Loves Golden Touch:

Love's Golden Touch Jane Lester, 1981-01-01 Gold Love - The Mobster's Chosen One Jessy Navarro, Leonardo is only in his early twenties and doesn't expect much from life. His father became an alcoholic after his mother died and now Leonardo has to work two jobs to pay the family bills as well as some of his father's debts in nightclubs. He's tired of this life full of hard work to get his father out of trouble which has cost him four jobs. Leonardo went home tired and as soon as he opened the door he was shocked to find three other men in the room in addition to his injured father, one of them pointing a gun at his father's head. The man turned his head to look at him coldly, examining him from head to toe. Leonardo only felt chills down his spine. "Your dear father owes me some money. I gave him a deadline but he didn't meet it and I came to collect the debt. How much? Twenty-eight thousand dollars." What? He was later cornered by Frank Gold, the mobster who seemed to want something more than money.

Love Them Back to Life Ariane Page, 2014-10-09. As the oak tree is summarized in the acorn, so nature is summarized in the human brain. They express a model. Looking at this small acorn though no one can foresee the majestic oak tree it might become. Of course with only its genetic code it will not develop. In the same way humans are called to become what our ancestors and even we cannot foresee. But in order to develop all our potentialities some conditions must be met. We surround this acorn with nutrients, water, earth, and light, allowing it to be part of a living whole. For humans this living whole is nature and society. Alas at this time both have become deficient. The model is not allowed to freely unfold. This model was intuitively grasped by all great traditions. It led psychoanalyst Carl Gustav Jung to find in Taoism principles so vast that they can be applied to the entire humanity. With the rise of modern science though this vision vanished. However, brain research results agree with the model, so science is now on the brink of rediscovering it. In *Love them back to Life*, her second book, Ariane Page takes us on a discovery journey through this model expressed by the human brain as she focuses on love. Love is the tool used by this model, the LIFE Law. Inherent to the Five Elements to eventually lead us to coherence between our physical, emotional, mental, social, and spiritual realities. In that holism we will truly feel alive, happy, and loved.

Clack,2000-08-30 From the Middle Ages to the close of the 17th century alchemy was fundamental to Western culture as scores of experimenters sought to change lead into gold Though its significance declined with the rise of chemistry alchemy continued to captivate the imagination of writers and its images still appear in modern creative works This book examines the literary representation of alchemical theory and the metaphor of alchemical regeneration in the works of Edward Taylor Edgar Allan Poe Nathaniel Hawthorne

and Margaret Fuller While Taylor used alchemical metaphors to illustrate the redeeming grace of God upon the soul these same metaphors were used by Poe Hawthorne and Fuller to depict a broader concept of redemption These later writers used alchemical imagery to describe both the regeneration of the individual and the possible transformation of society For Poe alchemy became a metaphor for the transforming power of imagination for Hawthorne it became a means of representing the redeeming power of love for Fuller it figured the reconciliation of gender opposites Thus these four American writers incorporated the idea of regeneration in their works and the tropes and metaphors of the medieval alchemists provided a fascinating way of imagining the transformative process
