To The Director

Although not used extensively during the Baroque period, the passacaglia like the chaconne found favor due to its potential in developing variations over a particular chord progression. Handel's *Passacaglia in G Minor* has become known to string players for its technical and musical challenges due to Johan Halvorsen's arrangement for violin and viola.

The opening theme is presented in a simpler form than the original, then through a series of new variations made more complex until a rhythmic balance is achieved by matching Handel's 1st variation. From this point onward most of the melodic content of Handel's variations are used but treated with increasing intensity through a variety of scoring and accompaniment techniques.

Several variations warrant special comment:

- Measure 25: play the staccato 8th notes lightly off the string.
- Measure 33: all chords can be played non-divisi but can be divided if necessary.
- Measure 37: a slight break may be desirable before beginning this section to ensure that all players are prepared for the pizzicato.
- Measure 49: the faster tempo is preferable to ensure that the 16th notes that follow can comfortably be played off the string.
- Measure 61: playing bold and aggressive here is essential.
- Measure 69: this section is taken from the original opening measures, be aware of the change to the slower tempo.
