Wondering.....? Jantira Namwong,2021-12-12 Boudoir and Nude photo book 8 5 X 8 5 120 pages colors book inside with artistic cover designed by Ya My name is Jantira Namwong I am a female Boudoir and Nude photographer from Thailand I started my photography as a way of empowering women in their life work relationships etc I became a Boudoir and Nude female photographer by chance 7 years ago after I had been in architectural photography for a few years I was working for other people and companies until I became bored of being someone else s employee I wanted to be independent and start my own business I already had knowledge of photography and began looking for which possible path would make a good career I accidentally discovered Boudoir photography while searching the Internet and realized right away that as a woman I could also make images of beautiful women wearing lingerie in their changing room Right away this business idea clicked as something to do as a female After shooting Boudoir for two years I then expanded my package to offer clients Nude session too The results were amazing After working in this business for a while I realized that every woman loves to see themselves as sexy and beautiful while wearing lingerie They love having their pictures taken while nude to feel and connect with their bodies and to love themselves more They also wanted to share these images with their intimate partner and sometimes with their friends or social media to show the world how beautiful she is Confidence is Sexy In this photo book I will show you Boudoir and Nude photos from my collections and talk about how I feel to photograph nudes I will also talk

about how female empowerment is very good for men's well-being. Also, what do I think would be the perfect? My photographs shown here are from photo sessions with my models that work with me privately and also from my workshop I organized for photographers from different countries who came to Thailand to join my sessions. I will also discuss the difference between Boudoir and Nude photography and how they could be used to impact our life. Every one of the models in this book is beautiful and sensual in their own way. What they have in common is that they all use their sensuality to become empowered in their life, career, and relationships. This ultimately what Boudoir and Nude photography is all about. It allows us to see our sensuality as an expression of confidence and empowerment not just for women but for men too. I hope you enjoy this photo book. Prior experience with nude models is not

required to benefit from this how to guide This guide can be enjoyed by anyone but is written for two main audiences the accomplished photographer wanting insight from a peer and the serious amateur wanting a guided introduction to the field The female body has been an inspiration for artists since before the invention of photography Naturally nudes were one of the first subjects of photography as well Although the guide covers the basics of nude photography it is assumed that you have a digital camera that is more advanced than a point and shoot and that you already understand the basics of operating your camera This book deals with female models You won't find male models or advice on photographing non models in this book Finding Models Nude photography entails more than just photographic technique there is a huge interpersonal element much more so than in any other kind of people photography The guide addresses everything from finding models to working with them long term Most guides on photographic technique assume you've already found a willing model This one assumes that you're having trouble or at least having trouble finding a model that you feel takes your work to the next level It contains techniques for finding and recruiting models Techniques A range of processes are explained step by step You'll find more than just a selection of photos and a dissection of each you'll see full lighting diagrams as well as frank discussions of techniques and pitfalls in the days and weeks leading up to making a nude image From finding your first nude model to selling your first nude photo the guide presents complete concise instruction on lighting posing and post processing with Photoshop Shades of Sensuality Tina Trumpp, 2021 Nude photography from a female perspective sensual mysterious stylish Female gaze meets photo art Tina Trumpp conquers the nude scene stern de A photographer celebrated at Art Paris and by numerous international photo prizes As one of the few women with countless exhibitions and awards in recent years Tina Trumpp has made a name for herself in the nude photography scene For her the female nude is never just an erotic motif Every one of her photographs is an ode to the grace elegance and strength of her subjects With natural light and soft rendering she creates unique and sensual nude imagery thoughtful seductive and always incomparably aesthetic This photo book is the first large format publication of Tina Trumpp's photographs a powerful collection and combination of sexuality serenity and self confidence Text in English and German The Body Exposed Michael Köhler, 1995 Secondly the conventional distinction between tasteful nudes and tasteless pictures of naked bodies has outlived its usefulness since this allegedly aesthetic evaluation merely conceals the moral standards of the last century with their long since outdated notions of propriety and decency
