Nowhere to Go but Down Lyrics

When I saw you standing there
Right across the room
Short on cash, Long on class
She knew she'd found her fool
And I can't deny
Can't keep my eyes off you

Nowhere To Go But Down:

Nowhere To Go But Down? Andrew S. MacDonald, 2023-07-26 Originally published in 1989 this book is a unique examination of subsistence farming in the developing world and its potential for development The author writes from the conviction that the farming system is limited in its potential for development by the energy value of manpower and that unless the plight of developing world communities is understood and the importance of manpower constraint recognized inputs of development funds will be wasted Clarifying the strengths and limitations of the subsistence farming system the book makes clear the complexities and difficulties encountered in achieving agricultural development in the poorest countries providing an informed insight into the inevitability of future famine All Music Guide to Country Michael Erlewine, 1997-06 Reviews and rates the best recordings of country artists and groups provides biographies of the artists and charts the evolution of country music

Money of the Mind James Grant, 1994-05 The 1980s witnessed a lemming like rush into the sea of debt on the part of the American industrial and financial communities with consequences we are only beginning to appreciate But the speculative frenzy of the eighties didn't just happen It was the culmination of a long cycle of slow relaxation of credit practices the subject of James Grant's brilliant clear eyed history of American finance Two long running trends converged in the 1980s to create one of our greatest speculative booms the democratization of credit and the socialization of risk At the turn of the century it was almost impossible for the average working person to get a loan In the 1980s it was almost impossible to refuse one As the pace of lending grew the government undertook to bear more and more of the creditors risk a pattern begun in the Progressive era which reached full flower in the conservative administration of Ronald Reagan Based on original scholarship as well as firsthand observation Grant's book puts our recent love affair with debt in an entirely fresh often chilling perspective The result is required and wickedly entertaining reading for everyone who wants or needs to understand how the world really works A brilliantly eccentric kaleidoscopic tour of our credit lunacy A splendid tooth gnashing saga that should be savored for its ghoulish humor and passionately debated for its iconoclastic analysis It is a fitting epitaph to the credit binge of the 80s Ron Chernow *The Wall Street Journal* *New York Magazine*, 1995-12-18 *New York magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
