Radical Ideas And The Schools:

Radical Ideas and the Schools Jack L. Nelson, Kenneth Carlson, Thomas E. Linton, 1972-01-01 Thinking in School and Society Francis Schrag, 2016-10-04 In this book first published in 1988 the author integrates relevant ideas from philosophy psychology sociology economics and political science to provide a comprehensive analysis of the problem of education for thinking Professor Schrag takes account of the classroom as well as the larger society and includes practical recommendations for creating new settings designed to enhance students thoughtfulness *Thinking About Schools* Aimee Howley, Craig Howley, 2012-11-12 As its title implies this book has a deceptively simple mission to prepare would be school leaders to draw upon a variety of theoretical perspectives when thinking about schools and schooling It shows how theories can function as cognitive tools to be mastered carefully stored in one s intellectual toolbox and used to interpret and resolve real world problems Beneath this goal lies the belief that the most effective leaders are those who are able to construct their own well grounded interpretations of events and their own responses to those events Key features of this exciting new text include the following Focus on Alternative Theories The functionalist theoretical views that have dominated administrator preparation programs for the last half century are reviewed early in the book and are shown to be inadequate to the task of understanding and coping with the complex realities of modern day schooling The remainder of the book presents alternative views of schooling that taken together can be thought of as a theoretical repertoire from which to construct interpretations and solutions to everyday real world problems Focus on Diversity Diversity is examined from a variety of viewpoints Chapter 6 looks at the cultural bases of leadership Chapter 7 at comparative and international contexts and Chapter 8 at gender and sexual orientation Illustrative Cases Each chapter contains a case with an embedded dilemma similar to those that real world administrators confront While illustrating the particular theoretical view presented in the chapter these cases are sufficiently complex that they lend themselves to interpretation by any of the other theories considered in the book This book is appropriate for graduate level courses with titles such as Organizational Theory Theory of School Leadership or Introduction to Educational Administration It might also be used as one of several texts in advanced courses on leadership theory

Competing Schools of Economic Thought Lefteris Tsoulfidis, 2024-08-01 This book presents a comprehensive overview of the development of various schools of economic thought Written for students of economics and anyone interested in the history of economics it introduces the economic thinking of major economists including Adam Smith David Ricardo Karl Marx and John Maynard Keynes and explains how classical economics and modern schools of economic thought evolved also in relation to the social conditions and real economic problems they were trying to address It covers topics such as the evolution of classical economics the marginal revolution the theory of capital and the Cambridge controversies Keynes s General Theory the neoclassical synthesis and the history of macroeconomics The author also reflects on the contemporary influence of various schools of economic thought and what answers they offer to present day problems The second edition is

completely updated and offers two new chapters one on the methodology of economics and another on economic growth The final chapter presents and critically evaluates developments in macroeconomics in the years after the Great Recession

John Holt Roland Meighan,2014-10-23 John Holt the American educator was passionate about the need for alternatives to traditional institutional schooling seeing schools as often hindering children from learning rather than helping them he became an important proponent of homeschooling or unschooling was a pioneer in youth rights theory and had a profound influence on school reform in particular and educational philosophy in general Here Roland Meighan challenges the often held notion that Holt s work was romantic and impractical within the context of compulsory schooling He brings together the work and thinking of John Holt into applicable theory for education students enabling readers to appreciate the view that individuals outside the education system can influence and change what is happening within it

Architecture of Schools: The New Learning Environments Mark Dudek,2012-09-10 This is the standard design guide on schools architecture providing vital information on school architecture Mark Dudek views school building design as a particularly specialised field encompassing ever changing educational theories the subtle spatial and psychological requirements of growing children and practical issues that are unique to these types of building He explores the functional requirements of individual spaces such as classrooms and shows how their incorporation within a single institution area are a defining characteristic of the effective educational environment Acoustics impact damage the functional differentiation of spaces such as classrooms music rooms craft activities and gymnasium within a single institution are all dealt with More esoteric factors such as the effects on behaviour of colour light surface texture and imagery are considered in addition to the more practical aspects of designing for comfort and health Chapter 4 comprises 20 case studies which address those issues important in the creation of modern school settings They are state of the art examples from all parts of the world These examples include Pokstown Down Primary Bournemouth Haute Vallee School Jersey Heinz Galinski School Berlin Anne Frank School Papendract Netherlands Seabird Island School British Columbia and The Little Village Academy Chicago

Reclaiming Radical Ideas in Schools Andrew Moffat,2017-12-01 Reclaiming Radical Ideas in Schools provides support for every primary school in the provision of Spiritual Moral Social and Cultural Development SMSC the teaching of British values and preparation for life in modern Britain Providing practical and tried and tested strategies this resource will help primary schools work together to create an inclusive environment that focuses on reducing radicalisation and radical ideas It will support schools in creating an ethos for young children where their questions about the world are explored and answered without fear or discrimination Moffat is the author of No Outsiders in Our School Teaching the Equality Act in Primary Schools which provides teachers with a curriculum that promotes equality for all sections of the community Using the No Outsiders model as a foundation this new book complements it by putting emphasis on engaging parent communities in the school ethos The resource includes 13 lesson plans to deliver with children and their parents in school based workshops with homework activities to follow Each

lesson is based around a picture book and includes fun activities alongside discussion of issues on individual differences including race gender and sexuality The resource also provides guidance on how to deliver assemblies that support the No Outsiders ethos and how to approach discussing terrorism with children This is an invaluable resource for anyone working in a primary school setting as well as trainee teachers ITT providers and educational advisors The aim is to extend the successful No Outsiders ethos beyond the school gates to the community to ensure that we are working together to develop a safe and cohesive British society *Free Schools, Free People* Ron Miller,2002-07-17 The first historical account of the free school movement of the 1960s Creating Spaniards Sandie Eleanor Holguin,2002 Creating Spaniards is a cultural and intellectual history that explains the intersection of politics and culture and the formation of a national identity during Spain s Second Republic and Civil War It counters recent scholarship claiming that leaders of the Second Republic had no programs for inventing traditions to encourage a Spanish national identity Focusing on the Second Republic 1931 1936 Sandie Holgu n illustrates how various intellectuals and politicians of the Republican Socialist coalition used theater literature and film to aid the construction of a unified Spanish culture and history She uses memoirs journals newspapers parliamentary debates and archival sources in her examination of the impact that cultural reforms had on the transformation of one of Europe s oldest states *The Challenge For the Comprehensive School* David Hargreaves,2012-05-04 By 1982 the ambitious claims made for newly established comprehensive schools were being put to the test How effectively does the comprehensive meet the needs of all young people Do urban working class students enjoy more success than in the secondary modern schools Are they more engaged in their learning with higher self esteem This volume discusses these questions and examines issues of social mobility and cohesion curriculum the balance between academic and vocational education the place of exams in the educational system and the influence of independent schools The author asks whether a more decentralised system of self governing schools improve the education service a timely question which along with the other issues examined is as relevant and challenging today as when the book was originally published in 1982 Peasant Protest and Social Change in Colonial Korea Gi-Wook Shin,2014-06-01 The period from 1876 to 1946 in Korea marked a turbulent time when the country opened its market to foreign powers became subject to Japanese colonialism and was swept into agricultural commercialization industrialization and eventually postcolonial revolutionary movements Gi Wook Shin examines how peasants responded to these events and to their own economic and political circumstances with protests that shaped the course of postwar revolution in the north and reform in the south Utilizing interviews documentary research and statistical analysis Shin analyzes variation in peasant activism and its historical political and socioeconomic roots and offers a major revisionist interpretation The study contributes to an understanding of Korea s rural political economy during the colonial era Japanese agricultural policy and the historical legacy of colonialism for post war social and political change in Korea Society, Schools and Progress in the West Indies John J. Social Contexts of Radicalization and Violent Extremism in the MENA and Balkans Corinne Torrekens, Tasnim Chirchi, Lurdes Vidal Bertran, 2025-04-29 This volume is a multilevel and multidisciplinary study of radicalization in the Balkans and MENA regions It takes a dynamic approach embracing the complexity of the social political and economic contexts under study Moving away from unidimensional and security centred research on the topic each chapter adopts a participatory and inclusive perspective engaging communities youth and women as significant stakeholders in building a better understanding of the dynamics of the radicalization of youth in these regions The multiple case studies presented here cover several macro drivers of radicalization to reveal the interactions and interrelations of individuals with meso institutions and backgrounds such as family neighbourhood school peer groups religious and ethnic communities political parties etc Consequently the volume addresses several gaps in the literature regarding radicalization and violent extremism it is based on firm empirical evidence it allows for comparisons between social contexts in one specific country and between countries sharing macro similarities but also differences it proposes a fruitful dialogue and collaborations between academics researchers and civil society experts and finally it offers decentralized perspectives on extremism in the West This volume is

an important addition to a topic that is of interest to researchers across the social sciences and to think tanks and policy makers working on in these regions **Sanctuary School** Chandler Patton Miranda,2025-07-28 A compassionate examination of a topic of urgent concern in US education **Chinese History and Culture** Ying-shih Yü,2016-09-27 The recipient of the Kluge Prize for lifetime achievement in the humanities and the Tang Prize for revolutionary research in Sinology Ying shih Y is a premier scholar of Chinese studies Chinese History and Culture volumes 1 and 2 bring his extraordinary oeuvre to English speaking readers Spanning two thousand years of social intellectual and political change the essays in these volumes investigate two central questions through all aspects of Chinese life what core values sustained this ancient civilization through centuries of upheaval and in what ways did these values survive in modern times From Ying shih Y s perspective the Dao or the Way constitutes the inner core of Chinese civilization His work explores the unique dynamics between Chinese intellectuals discourse on the Dao or moral principles for a symbolized ideal world order and their criticism of contemporary reality throughout Chinese history Volume 2 of Chinese History and Culture completes Ying shih Y s systematic reconstruction and exploration of Chinese thought over two millennia and its impact on Chinese identity Essays address the rise of Qing Confucianism the development of the Dai Zhen and Zhu Xi traditions and the response of the historian Zhang Xuecheng to the Dai Zhen approach They take stock of the thematic importance of Cao Xueqin s eighteenth century masterpiece Honglou meng Dream of the Red Chamber and the influence of Sun Yat sen s Three Principles of the People as well as the radicalization of China in the twentieth century and the fundamental upheavals of modernization and revolution Ying shih Y also discusses the decline of elite culture in modern China the relationships among democracy human rights and Confucianism and changing conceptions of national history He reflects on the Chinese approach to history in general and the larger political and cultural function of chronological biographies By situating China s modern encounter with the West in a wider historical frame this second volume of Chinese History and Culture clarifies its more curious turns and contemplates the importance of a renewed interest in the traditional Chinese values recognizing common humanity and human dignity **On the Battlefield of Merit** Daniel R. Coquillette,Bruce A. Kimball,2015-10-23 Harvard Law School pioneered educational ideas including professional legal education within a university Socratic questioning and case analysis and the admission and training of students based on academic merit On the Battlefield of Merit offers a candid account of a unique legal institution during its first century of influence **Liberalism, Human Values and Schools as Microcosms of Society** Martin Cohen,2025-03-31 This seminal volume provides an accessible overview of key ethical and philosophical debates surrounding contemporary education policy advocating for a future in education that is primarily driven by prioritising social values Grounded in the educational ideas of recent British liberal and philosophical thinkers including Roger Scruton Mary Midgley and Brenda Almond in particular the book provides a deeper understanding of the importance of intellectual and moral freedom as it plays out in today s schools The book echoes Almond s call for education to be viewed

through the lens of social values and argues for a broader societal strategy to the philosophy of education than narrowly utilitarian attempts to prepare pupils for the labour market Chapters present various debates in society that relate to liberalism social values and utilitarianism and ultimately encourage dialogue on the approach towards education that is necessary to create a socially adjusted thoughtful and genuinely knowledgeable society of the future By encouraging readers to think about the requirements of the schools of tomorrow along with their role in shaping both individual lives and society itself this book will be of interest to scholars postgraduate students and researchers in the fields of philosophy of education education studies and moral and value education Those interested in the sociology of education and citizenship studies more broadly will also benefit from the volume

Security in the Persian Gulf Region Fatemeh Shayan, 2017-01-09 This book examines changes in the Persian Gulf security complex following the United States US invasion of Iraq in 2003 focusing on threats to the collective identities of two religious sects Shia and Sunni Although there is a growing body of literature examining security in the Persian Gulf little focus has been given to the theoretical and methodological aspects of the problem In this volume Shayan analyses the causes behind the security changes which occurred in the region since 2003 and demonstrates how regional security dynamics are interlinked to perceived sectarian threats on the Shia and Sunni religious identities This text is essential reading for political scientists policy makers and scholars of international relations
