decisions always better when we strive to be impartial and unbiased Why should we value objectivity and is it achievable anyway These are a few of the thought provoking questions Guy Axtell asks in this comprehensive new text book employing examples from the natural and social sciences as well as philosophy This unique introduction surveys the key issues in a clear and concise way assessing the nature of objectivity and value of the demand to be impartial decision makers Moving beyond the fundamentals Axtell explores contemporary feminist and social epistemological attempts to reconstruct the concept of objectivity explains the implications of the so called science wars for philosophy and the analytical method and the ethical consequences of these debates Objectivity is an excellent introduction to one of the most exciting areas of study in philosophy and science today Students and scholars alike will value this balanced guide to a hotly contested and vitally important topic

Memory of the West Reyes Mate, 2022-02-22 This book looks back in order to look forward It is a sustained reflection on the great disillusion Europe experienced after World War I Europeans understood that bombs had buried the Enlightenment They knew that to avoid catastrophe they had to think anew The catastrophe came but Cohen Benjamin Kafka and Rosenzweig had sounded the warning Global Tourism and COVID-19 Alan A. Lew, Joseph M. Cheer, Patrick Brouder, Mary Mostafanezhad, 2021-11-30 This comprehensive book focuses on how the COVID 19 pandemic is transforming travel and tourism globally Despite the devastation caused by COVID 19 authors argue that within the ongoing crisis there is also an opportunity to positively transform the tourism sector in ways that contribute to a more hopeful future for tourism practitioners tourists and host communities As the world emerges from the shadow of COVID 19 there will not be a return to the normal Rather the volume shares a vision of global transformation that is driven at least in part by the changing ways people in the post COVID 19 era may travel and encounter each other and their environments Individual chapters explore topics such as regenerative economies transformational travel critical perspectives on pandemics and tourism sustainable development and resilience post COVID 19 re discovering and re localising tourism global im mobilities transforming tourism management as well as new value systems for travel and tourism including the chance to strengthen social equity and social justice as tourism returns after COVID 19 In this edited volume a series of senior and emerging scholars engage with debates on how to best contribute to more substantial meaningful and positive planetary shifts within the tourism industry The chapters in this book were originally published as a special issue of the journal Tourism Geographies The Bloomsbury Companion to Contemporary Philosophy of Medicine James A. Marcum, 2016-12-15 A definitive and authoritative quide to a vibrant and growing discipline in current philosophy The Bloomsbury Companion to Contemporary Philosophy of Medicine presents an overview of the issues facing contemporary philosophy of medicine the research methods required to understand them and a trajectory for the discipline s future Written by world leaders in the discipline this companion addresses the ontological epistemic and methodological challenges facing philosophers of medicine today from the debate between evidence based and person centered medicine medical humanism and gender medicine to traditional issues such as

disease health and clinical reasoning and decision making Practical and forward looking it also includes a detailed guide to research sources a glossary of key terms and an annotated bibliography as well as an introductory survey of research methods and discussion of new research directions emerging in response to the rapid changes in modern medicine Philosophy needs medicine Hillel Braude argues to become more relevant By showing how modern medicine provides philosophers with a rich source of material for investigating issues facing contemporary society The Bloomsbury Companion to Contemporary Philosophy of Medicine introduces the opportunities medicine offers philosophers together with the resources and skills required to contribute to contemporary debates and discussions Civil Society in Southeast Europe Dane R. Gordon, David C. Durst, 2004 Since the fall of communism in 1989 Southeast Europe has been a site of far reaching societal transformation much of it marked by political crisis economic upheaval ethnic tension and bitter war The book comprises articles investigating the history and development of civil society in post communist Southeast Europe How is civil society to be grasped what are the historical factors shaping the civil societies of the region what is the function of civil society in the transition to democracy and a market economy and what are the prospects for the future development of the civil societies of the region in an age of globalization these are just a few of the major questions addressed in this collection of articles Many of the authors are social scientists philosophers and activists from the region offering first hand critical analysis of the state of civil society in Southeast Europe Teaching Tourism Edelheim, Johan, Joppe, Marion, Flaherty, Joan, 2022-02-22 Tourism as an activity is increasingly being criticised for its exploitative and extractive industrial approaches to business Yet it has the power to transform and to regenerate societies cultures and the environment The desire to explore the world around us is deeply embedded in many people's psyche but it comes at a cost to the environment and often to the residents of the visited communities Much of tourism education has been closely linked to preparing students for future professional practice but the challenges and opportunities linked to its consumption require that its future leaders must exhibit very different values and understandings to tackle ever more complex and wicked problems from which tourism cannot dissociate itself This compilation of values based learning experiences can be adapted to suit the needs and disposition of individual instructors and aims not only to engage students in the subject matter but also deepen their understanding of its complexity and interconnectivity and help them become global citizens that lead lives of consequence

Criminology Andrew Millie,2016-09-21 Philosophical criminology asks big questions about how we get on with one another and what happens when we do not This accessible book in the New Horizons in Criminology series is the first to foreground this growing area The book is structured around six philosophical ideas concerning our relations with others values morality aesthetics order rules and respect Building on the author's theoretical and empirical research the book considers the boundaries of criminology and the scope for greater exchange between criminology and philosophy The book is illustrated
