

Nothing Town In Texas

Bret Lott

Nothing Town In Texas:

Uneasy Rider Mike Bryan, 1997 Engagingly curious open mindedness an amiable deadpan worthy of Richard Ford Pico Iyer Time in this offbeat and original road book cultural observer Mike Bryan takes issue with the traditional idea that the real America is to be found somewhere on our scenic backroads He argues instead that it is right out in the open on the interstates and he travels the big highways of the Southwest to prove the point Bryan engages motel operators state troopers and traveling salesmen He discovers the world s only No Smoking ranch hobnobs with elusive novelist Cormac McCarthy spars with Bob Sundown who prefers his covered wagon to any car Between encounters he contemplates everything from America s pioneering spirit to its history of road building In the end he discovers that the interstates far from producing the homogenous society he feared nourish a rich community of eccentrics And that ultimately as this deeply romantic travelogue shows there is no such thing as an ordinary American A wonderful writer he manages to transmit his enjoyment of the places and people he encounters Austin American Statesman From the Trade Paperback edition **Ancient Highway** Bret Lott, 2008-07-08 From the bestselling author of *Jewel* and *The Difference Between Women and Men* comes a haunting novel of home family and the pursuit of lost dreams *Ancient Highway* brilliantly weaves together the hopes and regrets of three characters from three generations as they reconcile who they are and who they might have been In 1925 a fourteen year old boy leaves his family s farm and hops a boxcar in a dusty Texas field heading for Hollywood and a life in the flickers In 1947 a ten year old girl aches for a real home with a real family in a wide open space far from the crowded Los Angeles streets where her handsome cowboy father chases stardom and her mother holds a secret In 1980 a young man just out of the Navy visits his elderly yet colorful grandparents in Los Angeles eager to uncover his family s silent history For the Holmeses a longing for something else another place a second chance seems to run in the family DNA From Earl s journey west toward Hollywood glory to his daughter Joan s wish for a normal existence away from the bright lights to his grandson Brad s yearning for truth this deep rooted desire sustains them no matter how much the goal eludes them But ultimately in each generation a family crisis forces a turning away from the horizon and the acceptance of a reality that is by turns harsh and healing Inspired by stories of his own family Bret Lott beautifully renders the lives of ordinary people with extraordinary faith in a mesmerizing and finely wrought tale of love and letting go *The Shimmer* David Morrell, 2011-09-16 Since 1889 mysterious lights have appeared outside Rostov a remote Texas town Ranchers believed them to be the campfires of rustlers but campfires don t rise and fall merge and change colors In World War I the locals believed that the lights came from German forces massing on the Mexican border In the Second World War the US military built an airfield there and used planes to try to discover the secret of the lights In 1980 the entire town set out on a Ghost Light Hunt For more than a century each attempt to get close to the lights met with horrifying results Now police officer Dan Page follows the trail of his missing wife from New Mexico to Texas and discovers that she and hundreds of spectators have become enraptured by the

lights After a crazed gunman fires obsessively into the crowd the stage is set for more death To save his wife Page must confront the mystery of the lights His desperate search reveals a government conspiracy that dates back to World War II The abandoned airfield is more than what it seems So is a nearby observatory with a purpose even more mysterious and lethal than the lights themselves Drawing his inspiration from the real life Marfa lights critically acclaimed Morrell packs The Shimmer with his trademark blend of action and terror

The Difference Between Women and Men Bret

Lott,2008-05-20 In this deeply affecting beautifully crafted collection of short fiction Bret Lott broadens his stylistic range striking a surprisingly surreal tone with stark hyperrealistic prose As story after dazzling story deliberately takes you down a deceptively ordinary path the arresting center of each startles your unsuspecting sensibility Among the narrative gems is Family in which a husband and wife bicker incessantly before realizing that their two children are missing only to discover them in a surprising place and in a disturbing condition In Everything Cut Will Come Back a long distance phone call between two brothers takes a turn when their own tragic past crackles over the line In History a widow thinks she spots her son at the airport and is left instead with a simple memory of her late husband that resolves her grief The innocence of three boys is lost when they witness a devastating winter tragedy in The Train the Lake the Bridge Within these pages adulterers are unceremoniously caught epiphanies arrive during bizarre encounters and characters move through everyday moments with a fortitude that elevates these stories almost to mythical status Without a stroke of false sentimentality The Difference Between Women and Men will leave you strangely shaken and ever aware of the odd permutations of humankind

Wolf Boys Dan Slater,2017-09-12 The story of two American teens recruited as killers for a Mexican cartel and their pursuit by a Mexican American detective who realizes the War on Drugs is unwinnable
