Nothingness In The Theology Of Paul Tillich And Karl Barth:

Nothingness in the Theology of Paul Tillich and Karl Barth Sung Min Jeong, 2003 In this book both Tillich's nothingness and that of Barth are investigated especially in their doctrines of God Christologies anthropologies and understandings of the problem of evil which will lead to a better understanding of their existential analyses of being and non being and their implications with their Trinitarian God

Paul Tillich and Sino-Christian Theology Keith Ka-fu Chan, 2023-06-23 With contributors from different generations of the Chinese speaking world the book addresses the relevance of Paul Tillich's thought in the Chinese cultural political contexts Appropriating and transforming different themes of Tillich's thought in the Chinese context the contributors reframe the dialogue with Buddhism and Confucianism religion and science and religion and politics under the interpretation of Tillich's ideas The thought provoking essays examine the intellectual potentiality or further contribution of Paul Tillich's ideas in Sino Christian Theology The book will be of interest to scholars and postgraduate students studying Paul Tillich's thought Chinese theology and East West religious dialogues

Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology

Understanding Spiritual Warfare James K. Beilby, Paul Rhodes Eddy, 2012-12-01 The topic of spiritual warfare is an issue of ongoing interest in a number of sectors of the contemporary church This four view work brings together leading theologians and ministry leaders to present major views on spiritual warfare in dialogical fashion all authors present their views and then respond to each of the other views Contributors include Walter Wink with Gareth Higgins and Michael Hardin David Powlison Gregory Boyd C Peter Wagner and Rebecca Greenwood This volume provides a balanced irenic approach to a much discussed and often controversial topic Offering a model of critical thinking and respectful dialogue it highlights the differences between contributors discusses a full range of important topics on the subject and deploys biblical as well as theological arguments

The Spirit of God and the Christian

Life JinHyok Kim, 2014 Revision of author's thesis Ph D University of Oxford 2012 under title *The spirit of God and the Christian life a constructive study of Karl Barth's pneumatology with special reference to his incomplete doctrine of redemption*

Election, Atonement, and the Holy Spirit Matthias Grebe, 2015-04-30 Election Atonement and the Holy Spirit is an examination of the doctrines of election and atonement in Karl Barth's Church Dogmatics taking up Barth's own challenge to his reader to surpass his argument and offer a better typological interpretation of the cultic texts Barth's radical reworking of Calvin's doctrine of election is one of the most important developments in twentieth century theology Christ synthesizes for Barth a particular dialectic the binary structure of God's Yes of election and God's No of rejection The book's central question how can Jesus simultaneously be both the elected and the rejected CD II 2 acting as both the judge and the judged CD IV 1 is followed by an exploration of the roles of the Holy Spirit and human freedom in God's electing and saving action Although commentators acknowledge Barth's innovation in this area but also identify problems with his approach few have offered what David Ford has called a correction from within Barth using Barth's own method Using the concept of *Existenzstellvertretung* this critique of Barth's exegetical justification for the doctrines offers an alternative exegesis that not only provides this much needed correction but also immerses the reader in a fresh engagement with Scripture itself

Evil, Spirits, and Possession David L Bradnick, 2017-08-28 In *Evil Spirits and Possession An Emergentist Theology of the Demonic* David Bradnick develops a multidisciplinary view of the demonic using biblical theological social scientific and philosophical scientific perspectives Building upon the work of Pentecostal theologian Amos Yong this book argues for a theology informed by emergence theory whereby the demonic arises from evolutionary processes and exerts downward causal influence upon its constituent substrates Consequently evil does not result from conscious diabolic beings rather it manifests as non personal emergent forces that influence humans to initiate and execute nefarious activities Emergentism provides an alternative to contemporary views which tend to minimize or reject the reality of the demonic and it retains the demonic as a viable theological category in the twenty first century

The Spirit of Creation Amos Yong, 2011-05-17 Is a pentecostal charismatic worldview defensible in light of contemporary science In *The Spirit of Creation* Amos Yong demonstrates that pentecostal thought does indeed have merit in scientific contexts What's more he argues that pentecostal charismatic views regarding the dynamic presence and activity of the Spirit of God and the pluralistic cosmology of many spirits have something important to add to the broad discussion now taking place at the crossroads of science and religion Interacting with many scientific fields of study including psychology sociology evolutionary science cosmology and more Yong's *Spirit of Creation* demonstrates the significance of pentecostal ideas to the ongoing dialogue between theology and science

Method and Context as Problems for Contemporary Theology Hans Schwarz, 1991 A proposal for the need to concentrate on the basic and simple art of doing theology in the context of a world which needs a word that is distinct from its own a world alienated from God and still yearning to overcome its primordial alienation Theology must be able to convey
