Problem Of Miracle In Primitive Christianity:

The Problem of Miracle in Primitive Christianity Anton Fridrichsen, 1972 **Systematic Theology, Volume 1, Fourth Edition** James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary *Jesus the Miracle Worker* Graham H. Twelftree, 1999-05-25 Graham Twelftree extensively examines the miracles of each Gospel narrative He weighs their historical reliability and considers the question of miracles and the modern mind **Miracle and Mission** James A. Kelhoffer, 2000 The Longer Ending of the Gospel of Mark Mark 16:9-20 was appended to the Gospel of Mark in the first half of the second century James A Kelhoffer explores this passage's distinct witness to the use of gospel traditions and the development of Christian thought Concerning the origin of this passage he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark He studies the passage's sometimes innovative literary forms as well Also of interest is the passage's claim that the ascended Lord will help those who believe to perform miraculous signs casting out demons speaking in new languages picking up snakes drinking poison with impunity and healing the sick when they preach the gospel verses 17-18-20 This expectation is compared with portraits of miracles especially in the context of mission in the New Testament various apocryphal acts and Christian apologists of the second and third centuries In the two final chapters the author interprets the signs of picking up snakes verse 18a and drinking a deadly substance with impunity verse 18b in their history of religions contexts An Epilogue

summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16 9 20

Maidens, Magic and Martyrs in Early Christianity Jan N. Bremmer, 2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher's description

The Miracles in the Gospels Keith Warrington, 2016-01-01 Keith Warrington's book paints a compelling picture of Jesus as miracle worker It shows how miracles functioned as a strategy in his ministry and explains why some miracles are recorded differently in different Gospels In this magisterial study Keith Warrington paints a rounded picture of Jesus as a miracle worker by exploring each of the miracles in the Gospels in their literary and historical setting He demonstrates that while the miracles are historically authentic there are several reasons for their presence in the Gospels other than simply to identify Jesus as a miracle worker They are also intended to function as vehicles of teaching expressing aspects of the mission and person of Jesus providing lessons for his would be disciples and adding theological value for each Gospel's original audience

Ferdinand Christian Baur and the History of Early Christianity Martin Bauspiess, Christof Landmesser, David Lincicum, 2017-02-17 Ferdinand Christian Baur 1792 1860 has been described as the greatest and at the same time the most controversial theologian in German Protestant theology since Schleiermacher The controversy was epitomized by a nineteenth century British critic who wrote that his theory makes of Christianity a thing of purely natural origin calls in question the authenticity of all but a few of the New Testament books and makes the whole collection contain not a harmonious system of divine truth but a confused mass of merely human and contradictory opinions as to the nature of the Christian religion The contributors to this volume however regard Baur as an epoch making New Testament scholar whose methods and conclusions though superseded have been mostly affirmed during the century and a half since his death This collection focuses on the history of early Christianity although as a historian of the church and theology Baur covered the entire field up to own time He combined the most exacting historical research with a theological interpretation of history influenced by Kant Schelling and Hegel The first three chapters discuss Baur's relation to Strauss M hler and Hegel Then a central core of chapters considers his historical and exegetical perspectives Judaism and Hellenism Gnosticism New Testament introduction and theology the Pauline epistles the Synoptic Gospels John the critique of miracle and the combination of absoluteness and relativity The final chapters view his influence by analyzing the reception of Baur in Britain Baur and Harnack and Baur and practical theology This work offers a multi faceted picture of his thinking which will stimulate contemporary discussion

Luke-Acts and Jewish Historiography Samson Uytanlet, 2014-05-14 In this book Samson Uytanlet states his observation that there is an unnecessary disjunction between Luke's theology and literature in previous studies on Luke Acts Luke's theology is typically studied in light of Jewish writings while Luke's literature is studied in relation with Greco Roman works The author shows that there are theological literary and ideological elements that

ancient Greco Roman and Jewish writings share which are also present in Luke s work In areas where they diverge however Luke Acts shows closer affinity to Jewish writings [The Mighty Acts of Jesus according to Matthew Birger](#) Gerhardsson,2016-02-24 As is apparent from the title of this book I am not writing about all the miracles in the Gospel of Matthew but only about the mighty acts which Jesus is said to perform and which his followers perform in his name I do not take up the miracles which happen to him the virgin birth the resurrection the epiphanies of the baptism and transfiguration and the like From the Introduction **Miracles** J. Harold Ellens,2008-07-30 Can science psychology and biology explain miracles This three volume set attempts to answer that question presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology psychiatry theology biology and history We have all heard of what seem miraculous events which have surfaced across history They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted from people who can predict unexpected events to so called mediums and those who can allegedly see and speak with the dead These books led by an eminent scholar who serves as series editor for the Praeger series Psychology Religion and Spirituality examine miracles of body mind and spirit presenting the most recent research and writing on these uncommon events aiming to bring hard science to some of the most persistent and peculiar phenomena associated with the human race Can science psychology and biology explain miracles This three volume set attempts to answer that question presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology psychiatry theology biology and history From news of a crippled woman who left her wheelchair and walked after an evangelist prayed over her to stories of people who died on the operating table only to be revived to tell of bright lights and the pathway to the afterlife we ve all heard of what seem miraculous events They have surfaced across history They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted from people who can predict unexpected events to so called mediums and those who can allegedly see and speak with the dead Some miracles are intricately tied to religious beliefs but there are millions of people who ascribe to no particular religion yet still believe that things happen that defy all laws of nature and thus defy scientific explanation In these books eminent scholar J Harold Ellens and his team of expert contributors examine miracles of body mind and spirit presenting the most recent research and writing on these uncommon events as they aim to bring hard science to some of the most persistent and peculiar phenomena associated with the human race *The Beginning of the Gospel* Adela Yarbro Collins,2001-09-24 Much exciting work remains to be done from perspectives of the history of religions and tradition history Collins s assessment of Mark in its historical context sheds light on important literary and historical issues Both scholars and students of the Bible will appreciate this informative and clearly written work *David Hume and the Miracles Controversy, 1749-1800* Laurence Michael Dorman,1973 **Healing, Weakness, and Power** Audrey Dawson,2008-12-01 Healing by Jesus and the apostles is not a popular subject for biblical

studies today but the importance of healing in the first century eastern Roman Empire was enormous In the New Testament writings of Mark Luke and Paul we find considerable variation in their use of divine healing With respect to Jesus healing Mark and Luke both emphasize it but differ in their representation of its purpose and source Also Mark s accounts of Jesus healing combine with his overall description in the Gospel to underline his theological view a theologia crucis while Luke depicts healing as showing primarily the glory of God although a theologia crucis is also present and he presents the theological aspect of Jesus healing within each healing narrative Healing in the early church is then compared in Acts and Paul s undisputed letters Luke continues to emphasize the power and evidential value of healing in spreading the gospel Paul instead emphasizes the essence of Jesus ministry love and compassion and underplays healing both by himself and by members of the churches he planted The main reason for this seems to be because of his thorn in the flesh his physical weakness demonstrates that the gospel truth shines only because of Christ s influence Paul s illness probably also sensitizes him to the risk of healing becoming a power which could compromise a fellowship based on love and equality Finally the legacy of Jesus healing is considered briefly over the subsequent few centuries

Jesus' Exposition of the Old Testament in Luke's Gospel Charles Kimball,1994-03-01 This work presents an inductive exegetical analysis of Jesus exegetical methods and expositions in Luke s Gospel in light of first century Jewish exegetical methods via an examination of the eight Lukan pericopes in which Jesus expounds explicit Old Testament quotations This study offers the following conclusions In Luke s Gospel Jesus expounded Scripture as the basis for understanding his person and ministry teaching his followers and inquirers and debating his religious opponents He employed many of the exegetical methods of ancient Judaism Yet he frequently offered interpretations of Scripture that were radically different from other Jewish teachers because of his superior understanding of Scripture and his application of Scripture to himself In turn he influenced the early church s biblical expositions in considerable measure Jesus expounded Scripture for Christological and doctrinal lessons In his Christological expositions he made an eschatological application of certain biblical texts to himself claiming to be the fulfillment of Old testament messianic prophecies In his doctrinal expositions he corrected traditional Jewish interpretation claiming a superior exegesis of Scripture The Christological expositions employed peshar fulfillment motifs and several midrashic techniques to show that the

Pagan Rome and the Early Christians Stephen Benko,1986-07-22 In the early Roman empire Christians were seen by pagans as overthrowers of ancient gods and destroyers of the prevailing social order Allegations that Christians recognized each other by secret marks met at night and made love to one another indiscriminately worshipped the head of an ass and the genitals of their high priests and ate children were widely believed In examining these charges and the Christian response to them Benko has provided a persuasively argued and refreshing if controversial perspective on the confrontation of the pagan and early Christian worlds book cover

Christ the Miracle Worker in Early Christian Art Lee M. Jefferson, 2014-01-01 Artistic representations were of significant value to early Christian communities In Christ the Miracle Worker in Early Christian Art Lee Jefferson argues that images provided visual representations of vital religious and theological truths crucial to the faithful and projected concepts beyond the limitations of the written and spoken word Images of Christ performing miracles or healings functioned as advertisements for Christianity and illustrated the nature of Christ Using these images of Christ Jefferson examines the power of art its role in fostering devotion and the deep connection between art and its elucidation of pivotal theological claims
