Nova Vetera:

The Ambiguity of Being Jonathan R. Heaps, 2024-01-12 The debate in Catholic theology over the relationship between the natural and the supernatural has only occasionally engaged with Bernard Lonergan's philosophical and theological contributions on the topic. The Ambiguity of Being argues that more detailed engagement with Lonergan's work implies an oversight in both the 20th and 21st century debates. The Ambiguity of Being argues the controversy has failed to notice how the problem of the natural and the supernatural is in fact two problems. The Ambiguity of Being takes both problems in their widest sense to be about action, both divine and human. The first problem asks how God can act in human action. A question for Christians at least since St. Augustine faced the Pelagian controversy. Lonergan retrieved what he understood to be St. Thomas Aquinas' mature solution. It is a solution gathering together a whole series of theological and philosophical developments into a subtle metaphysical theory of divine and human cooperation. But the recent debates have resituated this problem and various interpretations of St. Thomas's solution to it in a modern world with modern concerns about culture and politics for the sake of answering a second, intrinsically related but really distinct question: what is God doing in human action. Ambiguity finds that the recent controversy almost always finds participants attempting to deduce an answer to the second, modern problem from the medieval metaphysical Thomist solution to the first. By contrast, The Ambiguity of Being argues at length the modern problem cannot be reduced to nor an answer deduced from its medieval metaphysical partner because the modern problem of the supernatural, what is God doing in human action, is a hermeneutical problem that calls out for a hermeneutical answer. The Ambiguity of Being sketches a heuristic for what a fully adequate answer to this question would require, suggesting a radical re-conception of modern theology's scope. **Trinitarian Ecclesiology** John F.

O'Neill, 2023-10-27 Revision of the author's thesis, doctoral Ave Maria University 2019, under the title Trinitarian ecclesiology of Charles Cardinal Journet: the great mystery of Christ and the Church as the visible missions of the Son and the Holy Spirit.

Catholic Dogmatic Theology: A Synthesis, Book 3 Jean-Hervé Nicolas, Nicolas Op Jean-Hervé, 2024-05-10 This volume discusses the nature of theological science and the mystery of the Triune God. It introduces the reader to classical Thomistic positions concerning the theological articulation of the Trinitarian mystery, including the topic of the divine missions, providing an important connection between the dogmatic portion of theology and its spiritual moral concerns. *Principles of Catholic Theology* Thomas Joseph White, 2023 In the Nicene Creed, Christians profess belief in the Church, one, holy, catholic, and apostolic. The Church is also called the mystical body of Christ and the bride of Christ. What is the Church and how can we understand her mystery in light of the mystery of Christ? *Principles of Catholic Theology*, Book 4, explores Catholic ecclesiology and the theology of the Virgin Mary as an exemplar of the Church's life. It also considers the people of Israel in light of the Church and Christ. The second half of the book considers human nature in light of the grace of Christ and ecclesial humanity, so as to consider thematic and universal relations of grace to human nature. Major controversies are

addressed such as the natural desire to see God and the Thomistic understanding of election and predestination Effectively this volume seeks to receive and interpret the teaching of the Second Vatican Council Constitution on the Church Lumen Gentium within the Thomistic theological tradition and in light of that tradition Principles of Catholic Theology Book 4 is a continuation of Fr Thomas Joseph White s collection of essays extending over a range of fundamental topics in Catholic dogmatic theology Humanistica Lovaniensia Gilbert Tournoy,2003 Volume 52 Proposed Reorganization of the Veterans Health Administration United States.
