Narrow Gauge Nostalgia George Barton Turner, 1971 *Narrow Gauge Nostalgia* George Turner, 1965 *Narrow Gauge Nostalgia* George Barton Turner, 1971 *Tweetsie Country* Mallory Hope Ferrell, 1997-03 Tweetsie Country can be roughly defined as being bound on the north by the Great Depression on the east by the state of North Carolina on the west by Tennessee and on the south by hope and determination Here is all the color and charm of the Tweetsie with its broad gauge aspirations on a narrow gauge budget It is the story of a unique little railroad that traveled the Blue Ridge country and won the hearts of those who lived there This handsome pictorial history includes 250 outstanding photographs plus maps scale drawings and three full color paintings by Mike Pearsall and Casey Holtzinger *Haunted historiographies* Matthew Schultz, 2016-05-16 The spectres of history haunt Irish fiction In this compelling study Matthew Schultz maps these rhetorical hauntings across a wide range of postcolonial Irish novels and defines the spectre as a non present presence that simultaneously symbolises and analyses an overlapping of Irish myth and Irish history By exploring this exchange between literary discourse and historical events *Haunted historiographies* provides literary historians and cultural critics with a theory of the spectre that exposes the various complex ways in which novelists remember represent and reinvent historical narrative It juxtaposes canonical and non canonical novels that complicate long held assumptions about four definitive events in modern Irish history the Great Famine the Irish Revolution the Second World War and the Northern Irish Troubles to demonstrate how historiographical Irish fiction from James Joyce and Samuel Beckett to Roddy Doyle and Sebastian Barry is both a product of Ireland's colonial history and also the rhetorical means by which a post colonial culture has emerged

were made up of loose coupled wagons to the container trains of today There is a last look at the railway past and the preserved railways that recreate the age of steam

Southern Pacific's Slim Princess Andrew Brandon, 2022 For 60 years the Southern Pacific's Slim Princess served as the lifeline to remote areas of western Nevada and eastern California In 1880 the financiers of the Virginia Truckee Railroad organized the Carson Colorado Railroad to build a narrow gauge line from the Carson River to the Colorado River but that dream was never fully realized In 1900 the Southern Pacific Railroad purchased the 300 mile line envisioning it as a shortcut from Nevada to Southern California The northern half of the line was converted to standard gauge in 1905 The section from Mina Nevada to Keeler California remained an isolated and celebrated part of the Southern Pacific until it succumbed to the scrapper's torch in 1960 Author Andrew Brandon has over 30 years of extensive study in railroad history and involvement with noteworthy projects in the railroad preservation community Since 2001 he has been involved with the Nevada County Narrow Gauge Railroad Museum in Nevada City where he currently serves as the curator Brandon also serves on board of directors for the Southern Pacific Narrow Gauge Historical Society and the Nevada California Oregon Railway In 2009 he helped establish PacificNG.org a website dedicated to researching narrow gauge railroads around the Pacific Rim
