Lost Johannesburg:

Lost Johannesburg Arnold Benjamin, 1979 **Lost and Found in Johannesburg** Mark Gevisser, 2024-05-01 An intimate map of the South African city during and after apartheid Illuminating unsettling engrossing often funny and in a word brilliant Claire Messud New York Times bestselling author of *This Strange Eventful History* *Lost and Found in Johannesburg* begins with a transgression the armed invasion of a private home in the city of Mark Gevisser's birth But far more than a harrowing account of a break in this is a daring exploration of place and the boundaries upon which identities are mapped As a white child in apartheid South Africa Gevisser becomes obsessed with a street guide called *Holmden's Register of Johannesburg* which literally erases entire black townships Johannesburg he realizes is full of divisions between black and white rich and poor gay and straight In this book he embarks on a quest to understand the inner life of his city using maps family photographs shards of memory newspaper clippings and courtroom testimony to chart his intimate history of Johannesburg He traces his family's journey from a Lithuanian shtetl to the white suburban neighborhoods where separate servants quarters were legally required at every house Gevisser who eventually marries a black man tells stories of others who've learned to define themselves within across and against the city's boundaries He recalls the double lives of gay men like Phil and Edgar the ever present housekeepers and gardeners and the private swimming pools where blacks and whites could be discreetly intimate And he explores physical barriers like *The Wilds* a large park dividing Johannesburg's affluent Northern Suburbs from two of its poorest neighborhoods It is this park that the three men who held Gevisser at gunpoint crossed the night of their crime An ode to both the marked and unmarked landscape of one man's past *Lost and Found in Johannesburg* is an existential guide to one of the most complex cities on earth Gevisser is unflinching in his account of the complex contradictions that still haunt his country *The New Yorker* Outstanding Mark Gevisser does for Johannesburg what Orhan Pamuk did for Istanbul as intimate and sophisticated a guide as one would wish for to this great troubled metropolis Teju Cole PEN Hemingway Award winning author of *Open City* Brilliantly maps out multiple worlds fractured by race class and history as complex and beautiful as any memoir I've ever read Dinaw Mengestu author of *Someone Like Us* An often moving account of the ways we navigate our emotional and geographical landscapes *Kirkus Reviews* *Johannesburg* Keith Beavon, 2022-08-01 Until now there has been no single text that brings together the material that reveals the unfolding geography of Johannesburg South Africa This book describes the history of the city from its days as a mining camp to its position of premier metropolis in Africa The present geography of Johannesburg and the problems and dysfunctions that is hat exhibited at various stages in its history since 1886 cannot be understood without a firm grasp of what has evolved of the past 120 years **Johannesburg Then and Now** Marc Latilla, 2018-10-01 In less than a century the jumble of shabby tents and lean tos that constituted Johannesburg's first settlement has grown into a modern metropolis of towering office buildings high rise apartments and sprawling suburbs Its rapid development has been in no small measure the result of the fabulous

wealth that lay in the goldrich deposits of the now famous Witwatersrand basin The story of gold is also the story of Johannesburg and in a fascinating series of photographic juxtapositions Johannesburg Then and Now chronicles the city s expansion from dusty mining camp to economic powerhouse Rare archival photographs dating from the 1880s to the 1940s are contrasted with vivid scenes of the modern city providing a hitherto untold portrait of the Place of Gold Where possible the modern day photographs have been shot from the same locations as the originals Detailed captions provide fascinating comparisons between the old and the new while also illuminating features that have remained the same Johannesburg Then and Now is a superb collection of images and text that will delight both local residents and visitors Sales points Fascinating portrait of early and modern Johannesburg Rare archival photographs 1880 1950 many never published before Informative and well researched text Beautiful and elegantly designed coffee table book Excellent gift and keepsake Companion volume to the successful Cape Town Then and Now Wake Up, This Is Joburg Tanya Zack, Mark Lewis, 2022-09-19 A single image taken from a high rise building in inner city Johannesburg uncovers layers of history from its premise and promise of gold to its current improvisations It reveals the city as carcass and as crucible where informal agents and processes spearhead its rapid reshaping and transformation In Wake Up This Is Joburg writer Tanya Zack and photographer Mark Lewis offer a stunning portrait of Johannesburg and personal stories of some of the city s ordinary odd and outrageous residents Their photos and essays take readers into meat markets where butchers chop cow heads the eclectic home of an outsider artist that features turrets and full of manikins long abandoned gold pits beneath the city where people continue to mine informally and lively markets taxi depots and residential high rises Sharing people s private and work lives and the extraordinary spaces of the metropolis Zack and Lewis show that Johannesburg s urban transformation occurs not in a series of dramatic wide scale changes but in the everyday lives actions and dreams of individuals *Zimbabwe's Lost Decade* Lloyd Sachikonye, 2012-04-24 Zimbabwe occupies a special place in African politics and international relations and has been the subject of intense debates over the years At independence in 1980 the country was better endowed than most in Africa and seemed poised for economic development and political pluralism The population was relatively well educated the industrial and agricultural bases were strong and levels of infrastructure were impressive However in less than two decades Zimbabwe was mired in a deep political and economic crisis Towards the end of its third decade of independence the economy had collapsed and the country had been transformed into a repressive state How can we make sense of this decline How can we explain the lost decade that followed Can the explanation be reduced to the authoritarian leadership of Robert Mugabe and role of ZANU PF Or was something defective about the institutions through which the state has exercised its authority Or was it the result of imperialism the West and sanctions Zimbabwe's Lost Decade draws on Lloyd Sachikonye's analyses of political developments over the past 25 years It offers a critique of leadership systems of governance and economic strategies and argues for democratic values and practices and more broad based participation in the development process The

From Things Lost Shirli Gilbert, 2017-05-15 An intimate history of the Holocaust that casts new light on our understanding of victimhood and survival In May 1933 a young man named Rudolf Schwab fled Nazi Germany His departure allegedly came at the insistence of a close friend who later joined the Party Schwab eventually arrived in South Africa one of the few countries left where Jews could seek refuge and years later resumed a relationship in letters with the Nazi who in many ways saved his life From Things Lost Forgotten Letters and the Legacy of the Holocaust is a story of displacement survival and an unlikely friendship in the wake of the Holocaust via an extraordinary collection of letters discovered in a forgotten trunk Only a handful of extended Schwab family members were alive in the war's aftermath Dispersed across five continents their lives mirrored those of countless refugees who landed in the most unlikely places Over years in exile a web of communication became an alternative world for these refugees a place where they could remember what they had lost and rebuild their identities anew Among the cast of characters that historian Shirli Gilbert came to know through the letters one name that appeared again and again was Karl Kipfer He was someone with whom Rudolf clearly got on exceedingly well there was lots of joking familiarity and sentimental reminiscing That was Grandpa's best friend growing up Rudolf's grandson explained to Gilbert He was a Nazi and was the one who encouraged Rudolf to leave Germany He also later helped him to recover the family's property Gilbert takes readers on a journey through a family's personal history wherein we learn about a cynical Karl who attempts to make amends for his undemocratic past and a version of Rudolf who spends hours aloof at his Johannesburg writing desk dressed in his Sunday finest holding together the fragile threads of his existence The Schwab family's story brings us closer to grasping the complex choices and motivations that even in extreme situations or perhaps because of them make us human In a world of devastation the letters in From Things Lost act as a surrogate for the gravestones that did not exist and funerals that were never held Readers of personal accounts of the Holocaust will be swept away by this intimate story
