**Los cuatro tiempos de un pueblo** Rodrigo Mendirichaga,1985 *La resistencia republicana en las entidades federativas de México* Patricia Galeana,2013-08-05 El propósito de esta obra es estudiar cómo se vivió este proceso histórico en cada rincón de México La historia de este país no se puede comprender a cabalidad sin analizar lo acontecido en los estados de la República Las historias matricias conforman a la historia patria Hay aspectos comunes en todas las regiones El país entero se dividió entre republicanos y monarquistas pero en todas a pesar de sus conflictos políticos internos se formaron juntas patrióticas y se organizó la resistencia republicana En la medida de sus posibilidades colaboraron con hombres y pertrechos en la defensa del país La lucha contra la intervención extranjera cohesionó a la nación mexicana **Deference and Defiance in Monterrey** Michael Snodgrass,2003-06-02 The first comprehensive history of labour relations and the working class in twentieth century Monterrey Deference and Defiance explores how both workers and industrialists perceived responded to and helped shape the outcome of Mexico's revolution Snodgrass's narrative covers a sixty year period that begins with Monterrey's emergence as one of Latin America's pre eminent industrial cities He then explores the roots of two distinct and enduring systems of industrial relations that were both historical outcomes of the revolution company paternalism and militant unionism By comparing four local industries steel beer glass and smelting Snodgrass demonstrates how workers and managers collaborated in the development of paternalistic labour regimes that built upon working class traditions of mutual aid as well as elite resistance to state labour policies Deference and Defiance in Monterrey thus offers an urban and industrial perspective to a history of revolutionary Mexico that remains overshadowed by studies of the countryside *Nuevo León ocupado* Miguel A. González Quiroga,César Morado Macías,2006 Monterrey en el espejo Pablo Landa,Pablo Landa Ruiloba,2012 *Todos los caminos conducen al norte* Nora Guzmán,2009 *War of a Thousand Deserts* Brian DeLay,2008-11-01 In the early 1830s after decades of relative peace northern Mexicans and the Indians whom they called the barbarians descended into a terrifying cycle of violence For the next fifteen years owing in part to changes unleashed by American expansion Indian warriors launched devastating attacks across ten Mexican states Raids and counter raids claimed thousands of lives ruined much of northern Mexico's economy depopulated its countryside and left man made deserts in place of thriving settlements Just as important this vast interethnic war informed and emboldened U S arguments in favor of seizing Mexican territory while leaving northern Mexicans too divided exhausted and distracted to resist the American invasion and subsequent occupation Exploring Mexican American and Indian sources ranging from diplomatic correspondence and congressional debates to captivity narratives and plains Indians pictorial calendars War of a Thousand Deserts recovers the surprising and previously unrecognized ways in which economic cultural and political developments within native communities affected nineteenth century nation states In the process this ambitious book offers a rich and often harrowing new narrative of the era when the United States seized half of Mexico's national territory Historia de la
