sub-field is, however, one of the most little known subfields of the discipline. This little popularity of Political Sociology is a great problem for students and practitioners as there are no sufficient knowledge and materials on the area. Another major challenge of the sub-field is the boundary it shares with Political Science making it controversial and misunderstood. This video is an epistemic intervention relative to Political Sociology.
