Scott Fitzgerald on Silent Film Martina Mastandrea, 2022-08-15 F Scott Fitzgerald on Silent Film recalibrates the celebrated author's early career and brings fresh understanding to the life of one of America's truly great literary figures Scholars have previously focused on Fitzgerald's connection with Hollywood when he worked in Tinseltown as a screenwriter in the 1930s However this ground breaking research reveals the key role that Silent Hollywood played in establishing Fitzgerald's burgeoning reputation in the early to mid 1920s Vividly written and drawing on a wealth of new sources this book documents Martina Mastandrea's exciting discovery of the first film ever adapted from a work by Fitzgerald Cosmopolis Howard Mansfield, 2017-09-25 The twentieth century saw a grand procession of promises for the city The great modern architect Le Corbusier dictated cities of glittering white towers planted in green parks Frank Lloyd proposed cities with no downtown cities spread across the countryside with each family on its homestead and skyscraper utopians of the 1920s promised paradise on the one hundredth floor with our airplane hangared next door One thing was sure the city of tomorrow would put to shame the city of yesterday Another thing was certain too we would be happier more peaceful and productive people Here is Le Corbusier Free man tends to geometry And if we followed the radiant harmony of his geometry the world's cities could become irresistible forces stimulating collective enthusiasm collective action and general joy and pride and inconsequence individual happiness everywhere the modern world would emerge and would beam around powerful happy believing There were others who promised deliverance through their brands of architecture the right angle the curvilinear road in the park the tower of glass Each fervently preached that his was the magic geometry that like tumblers on a lock would open the way to the good life *Cosmopolis* is a pattern book of expectations generously illustrated with a gathering of plans from the City Beautiful to the Italian Futurists The Cit Industrielle World's Fair utopias science fiction visions and the grand plans of the Moderns *Cosmopolis* is the story of the ideal city we never achieved and the great plans that went into making over precincts of our urban language **The Drama**, 1919 *Beast* C. M. Kushins, 2021-09-07 A compelling narrative biography of the legendary drummer John Bonham his wild ride with iconic rock band Led Zeppelin and the highs and lows that made up his wild and tragically short life John Bonham is considered by many to be one of the greatest drummers of all time He was recruited to join the band who would eventually become known as Led Zeppelin and before the year was out Bonham and his bandmates would become the richest rock band in the world Throughout the 1970s Led Zeppelin reached new heights of

commercial and critical success making them one of the most influential groups of the era both in musical style and in their approach towards the workings of the entertainment industry In September of 1980 Bonham plagued by alcoholism anxiety and the after effects of years of excess was found dead by his bandmates As Adam Budofsky managing editor of Modern Drummer explains If the king of rock n roll was Elvis Presley then the king of rock drumming was certainly John Bonham
