Narratives Of A Vulnerable God:

Narratives of a Vulnerable God William Carl Placher, 1994-01-01 This is a book we urgently need Those who cling to the notion that theology is dull and remote must be warned away from Placher's lively prose Beverly R Gaventa Associate Professor of New Testament Princeton Theological Seminary

Divine Suffering Andrew J. Schmutzer, 2023-02-22 Divine Suffering is an inter disciplinary study that draws from systematics philosophy biblical theology and pastoral experience In addition to covering topics like the suffering of the Father in the Son and God's cruciform vulnerability this book also explores how divine suffering animates the Christian gospel and resonates in the ongoing persecution of believers The study of the suffering God has everything to do with Theology History and Church Mission Like exploring a cathedral from all its entrances both scholars and seekers will find ample opportunity for theological challenge biblical insight and missional hope To accomplish this both Scripture and doctrine are closely investigated Today divine suffering must face the contemporary realities of protest atheism escalating wars new studies in relational theology and dialogical personhood that presses the need to explain a Christian message about the kind of God who is not only transcendent but also personal Divine Suffering introduces us to the history of God not just the God of history In this study we meet a God available to our pain though not diminished by it Mounting forms of grief need to be met with an equally pastoral understanding that validates suffering without valorizing it

God in Postliberal Perspective Robert Andrew Cathey, 2016-04-22 Who is God The variety of images of God tends to overwhelm us in the present age Is God a fiction of human construction or a reality that makes claims upon how we practice faith in God How does this quest for an understanding of God illumine who we are God in Postliberal Perspective presents an introduction to the doctrine and concept of God in contemporary philosophy and theology exploring how some theologians and philosophers dare to speak of God as real in our sceptical pluralistic and interfaith age Robert Cathey tours the house of realism as constructed by postliberal Christians David Burrell William Placher Bruce Marshall in conversation with living communities of faith and critical work in philosophy and theology and develops a distinctive argument about the relation of realism and non realism in constructing the doctrine of God in postliberal theology Offering a reading of postliberal theology which is open to critical discussion with other types of theology philosophy and faith traditions this book proposes a model of theological reflection that may be extended to the reality claims of a wide range of doctrines and concepts

Narrative Theology as a Hermeneutic Approach David Hampton, 2009-11-19 Written for preachers seminary students laypersons teachers and anyone interested in biblical hermeneutics and Christian theology

The Nature of Confession George A. Lindbeck, 1996-01-01 Voted one of Christianity Today's 1997 Books of the Year Ours is an age of profound cultural change in which new categories and alliances are bound to arise In theology the liberal strategy has lost support having degenerated into mere anthropology and succumbed to the political agendas of its proponents And while the evangelical movement appears to be gaining ground it is simultaneously suffering an acute identity crisis Currently the postliberal or Yale school movement has found a strong resonance in some mainline denominational circles Its emphasis on the biblical text and Jesus Christ through which all other reality needs to be construed may turn out to be the most significant theological realignment in more than a century Are we witnessing a paradigm shift Can evangelicals and postliberals make common confession Might they even combine forces to reinvigorate the church its theology and its mission for a new era In this groundbreaking book creative evangelical and postliberal thinkers explore exactly how they agree and disagree along a range of issues from epistemology and theological method to doctrinal concerns Evangelical contributors include such significant theologians as Alister McGrath and Gabriel Fackre Postliberal contributors include George Lindbeck a founding father of postliberalism and George Hunsinger the former student and major interpreter of the late Hans Frei another founder of postliberalism In *The Nature of Confession* we are presented with the beginnings of a robust discussion of real importance to both the academy and the church

Inhabiting the Cruciform God Michael J. Gorman, 2009-04-03 This richly synthetic reading of Paul offers a compelling argument that the heart of Paul's soteriology lies in theosis the incorporation of God's people into the life and character of the God revealed in the cross Michael Gorman deftly integrates the results of recent debates about Pauline theology into a powerful constructive account that overcomes unfruitful dichotomies and transcends recent controversies between the New Perspective on Paul and its traditionalist critics Gorman's important book points the way forward for understanding the nonviolent world transforming character of Paul's gospel Richard B Hays Duke Divinity School Provides an important corrective to segmentalized approaches to Paul Michael Gorman lucidly connects justification to spiritual transformation Faith love and action come together as theosis the taking on of the character of Christ and so of God Though constantly in conversation with other scholars Gorman has a refreshingly original approach illuminating the lively theology of Paul *Inhabiting the Cruciform God* clearly advances the field of Pauline studies Stephen Finlan Fordham University In this pioneering work Michael Gorman offers a fresh way to view Paul's

understanding of justification and holiness Cutting a new path through old territory Gorman leads us to a vision of holiness and justification rooted in the transforming power of nonviolence and the cross His work will provide pastors with new insights for preaching and scholars with new ways to address old questions Frank J Matera Catholic University of America

Cross and Khôra Marko Zlomislíć, Neal DeRoo, 2010-01-01 This volume poses the question of the relationship between the two main influences on the thought of John D Caputo one of the most well known philosophers of religion working in North America today Jacques Derrida and Jesus Christ Given the seemingly abstract character of Derrida s account of the messianic how can one reconcile deconstruction and the concrete messianism of Christianity as Caputo tries to do over and over again How can one hold together the love of a God willing to be crucified and the dry desert khora which doesn t care This collection of essays from world renowned scholars seeks to illuminate the difficulties inherent in this seemingly contradictory pair of influences With his trademark wit and humor Caputo responds to his interlocutors while clarifying his position on numerous matters of interest to the church and in the academy In addition to dealing with the concern for issues of hermeneutics phenomenology and negative theology for which Caputo has become famous these essays also evaluate Caputo s legacy in fields previously not thought to be affected by his deconstructive version of religion feminism sacramental theology Analytic philosophy of religion and Christology Creativity as Sacrifice James M. Watkins, 2015 Revision of the author s PhD thesis at the University of St Andrews Acknowledgements

Grace Is a Pre-existing Condition David Finnegan-Hosey, 2020-02-17 Crucial conversations about mental health and mental healthcare from a faith perspective Emerging from David Finnegan Hosey s personal experience of living with a diagnosis deemed a preexisting condition by insurance companies *Grace is a Pre existing Condition* explores the theological and spiritual dimensions of our public discourse around mental healthcare and mental illness and finds there the transformative reality of grace The author s insights will be of benefit to anyone concerned about creating a more just healthcare system but particularly those who struggle with and care for those who struggle with mental health Though focusing on mental health including preexisting conditions and medical debt his observations are equally applicable to people dealing with a variety of physical and chronic illnesses While intentionally approaching the subject through the lens of Christian theology this book is a contribution to a broader conversation about healthcare policy a conversation which is likely to be in the spotlight in future political debates Combining the accessibility of personal narrative with issues receiving attention on the national scale *Grace Is a Pre existing Condition* can begin vital and creative dialogues at a crucial time for the church and the country **Reformed Theology**

Martha L. Moore-Keish, 2020-06-22 This research guide introduces scholars to the field of Reformed theology focusing on works of the twentieth and twenty first centuries in the English language After a brief introductory section on the debates about what counts as Reformed theology Martha Moore Keish explores twenty one major theological themes with attention to classical as well as current works The author demonstrates that this stream of Protestantism is both internally diverse and

ecumenically interwoven with other Christian families not just a single clearly defined group set apart from others In addition this guide shows that contemporary Reformed theology has been rethinking the doctrines of God humanity and their relationship in significant ways that challenge old stereotypes and offer fresh wisdom for our world today **Jesus, Transcendence, and Generosity** Tim Boniface, 2018-03-02 Contemporary scholars aiming to articulate a middle way between fundamentalism and liberalism regularly draw upon Hans Frei and Dietrich Bonhoeffer yet they are rarely brought together on this question if at all Here Tim Boniface highlights the promise of reading them together proposing especially that a discussion of Jesus transcendence derived from their responses to modernity is an effective locus for considering their combined contribution to a middle way discussion Having outlined a rationale for a theology of Christological transcendence this work describes in detail how both Frei and Bonhoeffer point towards a nuanced approach to the transcendence of Jesus especially in terms of the importance of articulating that transcendence at the level of the unsubstitutable historical particularity of Christ in the cultural linguistic setting of the Christian community Frei and the impact of a theologia crucis and a participatory cosmic Christology on such thinking Bonhoeffer Offering a unique summary of the key ways in which the two theologians works mutually critique and strengthen one another Boniface then articulates a pneumatological emphasis lacking in both Frei and Bonhoeffer stressing the supreme generosity of God at the heart of what it means to say that Jesus transcends **Pastor** William H. Willimon, 2010-09-01 Ordained ministry says Willimon is a gift of God to the church but that doesn't mean that it is easy Always a difficult vocation changes in society and the church in recent years have made the ordained life all the more complex and challenging Is the pastor primarily a preacher a professional caregiver an administrator Given the call of all Christians to be ministers to the world what is the distinctive ministry of the ordained When does one's ministry take on the character of prophet and when does it become that of priest What are the special ethical obligations and disciplines of the ordained In this book Willimon explores these and other central questions about the vocation of ordained ministry He begins with a discussion of who pastors are asking about the theological underpinnings of ordained ministry and then moves on to what pastors do looking at the distinctive roles the pastor must fulfill The book also draws on great teachers of the Christian tradition to demonstrate that while much about Christian ministry has changed its core concerns preaching the word the care of souls the sacramental life of congregations remains the same Ordained ministry is a vocation to which we are called not a profession that we choose To answer that call is to open oneself to heartache and sometimes hardship yet given the one who calls it is to make oneself available to deep and profound joy as well **Living and Active** Telford Work, 2001-10 For all of the Bible's popularity both in the church and in Western culture confusion reigns about what the Bible is its relationship to God its relationship to its human authors and readers and its proper use Living and Active answers these fundamental questions by looking anew at Scripture from the perspective of Christian doctrine Rather than treating the Bible as a sourcebook for theology Telford Work uses systematic theology to build

a compelling new doctrine of Scripture the doctrine of God establishes the Bible's triune character and purpose the doctrine of salvation explains the mission of Scripture in ancient Israel in the career of Jesus and in the life of his followers the doctrine of the church relates the Bible's qualities to those of its reading communities describes the relation of Scripture and tradition and appreciates the Bible's role in worship and in personal salvation Drawing in this way on the full resources of Christian dogmatics allows us to see the Bible at work accomplishing God's purposes in the world Throughout the book Work incorporates insights from the Eastern Orthodox Roman Catholic Lutheran Calvinist Anabaptist and evangelical traditions in order to produce a truly ecumenical doctrine of Scripture He also interacts with patristic theology and practice historical critical methods of interpretation and postmodern thought refusing to draw lines between biblical studies ethics history philosophy and theology As a result Living and Active is the most comprehensive balanced and relevant statement of Scripture now available It clearly portrays the Bible as integral to the economy of salvation and the life of the church it offers solutions to the current crisis of biblical authority and practice and it prescribes fruitful ways to preach teach and live Scripture in today's world

The Christ's Faith Michael Allen, 2009-04-01 The Christ's Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without addressing the interpretation of the Pauline phrase *pistis christou* this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ's faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ's Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God

A History of Christian Theology, Second Edition William C. Placher, Derek R. Nelson, 2013-10-03 A modern classic A History of Christian Theology offers a concise yet complete chronicle of the whole of Christian theology from its background in the history of Israel to the liberation and postliberal theologies of recent years This updated 30th anniversary edition includes expanded treatments of theological developments at the end of the 20th century and preliminary trajectories for theology in the 21st century It also includes updated bibliographies and revised chapters on important innovations in biblical studies and their impact on theology This updated and revised edition will continue to aid the work of both students and faculty for years to come

Orthodoxy and Orthopraxis Douglas R. Cullum, J. Richard Middleton, 2020-04-28 These essays on matters biblical theological historical and beyond pay tribute to the multidisciplinary impact of Paul Livermore founding faculty member and Professor Emeritus of Northeastern Seminary at Roberts Wesleyan

College Rochester NY *The God who Risks* John Sanders, 1998-01-01 In *The God Who Risks* theologian John Sanders enlightens pastors and lay persons who struggle with questions about suffering, evil, and human free will *Leadership, God's Agency, and Disruptions* Mark Lau Branson, Alan J. Roxburgh, 2021-02-16 Leaders in congregations and Christian organizations wrestle with an unraveling of the world in which they have little experience and training. While they are offered unending resources by experts on leadership, some with claims to biblical blueprints, the challenges seem mismatched to those methods. Branson and Roxburgh frame the situation as one in which modernity's wager—the conviction that God is not necessary for life and wisdom and meaning—has defined the Western imagination. Because churches and leaders are colonized by this ethos, even when God is named and beliefs are claimed, approaches to leadership are blind to God's agency. Branson and Roxburgh approach this challenge as a work in practical theology, attending to our cultural context, narratives of God's disruptive initiatives in Scripture, and a reshaping of leadership theories with a priority on God's agency. With years of experience as teachers, consultants, and guides, they name practices which lead to more faithful participation. *Leadership, God's Agency, and Disruption* is wide-ranging in cultural and biblical scholarship, challenging in its engagement with numerous leadership studies, and practical with its focus toward the on-the-ground life of churches and organizations.
