Obscure Destinies Willa Cather, 2019-04-21 Willa Sibert Cather was born on 7th December 1873 on her grandmother's farm in the Back Creek Valley near Winchester, Virginia. After several years and moves, the family eventually settled in Red Cloud, Nebraska, and for the first time Cather could now attend school. In Red Cloud, Cather had her earliest writings published in the local *Red Cloud Chief* newspaper. Her time in the mid West created a vivid tranche of experiences for the young woman. It was still for the most part the frontier, a landscape of dramatic environment and weather, the vastness of the Nebraska prairie, as well as the many diverse cultures of the local families. Attending the University of Nebraska, she published a well-received essay on Thomas Carlyle in the *Nebraska State Journal* and thereafter became a regular contributor to its offerings. After being hired to write for the *Home Monthly* in 1896, Cather moved to Pittsburgh. Within a year, she became a telegraph editor and drama critic for the *Pittsburgh Leader*, as well as contributing poetry and short fiction to *The Library*, another local publication. Her first collection of short stories, *The Troll Garden*, was published in 1905 and contains several of her most famous, including *A Wagner Matinee*, *The Sculptor's Funeral*, and *Paul's Case*. As a writer, Cather was now taking immense strides forward.

Urgo,Merrill Maguire Skaggs,2007 Willa Cather was devoted to making art in the face of violence Here she emerges as a resource for survival in an age of terror an artist who encourages her readers to feel at home in the nexus of creativity and terror and to seek creative responses to the horror of human life **Willa Cather-Aw** Dorothy Van Ghent,1964-06-01 Willa Cather *American Writers* 36 was first published in 1964 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions **Cather Among the Moderns** Janis P. Stout,2019-03-19 A masterful study by a preeminent scholar that situates Cather as a visionary practitioner of literary modernism Willa Cather is often pegged as a regionalist a feminine and domestic writer or a social realist In *Cather Among the Moderns* Janis P Stout firmly situates Cather as a visionary practitioner of literary modernism something other scholars have hinted at but rarely affirmed Stout presents

Cather on a large dramatic stage among a sizable cast of characters and against a brightly lit social and historical backdrop invoking numerous figures and instances from the broad movement in the arts and culture that we call modernism Early on Stout addresses the matter of gender The term cross dresser has often been applied to Cather but Stout sees Cather s identity as fractured or ambiguous a reading that links her firmly to early twentieth century modernity Later chapters take up topics of significance both to Cather and to twentieth century American modernists including shifting gender roles World War I s devastation of social and artistic norms and strains in racial relations She explores Cather s links to a small group of modernists who after the war embraced life in New Mexico a destination of choice for many artists and which led to two of Cather s most fully realized modernist novels *The Professor s House* and *Death Comes for the Archbishop* The last chapter addresses Cather s place within modernism Stout first places her in relation to Ezra Pound and T S Eliot with their shared ties to tradition even while making sometimes startling innovations in literary form then showing parallels with William Faulkner with respect to economic disparity and social injustice Willa Cather and Material Culture Janis P.

Stout,2005-01-02 A compilation of essays focusing on the significance of material culture to Cather s work and Cather scholarship *Willa Cather and Material Culture* is a collection of 11 new essays that tap into a recent and resurgent interest among Cather scholars in addressing her work and her career through the lens of cultural studies One of the volume s primary purposes is to demonstrate the extent to which Cather did participate in her culture and to correct the commonplace view of her as a literary connoisseur set apart from her times The contributors explore both the objects among which Cather lived and the objects that appear in her writings as well as the commercial constraints of the publishing industry in which her art was made and marketed Essays address her relationship to quilts both personally and as symbols in her work her contributions to domestic magazines such as *Home Monthly* and *Woman s Home Companion* the problematic nature of Hollywood productions of her work and her efforts and successes as a businesswoman By establishing the centrality of material matters to her writing these essays contribute to the reclaiming of Cather as a modernist and highlight the significance of material culture in general to the study of American literature **The Land and the Days** Tracy

Daugherty,2022-01-27 In Cotton County the first of the dual memoirs in *The Land and the Days* acclaimed author Tracy Daugherty describes the forces that shape us the rituals of our regions and the family and friends who animate our lives and memories Combining reminiscence history and meditation Daugherty retraces his childhood in Texas and Oklahoma where he first encountered the realities of politics race and class As a child in the early 1960s Daugherty lived with his parents and sister in West Texas And yet from a young age in the author s recounting he was just as much at home in the small town of Walters Oklahoma where his grandparents lived and where he and his family often visited A cattle and oil town just a few miles north of the Red River Walters seemingly belonged to another realm In sensory detail Daugherty evokes the old fashioned atmosphere of his grandparents home the tastes smells and textures fried okra mothballs cotton batting radiators

and ancient typewriters These were things he explains that he experienced only in Oklahoma The Unearthly Archives the second of Daugherty s memoirs expands the realistic accounts of the first narrative providing a meditation on the meaning of grief Daugherty demonstrates his curiosity and indefatigable quest for understanding and closure by examining his life long store of literary readings as well as the music he loves to discover the true value of a life dedicated to art Whereas the first narrative explores daily family life setting up what will be the huge loss of his parents the second examines questions of death grief creativity and the meaning of memory As he mourns the loss of his parents Daugherty reckons with his own mortality and finds himself confronting such fundamental questions as How does individual consciousness develop What can music art and literature teach us about life s experiences And finally Is there a soul The Land and the Days addresses these eternal questions with uncommon honesty and grace

Uncle Valentine and Other Stories Willa Cather,1973-01-01
The seven stories in this volume were written during the ascending and perhaps most triumphant years of Willa Cather s career the period during which she published nine books including My ntonia A Lost Lady and Death Comes for the Archbishop For the most part ironic in tone these stories are as Bernice Slote observes bound by the geometrics of urban life streets and offices workers and firms the business world of New York and Pittsburgh the cities which by 1929 Willa Cather had known well for over thirty years In her introduction Slote discusses their biographical elements connections with earlier and later work and the intricate patterns that lie below the lucid shimmering surface of Willa Cather s prose
