Magick Circle The A New Look At Astrology:

The Magick Circle Mary Arthur, 2005-08 Imagine a moment in time a portrait of the Universe a grouping of signs and symbols scripting your destiny Imagine being able to interpret the promise of the Heavens and master the whims and nuances of the Universal Source With this publication the first volume of The Magick Circle series a novice in the realm of the hidden arts or a lifelong devotee to the occult sciences can glean simple and diverse understanding of the Karmic connections that influence us all From an intuitive understanding and different point of view using a combination of the ancient the traditional and the imagined along with the pure inspiration life has to offer Ms Arthur guides you safely through the doors of your own soul Common everyday words and layman s language make this first offering a welcomed addition to the reference material of all those who take astrology seriously *Law in the Time of Oxymora* Rostam J.

Neuwirth, 2018-05-16 What do different concepts like true lie bad luck honest thief old news spacetime glocalization symplexity sustainable development constant change soft law substantive due process pure law bureaucratic efficiency and global justice have in common What connections do they share with innumerable paradoxes like the ones of happiness time globalization sex and of free will and fate *Law in the Time of Oxymora* provides answers to these conundrums by critically comparing the apparent rise in recent years of the use of rhetorical figures called essentially oxymoronic concepts i e oxymoron enantiosis and paradoxes in the areas of art science and law Albeit to varying degrees these concepts share the quality of giving expression to apparent contradictions Through this quality they also challenge the scientific paradigm rooted in the dualistic thinking and binary logic that is traditionally used in the West as opposed to the East where a paradoxical mode of thinking and fuzzy logic is said to have been cultivated Following a review of oxymora and paradoxes in art and various scientific writings hundreds of hard cases featuring oxymora and a comprehensive review of the legal literature are discussed revealing evidence suggesting that the present scientific paradigm of dualism alone will no longer be able to tackle the challenges arising from increasing diversity and complexity coupled with an apparent acceleration of change *Law in the Time of Oxymora* reaches the surprising conclusion that essentially oxymoronic concepts may inaugurate a new era of cognition involving the ways the senses interact and how we reason think and make decisions in law and in life

Jesuit Astrology Luís Campos Ribeiro,2023-06-12 Connections between the Society of Jesus and astrology used to appear as unexpected at best Astrology was never viewed favourably by the Church especially in early modern times and since Jesuits were strong defenders of Catholic orthodoxy

most historians assumed that their religious fervour would be matched by an equally strong rejection of astrology This groundbreaking and compelling study brings to light new Jesuit scientific texts revealing a much more positive practical and nuanced attitude What emerges forcefully is a totally new perspective into early modern Jesuit culture science and education highlighting the element that has been long overlooked astrology
