Outdoors West Wildlife Adventure Stories:

Outdoors West Ian Bickle, 1979 Outdoors West Ian Bickle, 1979-01-01 *Canadian Books for Young People/Livres canadiens pour la jeunesse, 3e* Irma McDonough, 1980-12-15 This third completely revised edition contains hundreds of new entries for a total of almost 2 000 children's books and magazines carefully selected and described by a team of children's librarians. Entries are arranged by subject with reading levels indicated where necessary and are also listed in a separate author title index. A list of prize winning Canadian children's books and a basic book list for librarians, teachers and parents are included in this charmingly illustrated volume. Wild Mammals of Wyoming and Yellowstone National Park Steven W. Buskirk, 2016-01-12 *Wild Mammals of Wyoming and Yellowstone National Park* provides the scholar, conservationist and interested lay reader with information on the state's 117 wild mammalian species from grizzly bears to pygmy shrews. It describes the history of mammalogy in Wyoming, the zoogeography of Wyoming mammals and the prehistoric mammals of Wyoming. It also characterizes the habitats of Wyoming mammals and addresses the conservation and management of mammals in the region. Expanding beyond the traditional field guide, Steven W. Buskirk emphasizes taxonomic classification, geographic range and conservation status for mammalian species. Introductory sections are provided for each order and family, and individual species accounts organize a wealth of data ranging from habitat associations to field measurements in an easy to use format. Featuring color species photos, continental and state scale distribution maps and a comprehensive bibliography with nearly 1 000 references, *Wild Mammals of Wyoming and Yellowstone National Park* is an indispensable resource for wildlife and conservation biologists and mammalogists working in this region. In Review; Canadian Books for Children, 1980 **In Review**, 1980 **Canadian Books in Print**, 2001 *Outdoors in the Southwest* Andrew Gulliford, 2014-04-18 More college students than ever are majoring in Outdoor Recreation, Outdoor Education or Adventure Education, but fewer and fewer Americans spend any time in thoughtful, respectful engagement with wilderness. While many young people may think of adrenaline-laced extreme sports as prime outdoor activities, with *Outdoors in the Southwest* Andrew Gulliford seeks to promote appreciation for and discussion of the wild landscapes where those sports are played. Advocating an outdoor ethic based on curiosity, cooperation, humility and ecological literacy, this essay collection features selections by renowned southwestern writers including Terry Tempest Williams, Edward Abbey, Craig Childs and Barbara Kingsolver, as well as scholars, experienced guides and river rats. Essays explain the necessity of nature in the digital age, recount rafting adventures and reflect on the psychological effects of expeditions. True life cautionary tales tell of encounters with nearly disastrous flash floods, 900 foot falls and lightning strikes. The final chapter describes the work of Great Old Broads for Wilderness, the Colorado Fourteeners Initiative and other exemplars of wilderness tithing, giving back to public lands through volunteering, stewardship and eco-advocacy. Addressing the evolution of public land policy, the meaning of wilderness and the importance of environmental protection, this collection serves as an intellectual guidebook not just for

students but for travelers and anyone curious about the changing landscape of the West
