NTC's Dictionary of Japan's Cultural Code Words Boye De Mente, 1994 For centuries the Japanese used their language as a barrier to prevent non Japanese from learning about the inner workings of Japnese society and to ward off foreign influence In fact for a long period in Japan s history the teeaching of Japanese to foreigners was a serious crime against the state In this enlightening work renowned Japanologist Boye Lafayette De Mente discusses how the psychology of the social and political system that evolved over the centuries became imbued in and expressed by the language to a degree seldom seen in other cultures The author brings more than 25 years of experience in Japan to the task of revealing the hidden cultural significance of current expressions in the Japanese language With ample reference to history psychology philosophy and religion the reader learns how the Japanese view certain behaviours and attitudes and why they are conditioned to respond in certain ways to specific situations Features 230 quintessentially Japanese expressions that every Japanese knows and believes that non Japanese cannot possibly understand a 14 entry set of introductory readings designed to offer a broad cultural overview of Japan cross referencing of entires by thematic groupings such as Loyalty Collective Behaviour and Leadership This innovative text provides readers with the insights necessary for effective communication with their Japanese counterparts Whatever your involvement with Japan personal travel or business NTC s Dictionary of Japan s Cultural Code Words is an invaluable and one of a kind reference NTC's Dictionary of Easily Confused Words Deborah Williams, 1995 An easy to use guide that will help the user understand confusing words and their usage and to then choose the correct spelling or meaning of a word for any given situation **A Companion to Literary Theory** David H. Richter, 2018-03-19 Introduces readers to the modes of literary and cultural study of the previous half century A Companion to Literary Theory is a collection of 36 original essays all by noted scholars in their field designed to introduce the modes and ideas of contemporary literary and cultural theory Arranged by topic rather than chronology in order to highlight the relationships between earlier and most recent theoretical developments the book groups its chapters into seven convenient sections I Literary Form Narrative and Poetry II The Task of Reading III Literary Locations and Cultural Studies IV The Politics of Literature V Identities VI Bodies

and Their Minds and VII Scientific Inflections Allotting proper space to all areas of theory most relevant today this comprehensive volume features three dozen masterfully written chapters covering such subjects as Anglo American New Criticism Chicago Formalism Russian Formalism Derrida and Deconstruction Empathy Affect Studies Foucault and Poststructuralism Marx and Marxist Literary Theory Postcolonial Studies Ethnic Studies Gender Theory Freudian Psychoanalytic Criticism Cognitive Literary Theory Evolutionary Literary Theory Cybernetics and Posthumanism and much more Features 36 essays by noted scholars in the field Fills a growing need for companion books that can guide readers through the thicket of ideas systems and terminologies Presents important contemporary literary theory while examining those of the past The Wiley Blackwell Companion to Literary Theory will be welcomed by college and university students seeking an accessible and authoritative guide to the complex and often intimidating modes of literary and cultural study of the previous half century

Developing Theory Through Qualitative Inquiry Johnny Saldana, 2024-02-07 This unique text shows researchers how to develop theories derived through qualitative inquiry Johnny Salda a illustrates how a theory is a research based statement with an accompanying explicating narrative that contains six properties concepts propositional logic parameters variation explanation causation generalizability transferability and the improvement of social life The book features hundreds of examples of theories and metatheories from a wide range of disciplines and includes end of chapter activities for exercising the skills necessary to develop original theories Just as Salda a demystifies coding and qualitative data analysis in his bestselling Sage books Developing Theory Through Qualitative Inquiry presents an accessible introduction to the principles and methods of theorizing for social insight

Animals and Their People Anna Barcz, Dorota Łagodzka, 2018-10-16 Animals and Their People Connecting East and West in Cultural Animal Studies edited by Anna Barcz and Dorota Łagodzka provides a zoocentric insight into philosophical artistic and literary problems in Western Anglo American and Central Eastern European context The contributors go beyond treating humans as the sole object of research and comprehension and focus primarily on non human animals This book results from intellectual exchange between Polish and foreign researchers and highlights cultural perspective as an exciting language of animal representation Animals and Their People aims to bridge the gap between Anglo American and Central European human animal studies

Italian Immigrant Radical Culture Marcella Bencivenni, 2014-02 Maligned by modern media and often stereotyped Italian Americans possess a vibrant if largely forgotten radical past In Italian Immigrant Radical Culture Marcella Bencivenni delves into the history of the sovversivi a transnational generation of social rebels and offers a fascinating portrait of their political struggle as well as their milieu beliefs and artistic creativity in the United States As early as 1882 the sovversivi founded a socialist club in Brooklyn Radical organizations then multiplied and spread across the country from large urban cities to smaller industrial mining areas By 1900 thirty official Italian sections of the Socialist Party along the East Coast and countless independent anarchist and revolutionary circles sprang up throughout the nation Forming their own alternative press institutions and

working class organizations these groups created a vigorous movement and counterculture that constituted a significant part of the American Left until World War II Italian Immigrant Radical Culture compellingly documents the wide spectrum of this oppositional culture and examines the many cultural and artistic forms it took from newspapers to literature and poetry to theater and visual art As the first cultural history of Italian American activism it provides a richer understanding of the Italian immigrant experience while also deepening historical perceptions of radical politics and culture See the official website of the book at <http://www.marcellabencivenni.com>

The Environmental Unconscious in the Fiction of Don DeLillo Elise A. Martucci, 2007 This book presents an ecocritical reading of DeLillo's novels in an attempt to mediate between the seemingly incompatible influences of postmodernism and environmentalism Martucci argues that although DeLillo is responding to and engaging with a postmodern culture of simulacra and simulation his novels do not reflect a postmodernist theory of the end of nature Rather his fiction emphasizes the lasting significance of the natural world and alerts us to the dangers of destroying it In order to support this argument Martucci examines DeLillo's novels in the context of traditional American literary representations of the environment especially through the lens of Leo Marx's discussion of the conflict between technology and nature found in traditional American literature She demonstrates that DeLillo's fiction explores the way in which new technologies alter perceptions and mediate reality to a further extent than earlier technologies however she argues that he keeps the material world at the forefront of his novels thereby illuminating the environmental implications of these technologies Through close readings of *Americana* *The Names* *White Noise* and *Underworld* and discussions of postmodernist and ecocritical theories this project engages with current criticism of DeLillo postmodernist fiction and environmental criticism
