Radical Criminology The Coming Crises:

Radical Criminology James A. Inciardi, 1980-07 each chapter in this anthology clearly is excellent a reading of Radical Criminology The Coming Crises should be high on the agenda of almost any criminologist The Social Science Journal Vol 20 No 2 April 1983 *Radical Criminology* James A. Inciardi, each chapter in this anthology clearly is excellent a reading of Radical Criminology The Coming Crises should be high on the agenda of almost any criminologist The Social Science Journal Vol 20 No 2 April 1983 *Radical Criminology* Michael J. Lynch, 1997 This text contains a variety of works that represent the radical tradition within criminology and criminal justice The essays provide some background into radical assumptions feature contemporary advances include empirical examinations and illustrate substantive issues *The New Primer in Radical Criminology* Michael J. Lynch, Raymond J. Michalowski, W. Byron Groves, 2000 The third edition of this text defines radical criminology as a way of doing criminology that frames the problem of crime in terms of class race gender culture and history Whereas the preceding edition published in 1989 viewed social class as the central focus of radical criminology over the past decade the scope of radical criminology has expanded to include race gender culture history post modernism and left realism among other movements **Handbook of Critical Criminology** Walter S. DeKeseredy, Molly Dragiewicz, 2011-10-27 This collection of essays offers students faculty policy makers and others an in depth overview of the most up to date empirical theoretical and political contributions made by critical criminologists *A Primer in Radical Criminology* Michael J. Lynch, W. Byron Groves, 1986 The contents of this book include the Marxist theories on state and law the radical concept of crime incipient radicalism conflict and labeling approaches the causes of crime a radical view traditional contributions to radical criminology the radical perspective on policing the American court system a justice model a critical interpretation of punishment and corrections and the policy implications of the radical position *Radical and Marxist Theories of Crime* Paul B. Stretesky, 2017-03-02 The essays selected for this volume show how radical and Marxist criminology has established itself as an influential critique since it emerged in the late 1960s Unlike orthodox criminology which emphasizes individual level explanations of criminal behavior radical and Marxist criminology emphasizes power inequality and structures especially those related to class as key factors in crime law and justice This collection of essays draws attention to the way in which structural forces shape and influence both individual and institutional for example governmental behavior highlights neglected crime corporate governmental state corporate and environmental which causes more extensive damage than the street crimes examined by orthodox criminology and discusses the ways in which law and criminal justice processes reinforce power structures and contribute to class control *Realist Criminology* John Lowman, Brian MacLean, 1992-01-01 In the 1980s in Britain a new school of critical criminology arose to challenge the political and philosophical idealism that characterized its critical predecessors and to offer an alternative to the crime control policies of the New Right Arguing that by overemphasizing the crimes of the powerful much of critical criminology had

virtually ignored the impact of street crime on its victims a left realism emerged to reassert the centrality of the victim in the development of a progressive criminology Critical realism recognizes the seriousness of street crime for those people victimized by it particularly women acknowledges that a consensus as to the desirability of a core group of laws does exist and advocates various kinds of criminal justice reform and crime prevention strategies In this respect there are important parallels with debates in feminism concerning the role of the state in the problem of violence against women One of the most important contributions critical realism has made to criminological research is the development of local crime surveys which attempt to measure patterns of victimization and policing and how these are perceived by the general public Such research remains largely undeveloped in North America and it is the purpose of this book to begin to take stock of these developments and examine their relevance for North America This is the first text to include a critical examination of left realism examine its relationship to feminism and comment on its relevance outside Britain *Criminology: Past, Present and Future* Ezzat A. Fattah, 1997-10-13 Written by an internationally renowned authority in the field the founder of the highly regarded School of Criminology at Simon Fraser University the book draws heavily on research done on three Continents North America Europe and Australia to trace the discipline's historical evolution its current problems disappointing achievements and promising trends It concludes with a prospective look at the future of criminology and criminology of the future Although the perspective is critical the author's critique is constructive and he expresses a healthy optimism about the discipline's future and offers several guidelines as to how current deficiencies could be remedied and present gaps could be addressed

Regulating Fraud (Routledge Revivals) Michael Levi,2013-11-26 First published in 1987 this book discusses white collar or commercial crime which has grown to be a major issue in our society today Looking at research from North America and Britain the book explores the way fraudsters are

treated. It draws on various disciplines including Economics, Law, Politics, and Sociology in order to show the frequency and impact of different types of fraud. In this book, Dr. Levi introduces the reader to the key areas of debate: What pressures influence the law on fraud? How do state agencies, self-regulatory bodies, or other professionals police fraud? To what extent are money laundering and international organized crime breaking down the distinction between policing of the underworld and the upperworld? Dr. Levi concludes with an analysis of national and international policy trends in relation to fraud. This book will be of interest to students of criminology, politics, and the sociology of law, as well as to practicing lawyers and other professionals in the business sector.

21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06

Criminology has experienced tremendous growth over the last few decades, evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U.S. and internationally. Evolutionary paradigmatic shift has accompanied this surge in definitional, disciplinary, and pragmatic terms. Though long identified as a leading sociological specialty area, criminology has emerged as a stand-alone discipline in its own right, one that continues to grow and is clearly here to stay. Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields. Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations and perspectives on the causes, effects, and responses to crime.

21st Century Criminology: A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths. The individual chapters have been designed to serve as a first look reference source for most criminological inquiries. Both connected to the sociological origins of criminology, i.e., theory and research methods, and the justice system's response to crime and related social problems, as well as coverage of major crime types, this two-volume set offers a comprehensive overview of the current state of criminology. From student term papers and masters theses to researchers commencing literature reviews, *21st Century Criminology* is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology. This two-volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon, detail, or density as a journal article or research handbook chapter. 100 entries or mini-chapters highlight the most important topics, issues, questions, and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century. Curricular-driven chapters provide students with initial footholds on topics of interest in researching term papers, in preparing for GREs, in consulting to determine directions to take in pursuing a senior thesis, graduate degree, career, etc. Comprehensive in coverage, major sections include: The Discipline of Criminology; Correlates of Crime; Theories of Crime; Justice Measurement Research; Types of Crime and Crime; the Justice System. The contributor group is comprised of well

known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be

The Politics of Redress Willem De Haan, 2023-03-08 First published in 1990 The Politics of Redress is a product of and commentary on significant developments in critical criminology It shifts the emphasis from the criminologist as a police agent to a fighter for social justice The author focuses on the role of punishment in society in general and in criminology in particular urging the reader to reimagine the concept of punishment especially penal punishment The arguments addressed in this book range from a comparative analysis of penal policies in various countries to philosophical debates about whether punishment is compatible with a just social order With the Black Lives Matter movement the topic of prison abolition has once again gripped society's conscience making this text a vital read for students of law criminology sociology philosophy and history

Handbook of Crime Correlates Lee Ellis, David P. Farrington, Anthony W. Hoskin, 2019-06-04 The Handbook of Crime Correlates Second Edition summarizes more than a century of worldwide research on traits and social conditions associated with criminality and antisocial behavior Findings are provided in tabular form enabling readers to determine at a glance the nature of each association Within each table results are listed by country type of crime or other forms of antisocial behavior and whether each variable is positively negatively or insignificantly associated with offending behavior Criminal behavior is broken down according to major categories including violent crime property crime drug offenses sex offenses delinquency and recidivism This book provides a resource for practitioners and academics who are interested in criminal and antisocial behavior It is relevant to the fields of criminology criminal justice sociology and psychology No other publication provides as much information about how a wide range of variables e.g. gender religion personality traits weapons access alcohol and drug use social status geography and seasonality correlate with offending behavior Includes 600 tables regarding variables related to criminal behavior Consolidates 100 years of academic research on criminal behavior Findings are identified by country and world regions for easy comparison Lists criminal related behaviors according to major categories Identifies universal crime correlates

Trials of Labour Brian E. Burtch, 1994 Brian Burtch looks at contemporary midwifery practice in Canada and the role of the state in shaping and defining that practice He examines the qualifications of midwives and discusses their legal status the legacy of competition between nurses and midwives and the impact of legal actions concerning midwifery practice He emphasizes the pivotal role of the state in supporting midwifery and discusses the difficulties created by increasing interest in midwifery among expectant women and the social forces that inhibit the establishment of a self governing midwifery profession
