Lost Summer:

The Lost Summer Tony Buttita,2003-12-31 **The Lost Summer** Kathryn Williams,2010-08-26 I died one summer or I almost did Part of me did I don t say that to be dramatic only because it s true For the past nine years Helena Waite has been returning to summer camp at Southpoint Every year the camp and its familiar routines landmarks and people have welcomed her back like a long lost family member But this year she is returning not as a camper but as a counselor while her best friend Katie Bell remains behind All too quickly Helena discovers that the innocent world of campfires singalongs and field days have been pushed aside for late night pranks on the boys camp skinny dipping in the lake and stolen kisses in the hayloft As she struggles to define herself in this new world Helena begins to lose sight of what made camp special and the friendships that have sustained her for so many years And when Ransome her longtime crush becomes a romantic reality life gets even more confusing [The Lost Summer](#) Joan Oppenheimer,1977 **Warships of the Soviet Fleets 1939-1945**

Przemyslaw Budzbon,Jan Radziemski,Marek Twardowski,2022-12-12 Seventy five years after the end of the Second World War the details of Soviet ships their activities and fates remain an enigma to the West In wartime such information was classified and after a brief period of glasnost openness the Russian state has again restricted access to historical archives Therefore the value and originality of this work is difficult to exaggerate It sees the first publication of reliable data on both the seagoing fleets and riverine flotillas of the Soviet Navy listing over 6200 vessels from battleships to river gunboats and mercantile conversions as well as purpose built warships This second part of the three volume series includes all the remaining fighting vessels not already covered in Volume I Beginning with the Uragan class rated as Escort Ships and the first seagoing warships designed by the Soviet Union the book then moves on to Submarine Hunters both large and small Patrol craft Minelayers and Minesweepers and unusual types like Floating Artillery Batteries and Anti Aircraft Defense Ships concluding with Landing Ships and Craft Many of these vessels have hitherto been poorly documented but given the nature of the land centered Soviet war against Germany their contribution should not be underestimated The details of their service and not least the circumstances of their loss constitute a major addition to Western understanding of the Soviet Navy s war effort This is undoubtedly one of the most important naval reference works of recent years and will be welcomed by anyone with an interest in warships the Soviet Navy or wider maritime aspects of the Second World War Furthermore as recent Russian actions appear to revive Soviet era aspirations this book offers both new insights and valuable background of contemporary relevance [Nuclear Summer](#) Louise Krasniewicz,2018-03-15 No detailed description available for Nuclear Summer
