Shakespeare Eyewitnesss:

Eyewitness Shakespeare, 2008 *Shakespeare* Peter Chrisp, 2002 Presents the life and work of the English playwright William Shakespeare and provides information about the theater of sixteenth century London Eyewitnesses of Shakespeare Gâmini Salgãdo, 1975 *The Cambridge Introduction to Shakespeare's Tragedies* Janette Dillon, 2007-03-08

Macbeth clutches an imaginary dagger Hamlet holds up Yorick's skull Lear enters with Cordelia in his arms Do these memorable and iconic moments have anything to tell us about the definition of Shakespearean tragedy Is it in fact helpful to talk about Shakespearean tragedy as a concept or are there only Shakespearean tragedies What kind of figure is the tragic hero Is there always such a figure What makes some plays more tragic than others Beginning with a discussion of tragedy before Shakespeare and considering Shakespeare's tragedies chronologically one by one this 2007 book seeks to investigate such questions in a way that highlights both the distinctiveness and shared concerns of each play within the broad trajectory of Shakespeare's developing exploration of tragic form Shakespeare's Mystery Play Stephen T. Sohmer, 1999 Through considerable detective work this work sets out to show that Julius Caesar was the first play performed at the new Globe Theatre on 12 June 1599 Drawing on many areas of expertise which are rarely allied in Shakespeare scholarship to such an extent including biblical liturgical social and theatrical history the author sheds new light not only on Julius Caesar but on a variety of accepted beliefs These include why Hamlet was not crowned king when his father died why Brutus would not swear to murder Caesar why the Elizabethan authorities retained the Julian calendar and why the orthodox dates of the first composition of both Twelfth Night and Hamlet can be called into question *Eyewitness Shakespeare* Peter Chrisp, 2015

Explore the life of history's most famous playwright from his Elizabethan world to the stories that inspired him **Secrets of the Sonnets: Shakespeare's Code** Peter Jensen, 2006-08-17 1 Shakespeare William 1564 1616 Shakespeare's Sonnets Substitution code 1609 Quarto 2 The Poet William Shakespeare The Youth Henry Wriothesley The Dark Lady Aemelia Bessano Lanyer The Rival Poet Christopher Marlowe Deciphering Time and Timeline Names and Identities Shakespeare's Early History Plays Dominique Goy-Blanquet, 2003 Like many of his fellow playwrights Shakespeare turned to national history for inspiration In this study Dominique Goy-Blanquet provides a close comparison of the Henry VI plays and Richard III with their historical and theatrical sources demonstrating how Shakespeare was able to meet not only the ideological but also the technical problems of turning history into drama how by cutting carving shaping casting his unwieldy material into performable plays he matured into the most influential dramatist and historian of his time Recent criticism of Shakespeare's history plays has often consisted of fierce arguments over their ideological import and Shakespeare's position on the spectrum of current political opinions This book however stems from the belief that a more constructive starting point for research is the exploration of the technical problems raised by turning heavy narratives into performable plays rather than the political motives that could inspire a playwright's representation of national history Illuminating and instructive

Shakespeare's Early History Plays includes not only close investigation of the verbal poetic and political texture of the plays but also provides a broad overview of the wider sixteenth century historiographical contexts of the plays and their significance to Shakespeare's oeuvre more generally

A Companion to Shakespeare's Works, Volume I Richard Dutton, Jean E. Howard, 2008-04-15 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's tragedies contains original essays on every tragedy from Titus Andronicus to Coriolanus as well as thirteen additional essays on such topics as Shakespeare's Roman tragedies Shakespeare's tragedies on film Shakespeare's tragedies of love Hamlet in performance and tragic emotion in Shakespeare

Shakespeare's Theater of Nature Aaron Kitch, 2025-03-06 Shakespeare's Theater of Nature argues that Shakespeare combined art and nature in new ways while experimenting with relations between words images and objects as sources of knowledge and pleasure Shakespeare's re centering of nature as a source of theatrical representation in a range of plays follows debates in natural philosophy and theology about how to understand divinity in and through the order of nature ordo creationis Early chapters analyze early modern reframing of nature by printed books of botany cosmology and history as well Tudor interludes that center nature as a subject while later chapters offer readings of eight plays by Shakespeare that draw on classical medieval and early modern debates in natural philosophy and theology to create new modes of dramatic mimesis
