Consumer Chronicles David H. Walker, 2011 Since its 19th century beginnings the consumer revolution extending market forces into every area of social and private life has been perceived as a challenge to core elements in French culture such as traditional artisan crafts and small businesses serving local communities Cultural historians and sociologists have charted the increasing commercialisation of everyday life over the 20th century but few have paid systematic attention to the crucial testimony provided by the authors of narrative fiction This book rectifies this omission by means of close readings of a series of novels selected for their authentic portrayal of consumer behaviour and analysed in relation to their social cultural and historical contexts

Interpreting the Songs of Jacques Leguerney, Carol Kimball, Patrick Choukroun, 2001 Jacques Leguerney heir to the exquisite French m lodie tradition is beautifully served in this carefully researched and practical performance guide The Leguerney melodies are gratifying vehicles for both singers and pianists They reflect the nature of the man himself elegance grace sophistication and an awareness of beauty in all its forms To be in the presence of Monsieur Leguerney no matter how briefly was itself an aesthetic experience This study leads the way to establishing international recognition for a composer who so richly deserves it Richard Miller Wheeler Professor of Performance and Director of the Vocal Arts Center Oberlin Conservatory The songs of the extraordinary composer Jacques Leguerney form a magnum opus of undeniable beauty and originality The various aspects of his musical style are discussed in depth in this book which is a must for performers and enthusiasts of the m lodie Unquestionably it will help achieve the recognition that Jacques Leguerney deserves as one of the twentieth century s great song composers Dalton Baldwin internationally acclaimed pianist Just when we thought there wasn t a major song composer left to explore the trio of Dibbern Kimball and Choukroun have written this invaluable much needed study of the songs of Jacques Leguerney Nothing is left out and all is treated with precision and detail My hat is off to these remarkable scholars and performers who have provided us with a wealth of information that is a must in every serious art song enthusiast s library Chapeau Thomas Grubb the Juilliard School Peabody Conservatory of Music Houston Grand Opera New York City Opera author of *Singing in French*

Transfiguring Time Olivier Clément, 2019-02-07 Clément s *Transfiguring Time* is an early work written when he was 37 It carries all the excitement of his fresh encounter with Orthodoxy and the Fathers of the Christian Church He draws on his deep study of Hinduism Buddhism and Indian myths to differentiate the understanding of time and eternity in archaic religions in Hinduism and in Buddhism from the Christian and specifically Orthodox understanding of time and eternity This new translation the first one in English wants to bring Clément s early work to a new generation of readers
