The Lost Language of Cranes David Leavitt, 2014-06-30 One of his generation's most gifted writers New York Times An amazingly perceptive novel San Francisco Chronicle Fascinating lingers in the mind New York Times Book Review Owen and Rose are facing serious challenges to their married life of routine and monotony as New York City grows and changes around them They spend most Sundays apart while Rose buries herself in crosswords and newspapers Owen visits gay porn theaters But when they discover they may lose their apartment and their son prompted by his new relationship reveals his homosexuality their lives cannot continue as they were Owen and Rose are forced to confront not only their son's revelation but also Owen's latent homosexuality Poignant and lingering this is a tale of love and relationships secrets and unspoken desires *Gay Men's Literature in the Twentieth Century* Mark Lilly, 1993-11 In gay men's writing tenderness lies side by side with rage existential rejection of convention rubs shoulders with sexual hedonism Beginning with Wilde's and Byron's existentialist outlaw the theme of social rebellion and the fight against conformity form a common link among the literary works of the twentieth century But mainstream academic criticism has shown itself for the most part incapable of engaging gay work without distorting or ignoring its most central features **Huxford's Old Book Value Guide** Bob Huxford, Sharon Huxford, 1995-03 Nearly 25 000 titles with current values fill this hardbound book Much more than just a typical price guide the book is a directory with scores of actual buyers listed by the subject matter they are searching for as well as dealers offering the books at listed prices It will put you in touch with a person interested in buying or selling the books you have piled on your bookshelves *Book Prices: Used and Rare, 1994* Edward N. Zempel, 1994 **Curriculum Histories in Place, in Person, in Practice** Petra Hendry, Molly Quinn, Roland Mitchell, Jacqueline Bach, 2023-03-10 This book situates the Curriculum Theory Project at Louisiana State University within a larger historical framework of curriculum work examining the practices which have sustained this type of curricular vitality over the lifetime of the field's existence Divided into seven parts the authors illuminate seven practices which have sustained the scholarship graduate programs mentorship and networking that have been critical to maintaining a web of international relationships This exploration and coming together of intergenerational stories reveals a more complete and nuanced narrative of the development of curriculum theory over the last 60 years Crucially the project exemplifies the continuing resilience of curriculum theory despite ongoing neo liberal aspirations to reframe education as a business Reflecting upon the lived experiences and articulated memories of those who have participated in the project and analysis of documents collected over its 25 year history it considers curriculum history in writ large through and from this lens of practice As such it opens up fresh insights for cultivating the vitality and vigor of curriculum theory more broadly on an international scale and with a view to future directions for the field It will appeal to both new and experienced scholars working across education foundations urban education philosophy of education and higher education and researchers from across history sociology anthropology ethnic studies and gender studies
